The online *College Catalog* provides the programs of study and course descriptions available through Navarro College. It includes information about admission to the College, enrollment, degrees and certificates and academic policies. Although this catalog was prepared on the basis of the best information available at the time of publication, all information, including statements of tuition and fees, course offerings, and admission and graduation requirements, is subject to change without notice or obligation. This catalog does not constitute a contract between Navarro College and the student.

LETTER FROM THE DISTRICT PRESIDENT

Dear Bulldogs,
Welcome! We are proud that you have chosen Navarro College to be a part of your educational journey to prepare yourself personally and professionally for success. Our nationally recognized professionals and programs provide structure, support, and an outstanding education that empowers individuals to change their lives as they prepare for a career. Navarro College offers an array of educational pathways designed to provide you with the skills, knowledge, and learning experiences to successfully achieve your educational aspirations and prepare for the world of work. As a customer-focused institution dedicated to our values of integrity, diversity, innovation, student-centeredness, and accountability, our staff are team-oriented and sincerely committed toward your student experience! Navarro College is a place where people of all ages and from all backgrounds and cultures meet to participate in one of the most satisfying and enhancing learning experiences available in Texas.
We look forward to serving you! Navarro College offers a unique opportunity, and we invite you to engage with us on a daily basis to create your memorable and lasting opportunities.
As we pursue our vision to be nationally recognized with a commitment toward your success, we are investing in you, our people, and our resources to achieve these outcomes. With that in mind, we are so glad that you choose to be a part of that vision!
With Bulldog Pride,
Dr. Kevin G. Fegan
District President

HISTORY OF THE COLLEGE

In the spring of 1946, a group of local citizens met to form a steering committee for the purpose of establishing a junior college in Navarro County. In a general election held July 16, 1946, voters approved the creation of Navarro Junior College and authorized a county tax to help finance the institution. In that same election, voters chose a seven-member board of trustees to govern the college. The first students began classes in September, 1946. Most of the 238 members of that first student body were returning veterans from World War II taking advantage of assistance available under the newly enacted GI Bill. The first campus of Navarro College was the site of the Air Activities of Texas, a World War II primary flight school located six miles south of Corsicana.

In 1951, the campus was moved to its present location, a 47-acre tract west of downtown Corsicana on State Highway 31. The campus has expanded to 103 acres with 19 academic buildings and 24 dormitories. In 1954, Navarro was accredited by the Southern Association of Colleges and Schools. The accreditation was reaffirmed in 1964, 1974, 1985, 1995, 2006, and again in 2016.

In 1974, the college broadened its philosophy and purpose to encompass the comprehensive community-based educational concept, adding occupational education programs and implementing new education concepts including individualized and self-paced instruction and the use of audio-tutorial instructional media. In keeping with the new educational role, the word "junior" was dropped from the institution's name, and the official name Navarro College was adopted by the Board of Trustees. In an attempt to address the growing needs of its service area, which consists of Navarro, Ellis, Freestone, Limestone, and Leon counties, the college began offering courses in various locations in those areas in the early 1970s and eventually established two permanent centers, Navarro College South at Mexia and the Ellis County Center at Waxahachie. In January, 2006, a new campus in Midlothian opened to better serve students in that area.

Navarro College has had seven presidents: Mr. Ray Waller, the founding president served until his death in 1956; Dr. Ben W. Jones served from 1956 until 1973; Dr. Kenneth P. Walker served from 1974 until 1988; Dr. Gerald E. Burson served from 1989 until his retirement in January 1998; Dr. Richard Sanchez served from 1998 until his first retirement in 2013 and returned again from 2016 - 2018; Dr. Barbara Kavalier served from 2013 until 2016; and Dr. Kevin G. Fegan is the current District President and began his service in September 2018.

MISSION, VISION AND VALUES

Mission

Navarro College provides educational opportunities that empower students to achieve their personal, academic, and career goals and that promote life-long learning for all communities served.

Vision

Navarro College will be nationally recognized as a higher education institution committed to providing innovative career pathways and student-centered learning opportunities that result in students capable of succeeding in local and global communities.

Values

Integrity: actively building open relationships with students, employees, local business, and local communities. Serving all people we touch with a strong sense of ethics and personal and organizational responsibility.

Diversity: fostering acceptance, multi-dimensional thinking, and respect and understanding the different experiences of all people. We know we are stronger for who we are together—as a college, as a community, as a culture, as part of a global village.

Innovation: leadership invested in guiding and embracing change, seeking creative ways to tackle educational challenges. We encourage students and employees to be agents for change, championing new ideas informed by personal reflection, trends in education, and changes in local and global community.

Student Centeredness: placing students at the heart of all we do, with an emphasis not only on excellence and learning, but, also, with a profound appreciation of personal, familial, economic, and civic responsibilities impacting our students and communities.

Accountability: honoring commitments to students, educational partners, workforce partners, and the communities we serve. We intentionally foster respect, citizenship, civic responsibility, and humanitarianism as both individuals and an institution.

EQUAL EDUCATIONAL OPPORTUNITY

Navarro College shall comply with existing federal and state laws and regulations, including the Civil Rights Act of 1964 (PL 88-352) and Executive Order 11246 (Revised Order #4), where applicable, with respect to the admissions and education of students, with respect to the availability of student loans, grants, scholarships, and job opportunities, with respect to the employment and promotion of teaching and non-teaching personnel, and with respect to the student and faculty activities conducted on premises owned or occupied by the College. Navarro College shall not discriminate against any person on account of race, color, religion, creed, gender, age, national origin, ancestry, disability, marital status or veteran status. Navarro College adheres to the policies and procedures as prescribed under ADA-504.

ACCREDITATION

Navarro College is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award associate degrees. Contact SACSCOC at 1866 Southern Lane, Decatur, Georgia 30033-4097, <http://www.sacscoc.org>; or call 404-679-4500 for questions about the accreditation of Navarro College.

Health Professions programs at Navarro College are accredited by the following agencies:

Associate Degree Nursing (ADN) - Accreditation Commission for Education in Nursing (ACEN)

Licensed Vocational Nursing (LVN) - Texas Board of Nursing (BON)

Medical Laboratory Technology (MLT) - National Accrediting Agency for Clinical Laboratory Science (NAACLS)

Occupational Therapy Assistant (OTA) - Accreditation Council for Occupational Therapy Education (ACOTE)

Physical Therapist Assistant (PTA) - Commission on Accreditation in Physical Therapy Education (CAPTE)

Navarro College is approved by the Texas Higher Education Coordinating Board (THECB) and is a member of the Texas Association of Community Colleges (TACC) and the American Association of Community Colleges (AACC).

For other information about the College, please contact Navarro College, 3200 West 7th Avenue, Corsicana, Texas 75110 or call (903) 874-6501.

NAVARRO COLLEGE CENTERS

Navarro College has a commitment to increase the availability and economy of educational opportunities. Many college courses are offered in communities throughout the five-county college service area. In order to bring services closer to students taking courses in their hometowns, Navarro College has established centers in four communities in the college's service area. Through these centers, interested citizens may receive information, academic advisement, course schedules, or other assistance. Not all courses required for a degree or certificate will be offered at off-campus centers. It may be necessary for students to take certain courses at the Corsicana Campus. The following centers are now in operation:

Navarro College — Mexia Campus

901 N. MLK

Mexia, TX 76667-2816

Phone: (254) 562-3848

Navarro College — Waxahachie Campus

1900 John Arden Drive

Waxahachie, TX 75165-5220

Phone: (972) 937-7612

Navarro College — Midlothian Campus

899 Mt. Zion Road

Midlothian, TX 76065

Phone: (972) 775-7200

NAVARRO COLLEGE FOUNDATION, INC.

The Navarro College Foundation Inc., a 501©(3) tax exempt organization, is the philanthropic arm of the college. The mission of the foundation is to assist the college in providing the human and financial resources to meet present and future educational needs of the college's five-county service area. Furthermore, the foundation board fosters educational excellence and exemplary community service to enhance the quality of life among students and staff of Navarro College, as well as to seek and find financial capital and gifts-in-kind beyond state and local appropriations. These resources allow the college and its staff to increase the quality of service, enhance the educational experience gained by students at Navarro College, and reach out to the larger community to provide cultural, workforce development, and life-long learning programs. Members of the Navarro College Foundation Board are:

- Mr. John Gantt – President
- Mr. Doug Barnes – Vice President
- Ms. Debbie Wilson – Treasurer
- Mr. Hugh Stroube – Secretary
- Mr. K. C. Wyatt - Past NCF President and College Trustee
- Mr. Miran Sedlacek
- Mr. Dick Flatt
- Ms. Sue Cook
- Dr. Pat Harper, EdD
- Mrs. Sarah Keathley
- Mr. Lee McCleary
- Mrs. Judy Nelson
- Ms. Carla Dyess
- Mr. Russell R. Thomas, P.E.
- Ms. Jennifer Lynch
- Mr. Rusty Hitt
- Ms. Camesha Busby
- Dr. Kevin G. Fegan - Navarro College District President
- Executive Director - Dr. Harold Housley

COOK EDUCATION CENTER

The Cook Education Center is a multi-faceted educational facility featuring the largest planetarium dome in Texas (60 feet), a spacious conference area, Pearce Civil War and Western Art Museum, and the Hunters and Gatherers Exhibit. The center is dedicated to making a positive impact on the lives of students, supporting teaching and learning at all levels, and enriching life for all who participate in activities there. Through exposure to multimedia presentations in the planetarium, children and adults broaden their understanding of various disciplines. The Cook Education Center provides events and catering services for corporate meetings, weddings, and special occasion parties.

Please contact Carole Davenport. In addition to planetarium shows, the center offers 70 mm/large-format films. For more information, visit <http://www.navarrocollege.edu/cook-education-center/index.html>.

SMALL BUSINESS DEVELOPMENT CENTER

The Small Business Development Center (SBDC) is a professional management counseling service funded by Navarro College, the State of Texas and the U.S. Small Business Administration (SBA). The SBDC is designed to provide small businesses in Ellis, Freestone, Limestone, and Navarro Counties with the practical assistance needed to survive, grow and prosper. In addition to one-on-one, confidential consulting provided at no charge by qualified professionals, the SBDC offers low-cost seminars and workshops that address the specialized and complex needs of small businesses. The Navarro College SBDC is a cooperative effort of Navarro College and the U.S. Small Business Administration. Visit <http://www.navarrocollegesbdc.org/> for more information.

NAVARRO COLLEGE AWARDS

Navarro College Piper Professors

Navarro College has had six faculty members recognized for outstanding achievement in the teaching profession with the prestigious Minnie Stevens Piper Professor Award. This award is granted annually from among nominees from all accredited colleges and universities in Texas. The Navarro College Piper Professors are:

Margaret Pannill, English, 1961

Lucile M. Boyd, Languages, 1971

Geraldine Johnston, English, 1978

H. McAfee Daniel, English, 1986

Richard E. Miller, Ph.D., Psychology/Sociology, 1989

Tommy W. Stringer, Ph.D., History, 1994

Navarro College Professor Emeriti

James Chapman, Government

H. McAfee Daniel, English

Sandra Dowd, Art

Sheila Herod, Music, 2009

Dr. Tommy Stringer, History, 2019

Navarro College President, Board of Trustees, and Administration Emeriti

Dr. Richard Sanchez, District President, 2018

Dr. Kenneth Martin, President of Ellis County Campuses, 2018

Homer Gene Wasson, Navarro College Trustee Chairman, 2019

Dr. Larry Reed, Vice President, 2006

Registration

ADMISSION PROCEDURES

Navarro College maintains an open door admission policy, and students are admitted without regard to race, color, religion, creed, gender, age, national origin, ancestry, disability, marital status, or veteran status. The college reserves the right to verify citizenship and residency status of any applicant.

The Office of Admissions and Records is responsible for administering all admissions policies. Inquiries concerning admissions should be emailed to admissions@navarrocollege.edu.

The college reserves the right to refuse admission to any student who does not comply with admission requirements. In compliance with Texas House Bill (TX HB) 449 and 1735 adopted in 2019, students are asked at the point of admissions to disclose a) if they have pending conduct charges of violence or sexual misconduct, or b) if they have been expelled, suspended or withdrawn from a previous institution for conduct charges of violence or sexual misconduct. If students answers 'yes' to either of these questions, they are required to provide additional information, submitted electronically to student.conduct@navarrocollege.edu[13]. The college reserves the right to refuse admission to any student who does not comply with TX HB 449 and 1735 requirements.

An individual may appeal any admissions denial to the Vice President of Enrollment Management and Institutional Effectiveness (VPEMIE) or in the event the refusal was due to conduct, the student may appeal to the Vice President of Student Services (VPSS).

Completion of the following steps are necessary to gain admission to Navarro College:

1 **Application for Admission.** <https://www.applytexas.org>

2. **Official Transcript.**

Beginning Students. An official and complete transcript in a sealed envelope bearing the signature of the appropriate official, seal and date of graduation of the applicant's high school record must be filed, or sent electronically, in the Office of Admissions & Records before an application for admission will be considered.

Navarro College will not recognize a student as a high school graduate who has obtained a diploma through a school or online program that requires only payment of a fee with little or no coursework requirements. Graduates of such programs will be considered for admissions on an individual approval basis.

Transfer Students. Transfers from another college, including summer/mini session students, are required to present an official and complete transcript in a sealed envelope bearing the signature of the appropriate official and seal from each college attended or sent electronically directly from the institution.

1 **Assessment Scores** Student proficiency in reading, writing, and mathematics must be assessed. This is accomplished by completing the TSI Assessment. Students otherwise qualified or exempted will not be refused admission on the basis of their scores. Results are used in advising and in placing students in the proper course levels.

2. **Proof of Residency** A student may submit a state-issued driver's license or identification card and show proof of having established local residency for 12 months or more without enrollment (or other approved documentation) to determine residency as either in-district, out-of-district, or out-of-state.

The Office of Admissions and Records can provide additional information concerning state requirements.

SPECIAL PROGRAMS

Certain programs such as Residence Life, as well as instructional areas (e.g. Cosmetology, Welding, Petroleum Technology), Allied Health (e.g. Nursing, OTA, PTA) and Protective Services (e.g. Police, Fire and EMS) will require additional standards of conduct and may involve additional requirements for admissions and sanctions against student misconduct.

OUT-OF-STATE

Navarro College will not offer distance education classes to students whose primary residence is out of state unless those students are also attending face to face classes on one of the physical campuses of the College District.

Navarro College is currently not a member of the State Authorization Reciprocity Agreement (SARA); therefore, it is not authorized to provide distance learning courses to students whose official residence is located in a U.S. State or Territory which is outside the State of Texas.

This procedure is available under the Section FB.1 of the Navarro College Board Policy Manual.

METHODS OF ADMISSION

Prospective students are responsible for meeting all admission requirements. **Failure to meet all requirements will cause the student's transcript to be withheld and the student will be blocked from future registrations.** Admission to Navarro College may be by one of the following methods:

1. **High School Graduate.** An applicant who is a graduate of an accredited high school, both public and private, will be admitted to Navarro College upon presentation of a properly authenticated high school transcript verifying that the student has graduated. High school students are strongly recommended to follow the State Board of Education's recommended 24-unit High School Program to help be fully prepared for college following graduation.

2. High School Equivalency (HSE). An applicant who is not a high school graduate may be admitted by successfully completing a test of high school equivalency and providing a GED, TASC, or HiSET transcript with passing scores. The GED and TASC tests are administered at Navarro College and applicants interested in gaining admission by this method should inquire at the Testing Center or the Adult Education Program office.

3. Individual Approval. Students may apply for individual approval at the Office of Admissions. The student must be enrolled and attending the Navarro College Adult Education classes/HSE class and will agree to attempt to pass the HSE prior to the beginning of the next semester and failure to do so will be justification for the student to not be allowed to enroll the following semester. If a student is not attending HSE classes, they understand that they will be dropped from their college classes.

4. Transfer From Another College or University. Students transferring to Navarro College from other institutions of higher education must turn in official transcripts from all U.S. (and U.S. territories) institutions attended, to the Office of Admissions and Records. Transcripts must be no older than three years from the date the transcript was printed to comply with the state records and retention law, established by the Texas State Library and Archives Commission. Students seeking admission after having not attended for a year or longer must also submit a new application.

Credit for courses in which a passing grade ("D" or better) has been earned may be transferred to Navarro College from the following institutions:

1. a. Institutions that are regionally accredited;
 - Higher Learning Commission
 - Middle States Association of Colleges and Schools Commission on Higher Education
 - New England Association of Schools and Colleges
 - Northwest Association of Colleges and Schools Commission on Colleges
 - Southern Association of Colleges and Schools Commission on Colleges
 - Western Association of Schools and Colleges Accrediting Commission for Senior Colleges
 - Western Association of Schools and Colleges Accrediting Commission for Community and Junior Colleges

b. Institutions that are not regionally accredited.

Students transferring credits from these institutions will be evaluated by the Executive Dean on a case-by-case basis. Factors that will be considered relating to these courses include:

- Course Grade;
- Contact/Credit Hours;
- Student Learning Outcomes;
- Faculty Credentials;
- Level;
- Content;
- Quality;
- Comparability; and
- Degree program relevance.

It shall be the student's responsibility to provide all transcripts and documents necessary to evaluate any prior educational experience.

c. Students who complete coursework at colleges and universities outside the United States will be considered on a case by case basis. All foreign credentials submitted to the college must include the original plus a certified English translation. An official evaluation of foreign credentials must be completed before transfer credit can be granted.

The student is responsible for arranging for credential evaluation. A list of acceptable professional evaluation services is available in the Office of International Students. A student is expected to pay all costs of translation and/or evaluation of foreign credentials.

Students who register but fail to list on the admissions application other colleges or universities attended, or who are otherwise ineligible to attend Navarro College, will be subject to dismissal with forfeiture of all tuition and fees.

5. Home School: Students who have completed high school in a home school setting must provide a home school high school transcript clearly displaying the following information:

6. International Students. The Director of International Programs oversees all aspects of International Student admissions to Navarro College. For admission purposes, international students should provide the following documents:

1.
 - a. International application (provided in application packet.)
 - b. Navarro college admission application (available on the College Website and/or in the International Student Advising and Admission Office)
 - c. Navarro College financial statement (provided in application packet)
 - d. Affidavit of support and bank statement certified by a bank official showing sufficient financial support. Please contact the Office of Admissions and Records for the required amount necessary for college admission
 - e. Official high school, HSE, and college transcripts submitted in both the native language and English translation, if applicable. If a college transcript is being presented to accept hours for transfer, it must be evaluated course-by-course by a credential company as provided by the Office of International Students.
 - f. Minimum TOEFL paper-based score of 500; computer-based score of 173; or Internet-based of 61 or more
 - g. Application fee of \$80 (please make check or money order payable to Navarro College)
 - h. Housing deposit of \$240. International Students pursuing studies at the Corsicana campus can reside on campus in College Housing
 - i. Tuberculosis Test Results (this is required before the I-20 can be issued: written proof of negative TB skin test or clear chest X-ray required)
 - j. Third Party Waiver allowing a third party to receive ONLY sealed and completed packet from applicant and mail for applicant
 - k. \$80 money order for acceptance package to be sent by UPS (please note that the Acceptance Package Form must be accompanied with the payment)
 - l. Acceptance Package Form

7. Career & Technical Programs. Although Navarro College has an “open door” admission policy, some career and technical programs have limited enrollments. Those programs include, but are not limited to, Associate Degree Nursing, Vocational Nursing, Medical Laboratory Technology, Occupational Therapy Assistant, Physical Therapy Assistant, Petroleum Technology, and John Deere Ag Tech. Applicants wishing to enter one of these limited access programs should contact the appropriate dean or department chair for program requirements and admission procedures.

8. Early Admissions Program for Eligible High School Students. The Early Admissions Program at Navarro College offers an opportunity for eligible high school students to earn college credits while still enrolled in their high school subject under the following conditions:

1.
 - a. Participants must be entering their freshman year in high school and have written approval of the high school and parent/guardian.
 - b. Students must have successfully completed the TSIA2 Assessment or be exempt as a result of the State of Texas end of course exams.
 - c. Students must adhere to all policies of the college and high school including daily attendance requirements. Navarro College assumes no responsibility for loss of eligibility of high school students enrolled in this program to participate in University Interscholastic League activities. Students who meet the above criteria will be accepted into Navarro College on individual approval.

9. Dual Credit Enrollment. The Dual Credit Program at Navarro College offers an opportunity for high school students to take college-level academic or career and technical courses for both high school and college credit. Such courses are offered based upon a written agreement between participating independent school districts and Navarro College and follow the provisions relating to courses for joint high school and college credit listed in Section 130.008 of the Texas Education Code. For additional information regarding dual credit enrollment, contact the Dean of Dual Credit.

10. Summer/Mini Session Students from Other Colleges. A student who is enrolled in another college, and who expects to return to that school in the fall, will be admitted to the summer/winter mini session of Navarro College upon presentation of an official transcript from the records office of the other college showing the number of semester hours completed. Such transfer students must adhere to the same rules and standards concerning admission procedures and placement testing as all other students.

11. Returning Students. Students returning to Navarro College after an absence of one spring or fall semester will re-enter under the catalog and programs in effect at that time. Technical programs change frequently, depending on industry requirements, and new degree plans may require additional coursework. Student returning to Navarro College after two or more consecutive regular semesters during which the student is not enrolled in a public institution shall submit an updated Apply Texas application (www.applytexas.org), proof of residency and official transcripts from institutions attended after the last enrollment at Navarro College.

12. Adult Education & Literacy (AEL) Program The Adult Education & Literacy Program offers classes free of charge in Ellis, Kaufman, Navarro, & Rockwall Counties.

ESL (English as a Second Language) is a program for those limited English proficient students who have a focus on improving English communication skills such as speaking, reading, writing, and listening. These classes help improve fluency, pronunciation, and expand vocabulary. Individuals are pre-assessed to determine student's entry level and needs. HSE (High School Equivalency) Prep is a program designed for the adult learner who wishes to strengthen reading, writing, and math skills in order to pass one of the approved tests (GED, HiSet) and obtain their TxCHSE (Texas Certificate of High School Equivalency). Individuals are pre-assessed to determine student's entry level and needs.

EL (English Literacy) Civics is a program designed for students to acquire the skills and knowledge to become active and informed parents, workers, and community members. This course emphasizes contextualized instruction on the rights and responsibilities of citizenship, naturalization procedures, civic participation, and U.S. history and government.

IET (Integrated Education and Training) is a program that combines occupational skills training with Adult Education and Literacy services to increase the educational and career advancement of participants. Individual instruction is based on the student's entry level and needs. Assessment, advising and/or testing is also a part of the program as we will provide assistance in employability, eligibility of students, and job placement when the student completes the program.

Registration for all of these programs is available at ncael.myoneflow.com.

For more information please call our office at (903) 875-7464.

13. English Language Institute (ELI) The Navarro College English Language Institute (ELI) offers courses to both domestic and international students age 18 years of age and older throughout the year. Proficiency testing at the beginning of the program will determine students' class placement. Anyone interested in applying to the English Language Institute should contact office of International Programs at (903) 875-7370.

Admission Appeals

Any student denied admission to Navarro College may appeal this decision in writing to:

Admissions Committee
c/o Director of Admissions, Navarro College
3200 West 7th Avenue
Corsicana, TX 75110

The student may appeal the decision of the Admissions Committee within five (5) business days from the date of notification. Appeals of the committee's decision must be made in writing to the Vice President of Enrollment Management and Institutional Effectiveness. The Vice President of Enrollment Management and Institutional Effectiveness will review the information provided. Within three (3) business days after receiving the written appeal, the Vice President of Enrollment Management and Institutional Effectiveness will make a determination (i) that the decision should stand; or (ii) that the decision of the Admissions Committee should be overturned.

IMMUNIZATION ALERT

S.B. 1517 passed by the State Legislature during spring, 1991, amended Sections 2.09 and 2.09a of the Texas Education Code and requires that institutions of higher education provide each student applying for admission certain information about immunization. Although proof of adequate immunization is not specifically required for admission to Navarro College (with exception of international students, details outlined in this catalog.), immunization information is provided as follows:

Measles

Measles is a highly contagious viral disease. Antibiotics are not available to treat people infected with this organism. Outbreaks of this illness have caused many hospitalizations and deaths among college-aged people; for these reasons, it is strongly recommended students have two doses of the vaccine prior to beginning classes. Most young adults have had only one dose. The measles vaccine is most often given in combination with the vaccines for mumps and rubella, which are also caused by viruses.

Tetanus

The illness caused by tetanus results from the poison produced by a bacteria. This is a very difficult illness to treat once it occurs, and prevention is the most appropriate choice. The vaccine is effective for about 10 years and needs to be boosted at that interval. It is common for older adults to develop tetanus in the United States as many adults do not receive the recommended 10 year booster. The tetanus vaccine should be given in combination with the diphtheria vaccine.

Poliomyelitis

In the United States, polio immunization is not routinely recommended for people 18 years of age or older. However, students planning travel to other parts of the world should consult a physician for specific recommendations.

Meningitis

As of January 1, 2012, all entering students were required to show evidence of an initial bacterial meningitis vaccine or a booster dose during the five-year period preceding and at least 10 days prior to the first day of the first semester in which the student initially enrolls at an institution. An entering student includes a first-time student of an institution of higher education or private or independent institution of higher education and includes a transfer student, or a student who previously attended an institution of higher education before January 1, 2012, and who is enrolling in the same or another institution of higher education following a break in enrollment of at least one fall or spring semester.

Bacterial Meningitis is a serious, potentially deadly disease that can progress extremely fast – so take utmost caution. It is an inflammation of the membranes that surround the brain and spinal cord. The bacteria that causes meningitis can also infect the blood. This disease strikes about 3,000 Americans each year, including 100-125 on college campuses, leading to 5-15 deaths among college students every year. There is a treatment, but those who survive may develop severe health problems or disabilities.

Exceptions to Bacterial Meningitis Vaccination Requirement

A student is not required to submit evidence of receiving the vaccination against bacterial meningitis if the student meets any of the following criteria:

- The student is 22 years of age or older by the first day of the start of the semester (effective 1/1/2014); or
- the student is enrolled only in online or other distance education courses; or
- the student is enrolled in a continuing education course or program that is less than 360 contact hours, or continuing education corporate training; or
- the student is enrolled in a dual credit course which is taught at a public or private K-12 facility not located on a higher education institution campus; or
- the student is incarcerated in a Texas prison.

A student is not required to submit evidence of receiving the vaccination against bacterial meningitis if the student submits to the institution:

- An affidavit or certificate signed by a physician who is duly registered and licensed to practice medicine in the United States, stating that in the physician's opinion, the vaccination would be injurious to the health and well-being of the student; or
- An affidavit signed by the student stating that the student declines the vaccination for reasons of conscience, including a religious belief. A conscientious exemption form from the Texas Department of State Health Services (DSHS) must be used, or

- Confirmation that the student has completed the Internet-based Department of State Health Services form to claim an exemption for reasons of conscience (for entering students at public junior colleges ONLY). For Public Junior College Students only: to access the DSHS secure on-line exemption form click here: <https://corequestjc.dshs.texas.gov/> A copy of the form must be submitted to the designated school official at the institution the student will be attending.

A student may register during pre-registration by signing a waiver (in the admission's office) stating that they realize if they do not submit the immunization form or an affidavit declining the shot for reasons of conscience they will be dropped 10 days prior to classes starting.

Local Immunization Services

For more information on immunizations, contact your physician or public health clinic.

Health Professions Program

Certain immunizations are mandatory for students majoring in health profession fields. For information regarding immunizations, contact the Health Professions Office.

DEVELOPMENTAL EDUCATION PLAN

In compliance with a directive from the Texas Higher Education Coordinating Board regarding the Texas Success Initiative, Navarro College has prepared the following Developmental Education Plan. As part of the admission process at Navarro College, all degree-seeking students will be administered a state-approved placement instrument unless he/she is exempt. Texas Administrative Code §4.53(12) requires all public institutions of higher education in Texas observe the following exemptions, exceptions, and waivers.

Exemptions, Exceptions, and Waivers

The following students shall be exempt from the requirements of this title and exempt students shall not be required to provide any additional demonstration of college readiness. Students who demonstrate college readiness shall be allowed to enroll in any entry-level freshman course as defined in §4.53(12) of this Texas Administrative Code (relating to Definitions).

For a period of five (5) years from the date of testing, a student who is tested and performs at or above the following standards that cannot be raised by institutions will be exempt from any additional demonstration of college readiness. **An ACT** Composite score of 23 with a minimum of 19 on the English test shall be exempt for both the reading and writing sections of the TSI Assessment, and/or 19 on the mathematics test shall be exempt for the mathematics section of the TSI Assessment.

An SAT administered *prior to March 5, 2016*, which contains a combined critical reading (formerly "verbal") and mathematics score of 1070 with a minimum of 500 on the critical reading test shall be exempt for both reading and writing sections of the TSI Assessment. Also, a combined critical reading (formerly "verbal") and mathematics score of 1070 with a minimum of 500 on the mathematics test shall be exempt from the mathematics section of the TSI

Assessment

A SAT administered *on or after March 5, 2016*, with a minimum score of 480 on the Evidenced-Based Reading and Writing (EBRW) test shall be exempt from both reading and writing sections of the TSI Assessment and/or a minimum score of 530 on the mathematics test shall be exempt from the mathematics section of the TSI Assessment. *There is no longer a combined score on the SAT test. However, mixing or combining scores from the SAT administered prior to March 5, 2016, and the SAT administered on or after March 5, 2016 is not allowable.*

Students can claim TSI readiness in courses that require demonstration of TSI college readiness in reading and/or writing if the student achieves one of the following scores on the **PSAT/NMSQT**. A combined score of 107 with a minimum of 50 on the reading test on a PSAT/NMSQT exam administered prior to October 15, 2015, or a score of 460 on the evidence-based reading and writing (EBRW) test on a PSAT/NMSQT exam administered on or after October 15, 2015.

In courses that require demonstration of TSI college readiness in mathematics the student must achieve one of the following scores on the PSAT/NMSQT such as a combined score of 107 with a minimum of 50 on the mathematics test on a PSAT/NMSQT exam administered prior to October 15, 2015, or a score of 510 on the mathematics test on a PSAT/NMSQT exam administered on or after October 15, 2015.

Also, please note that according to Texas Administrative Code, mixing or combining scores from the PSAT/NMSQT administered prior to October 15, 2015, and the PSAT/NMSQT administered on or after October 15, 2015, is not allowable. Also note that dual credit eligibility scores on the PSAT/NMSQT do not determine a student's college readiness under Texas Success Initiative (TSI) statute or rules.

These rules are effective on May 29, 2018. However, an institution may determine that the immediate application of the approved rules is in the best interest of its students and may act accordingly.

For a period of three (3) years from the date of testing, a student who is tested and performs on the **Texas Assessment of Academic Skills (TAAS)** with a minimum scale score of 1770 on the writing test, a Texas Learning Index (TLI) of 86 on the mathematics test and 89 on the reading test shall be exempted from TSI requirements.

For a period of five (5) years from the date of testing, a student who is tested and performs at or above the following standards that cannot be raised by institutions shall be exempted from TSI requirements. Students who score on the eleventh-grade exit-level **Texas Assessment of Knowledge and Skills (TAKS)** with a minimum scale score of 2200 on the math section and/or a minimum scale score of 2200 on the English Language Arts section with a writing subsection score of at least 3, shall be exempt from the TSI Assessment required under this title for those corresponding sections. Also,

students who completes **the STAAR end-of-course (EOC) assessment** with a minimum score of Level 2 on the English III shall be exempt from the TSI Assessment required under this title for both reading and writing, and a minimum score of Level 2 on the Algebra II EOC shall be exempt from the TSI Assessment required under this title for the mathematics section.

A student who has graduated with an associate or baccalaureate degree from an institution of higher education shall be exempted from TSI requirements as well as a student who transfers to an institution from a private or independent institution of higher education or an accredited out-of-state institution of higher education and who has satisfactorily completed college-level coursework as determined by the receiving institution.

A student who has previously attended any institution and has been determined to have met readiness standards by that institution. For students meeting non-Algebra intensive readiness standards in mathematics as defined in Texas Administrative Code statute §4.59(d)(1)(B) of this title (relating to Determination of Readiness to Perform Entry-Level Freshman Coursework), institutions may choose to require additional preparatory coursework/interventions for Algebra intensive courses, including **MATH 1314 /1324/1414** (or their local equivalent). *It is the institution's responsibility to ensure that students are clearly informed of the consequences of successful completion of a mathematics pathways model which results in meeting the mathematics college readiness standard only for specific courses*.

A student who is enrolled in a certificate program of one year or less (Level-One certificates, 42 or fewer semester credit hours or the equivalent) at a public junior college, a public technical institute, or a public state college are exempted from TSI Requirements. Students who serves on active duty as a member of the armed forces of the United States, the Texas National Guard, or as a member of a reserve component of the armed forces of the United States and has been serving for at least three years preceding enrollment as well as a student **who on or after August 1, 1990**, was honorably discharged, retired, or released from active duty as a member of the armed forces of the United States or the Texas National Guard or service as a member of a reserve component of the armed forces of the United States are exempt from TSI requirements.

Any student who successfully completes a college preparatory course under Texas Education Code §28.014 **is exempt for a period of twenty-four (24) months from the date of high school graduation with respect to the content area of the course**. The student must enroll in the student's first college-level course in the exempted content area in the student's first year of enrollment in an institution of higher education. This exemption applies only at the institution of higher education that partners with the school district in which the student is enrolled to provide the course. Additionally, an institution of higher education may enter into a Memorandum of Understanding with a partnering institution of higher education to accept the exemption for the college preparatory course.

Effective May 12, 2021, students who meet the college readiness benchmarks on the state's approved high school equivalency (HSE) test will qualify for a TSI exemptions. The approved tests and relevant benchmarks are as follows:

GED

- A minimum score of 165 on the Mathematics Reasoning subject test shall be exempt from mathematics
- A minimum score of 165 on the Reasoning Through Language Arts (RLA) subject test shall be exempt for English Language Arts Reading (ELAR)

HiSET

- A minimum score of 15 on the Mathematics subtest shall be exempt for Mathematics
- A minimum score of 15 on the Reading subtest and a minimum score of 15 on the Writing subtest, including a minimum score of 4 on the essay, shall be exempt for English Language Arts Reading (ELAR)

These HSE exemptions are valid for up to five (5) years from the date of testing. While the date of testing can be anytime within the five (5) year time frame, applicability for TSI purposes and placements starts 5/12/2021.

Due to HiSET discontinuing the administration of their test effective 8/31/2021, HiSET test scores administered after 8/31/2021 will no longer be useable for the TSI exemption. However, HiSET college readiness scores with test dates prior to 8/31/2021 will still be useable up to five (5) years from date of testing.

An institution may exempt a non-degree-seeking or non-certificate-seeking student.

An institution may grant a temporary waiver from the assessment required under this title for students with demonstrated limited English proficiency in order to provide appropriate ESOL/ESL coursework and interventions. The waiver must be removed after the student attempts 15 credit hours of developmental ESOL coursework or prior to enrolling in entry-level freshman coursework, whichever comes first, at which time the student would be administered the TSI Assessment. Funding limits as defined in Texas Education Code, §51.3062(l) (1) and (2) for developmental education still apply.

Any student who has been determined to be exempt in mathematics, reading, and/or writing under subsection (a) or (b) of this section shall not be required to enroll in developmental coursework and/or interventions in the corresponding area of exemption. Students enrolling in a certificate program that includes less than 9 credit hours of general education courses are waived from placement testing, however, a student may not enroll in any courses outside the certificate curriculum without completing the placement test. If a stratified course is required in the degree plan for the certificate (i.e., English 1301), the student must successfully complete the associated component of a placement test before enrolling in the credit course. If the student fails the associated component, he/she must be remediated according to the Navarro College Developmental Education Plan.

Texas Success Initiative Guidelines

Following a student's completion of pre-admission assessment, Navarro College will administer the TSI Assessment as a placement instrument. Students will be placed in courses appropriate to their level of knowledge and skills as determined

by cut-off scores established by the Texas Higher Education Coordinating Board and Navarro College. Navarro College will accept placement scores from students who have completed other state-approved instruments. Scores will be used to determine appropriate placement in developmental studies.

Navarro College will ensure that the Texas Success Initiative is administered in a manner that complies with federal law regarding the confidentiality of student medical or educational information, including the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. Section 1320d), the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. Section 1232g) and any state law relating to the privacy of student information."

Effective the institution's first-class day of fall 2017, **the following minimum passing standards (also known as "cut scores") for reading, mathematics, and writing on the TSI Assessment shall be used** by an institution to determine a student's readiness to enroll in entry-level freshman coursework:

- Reading: 351
- Mathematics: 350
- Writing: a placement score of at least 340, and an essay score of at least 4; or a placement score of less than 340 and an ABE Diagnostic level of at least 4 and an essay score of at least 5.

Effective January 11, 2021, the following minimum college readiness standards (also known as "cut scores") for English Language Arts Reading (ELAR) and mathematics on the TSI Assessment, Version 2.0 (TSIA2) shall be used by an institution to determine a student's readiness to enroll in entry-level freshman coursework:

- Mathematics (for college-level coursework with mathematics-intensive designation by the offering institution):
 - a College Readiness Classification (CRC) score of at least 950; or
 - a CRC score below 950 and a Diagnostic level of 6.
- ELAR (for college-level coursework with reading, writing, or reading and writing-intensive designation by the offering institution):
 - a College Readiness Classification (CRC) score of at least 945 and an essay score of at least 5; or
 - a CRC score below 945 and a Diagnostic level of 5 or 6 and an essay score of at least 5.

An institution shall not require higher or lower college readiness standards on any or all portions of the TSI Assessment (TSIA or TSIA2) to determine a student's readiness to enroll in entry-level freshman coursework. Institutions should use the TSI Assessment diagnostic results, along with other holistic factors, in their consideration of courses and/or interventions addressing the educational and training needs of students not meeting the college readiness standards as defined in subsection (a) of this section.

For a student with an existing plan for academic success as required in §4.58, the institution must revise the plan as needed to align with the college readiness standards as defined in subsection (a) of this section. **TSI Assessment results (TSIA and TSIA2) are valid for five (5) years from date of testing**.

Holistic Advising

For each student who fails to meet the minimum passing standards described in §4.57 of this title (relating to Minimum Passing Standards), an institution shall establish a program to advise the student regarding developmental education necessary to ensure the readiness of that student in performing freshman-level academic coursework. Determine a plan, working with the student, for academic success, which shall include developmental education and may include provisions for enrollment in appropriate non-developmental coursework. Each plan for academic success shall be designed on an individual basis to provide the best opportunity for each student to succeed in obtaining his or her career and/or academic goals. *Institutions shall consider all federal laws pertaining to individuals with disabilities when assessing and advising such students.*

At a minimum, the individual plan shall address:

- 1.Career advising
- 2.Course-based and/or non-course-based developmental education options
- 3.Campus and/or community student support services/resources
- 4.Degree plan or plan of study
- 5.Regular interactions between student and designated point of contact (e.g., advisor, faculty member, peer and/or community mentor, etc.)
- 6.Registration for next semester/next steps; and
- 7.Differentiated placement.

As part of the holistic advising process each student should be provided with a description of the appropriate developmental education considered necessary to ensure the readiness of that student to perform freshman-level academic coursework which clearly outlines appropriate measures for determining readiness to perform freshman-level academic coursework, as described in §4.59 of Texas Administrative Code (relating to *Determination of Readiness to Perform Freshman-level Academic Coursework*). Students enrolled in a mathematics pathway model (e.g., New Mathways Project, modular/ Emporium models, etc.) must be clearly informed of the consequences of successful completion of this model which will result in meeting the mathematics college readiness standard only for specific college credit courses and that changing degree plans may require additional developmental education coursework/interventions.

The Texas Administrative Code rule on holistic advising (Rule §4.55) requires the use of multiple factors for placement considerations which may include but are not limited to

- HS GPA/class ranking
- Non-cognitive factors (motivation, self-efficacy, time management, etc.)
- Other formal/informal training
- Family-life issues (job, transportation, child)

Holistic advising will be used in conjunction with TSI cut scores to determine the college readiness of a student.

Students with a TSI exemption for a college preparatory course as outlined in §4.54(a)(10) of this subchapter who earn less than a C in the student's first college-level course in the exempted content area must be advised of non-course-based options for becoming college ready, such as tutoring or accelerated learning.

An institution shall assess, by an instrument approved in §4.56 of this title (*relating to Assessment Instrument s*), the academic skills of each entering, non-exempt undergraduate student prior to enrollment of the student. Under exceptional circumstances, an institution may permit a student to enroll in freshman-level academic coursework without assessment but shall require the student to be assessed not later than the end of the first semester of enrollment in freshman-level academic coursework.

Prior to the administration of an approved instrument in §4.56 of Texas Administrative Code, an institution shall provide to the student a pre-assessment activity(ies) that addresses at a minimum the following components in an effective and efficient manner, such as through workshops, orientations, and/or online modules:

- Importance of assessment in students' academic career
- Assessment process and components, including practice with feedback of sample test questions in all disciplinary areas
- Developmental education options including course-pairing, non-course-based, modular, and other non-conventional interventions
- Institutional and/or community student resources (e.g., tutoring, transportation, childcare, financial aid).

For holistic placement of non-exempt students not meeting standards as defined in §4.57 (*relating to College Ready and Adult Basic Education (ABE) Standards*), institutions shall use for determination of appropriate courses and/or interventions the TSI Assessment results and accompanying Diagnostic Profile, along with consideration of one or more of the following:

- High school Grade Point Average/class ranking
- Prior academic coursework and/or workplace experience
- Non-cognitive factors (e.g., motivation, self-efficacy); and
- Family-life issues (e.g., job, childcare, transportation, finances).

An institution offering collegiate-level credit to students via a Multi-Institution Teaching Center (MITC) or a university system center, or to-in-state students by distance learning delivery systems shall ensure that students are assessed as required by this section. An institution may not use the assessment or the results of the assessment as a condition of admission to the institution or as a condition of admission to a specific program offered by the institution. Navarro College shall develop and implement corequisite models as defined in statute 4.53(7) of this title (relating to definitions) for developmental mathematics and integrated reading and writing (IRW) courses and interventions and will ensure that a minimum percentage of its undergraduate students must be enrolled in corequisite models other than those exempt as outlined in the Navarro College Developmental Education Plan."

HB 2223 and Corequisite Developmental Courses

Navarro College will ensure that developmental courses and interventions comply with the requirements of this section , according to the following schedule:

- 2018-2019: At least 25% of the institutions non-exempt students must be enrolled by subject area in corequisite models.
- 2019-2020: At least 50% of the institutions non-exempt students must be enrolled by subject area in corequisite models.
- 2020-2021: At least 75% of the institutions non-exempt students must be enrolled by subject area in corequisite models.
- for the 2021-2022 academic year and thereafter, 100 percent of the institution's non-exempt students enrolled by subject area in developmental education must be enrolled in corequisite model(s).

The following Navarro College students are exempt by subject area from this requirement:

- Students assessed at ABE diagnostic levels 1-4 on the TSI Assessment
- Students who are college ready
- Students enrolled in Adult Education
- Students enrolled in degree plans not requiring freshman level academic mathematics courses
- Students who meet one or more of the exemptions outlined in 4.54 (relating to exemptions, exceptions, and waivers).

For Navarro College students enrolled in a corequisite model who fail to satisfactorily complete the freshman level course, Navarro College must offer the student a range of competency-based education programs to assist the student in becoming ready to perform freshman level academic course work in the applicable subject area, review the plan developed for students under this section and, if necessary, work with the students to revise this plan.

Students will be placed in the appropriate developmental course(s) upon admission to the College and shall continue in the established sequence of developmental courses until he/she meets one of the following conditions such as the time remediation is successfully completed, the student has made a grade of D or better in an approved related course, or the student has passed the appropriate section of the placement test.

A student who attempts one of the approved freshman-level courses and drops or fails to achieve a grade of D or better will be evaluated by the College to determine the most appropriate action for that student. The options include returning to developmental work, attempting the same or another approved course to earn a D, or retaking the appropriate section of an approved assessment test at any time, subject to availability of time and space in the testing center.

Persons enrolled as part-time, non-degree seeking students shall be defined as a “casual student”. Such students will be allowed to enroll in non-stratified courses without being required to enroll in developmental classes. Full-time students from other universities or colleges may take course for which they are TSI-complete during the summer or mini-mester sessions without being enrolled in developmental courses.

Stratified courses are those that require a passing score on the related section of the placement test as a prerequisite to enroll. For a complete list of stratified reading, writing, and math courses please follow this link: [Navarro College Board Policy EH.1](#) . Stratified courses include History [HIST 1301](#) , History [HIST 1302](#) , Government [GOVT 2305](#), Government [GOVT 2306](#), Psychology [PSYC 2301](#) , or any 2000-level literature course. A student must have passed the reading component of the placement test or successfully completed the remediation sequence for developmental reading before enrolling in any of these courses.

A student must have passed the reading and writing ([ELAR](#)) component of the placement test or successfully completed the remediation sequence for developmental writing before enrolling in English [ENGL 1301](#) . A student must have passed the mathematics component of the placement test or successfully completed the remediation sequence for developmental math before enrolling in any college level math course.

Students who successfully complete all requirements for graduation will not be required to pass one of the assessment instruments as a final condition for graduation. Any student who completes the first level college course with a grade of D or better in stratified reading, writing, or math will be considered TSI complete in that subject area. The developmental education plan will be evaluated on a regular basis by a committee appointed by the Vice President for Academic Affairs of the College. The evaluation will include research to determine the effectiveness of the plan in preparing students to succeed in college credit courses and to pass a state approved assessment instrument. Results of the evaluation will be used to recommend changes in the developmental education plan.

REGISTRATION

Students are urged to complete all admission procedures as early as possible and be ready for registration on one of the scheduled dates. To prepare for registration, students should secure a copy of the semester class schedule and follow the directions provided in it. Academic Advising staff are available to advise students who have not selected an educational major.

Late Registration

All students are urged to register on the days scheduled for registration. Opportunities for late registration are very limited. Students may not register for classes after the date specified in the calendar printed in this catalog. Those enrolling late may encounter some difficulty in enrolling in desired courses. Students enrolling late will be responsible for all coursework missed as a result of late enrollment.

TUITION & FEES

TUITION & FEES

A complete tuition schedule can be found online on the [Tuition and Fees Schedule](https://www.navarrocollege.edu/costs-aid/index.html) page of the Navarro College website at <https://www.navarrocollege.edu/costs-aid/index.html>.

For additional information regarding tuition and fees, please contact the [Navarro College Business Office](#).

Additionally, a listing of available scholarships and loans are found in this catalog. Scholarship information and application forms are available on the [Navarro College Scholarship Portal](#).

WAIVERS / EXEMPTIONS

Students interested in obtaining a tuition and/or fee waiver or exemption may contact the Admissions and Records Office for more information on all waivers listed below, except for those waivers pertaining to United States veterans or their dependents. Students who are veterans or dependents of veterans may qualify for tuition and/or fee waivers and should contact the Veterans Certifying Office for more information on these and other veteran's benefits. All students wishing to apply for an exemption/waiver should fill out the form requesting the specific exemption/waiver and verify they have registered for selective services. Students will be required to upload supporting documentation located at [Waiver Application](#). Exemptions are a type of financial assistance allowing some Texas residents to attend a public college or university in Texas without paying tuition or, in some cases, tuition and fees. Listed below are the exemption programs available to Texas residents.

- Adopted Students Formerly in Foster or Other Residential Care
- Blind/Deaf Student Exemption Program
- Exemption for Highest Ranking High School Graduate
- Exemption for Peace Officers Disabled in the Line of Duty
- Exemption for Peace Officers Enrolled in Law Enforcement or Criminal Justice Courses
- Exemption for Students Enrolled in Courses for Dual High School and College-Level Credit
- Exemption for Students under Conservatorship of the Dept. of Family and Protective Services
- Exemption for the Surviving Spouse and Minor Children of Certain Deceased Public Servants (Employees)
- Exemption Program for Clinical Preceptors and their Children
- First Responder (EMS or Fire Personnel)
- Hazelwood Exemption (for Texas Veterans)

FINANCIAL AID

Financial aid helps alleviate financial barriers that can prevent access or completion of educational opportunities offered by Navarro College. Requirements for the various aid programs may vary with the type of aid requested. In general, the individual must be a U.S. citizen or eligible non-citizen, be in good standing, make satisfactory academic progress, not be in default on a student loan, and have a high school diploma or GED. All funds received must be used for educational purposes. An applicant's eligibility for financial assistance will be determined on an individual basis. The Student Financial Aid Office provides applicants with appropriate application forms and instructions. The student is responsible for proper completion and submission of all required documents. Students applying for most federal financial aid programs must establish or demonstrate financial need. Applicants for these programs must complete a Free Application for Federal Student Aid (FAFSA) by going to <https://studentaid.ed.gov/sa/fafsa>. The Title IV code for Navarro College is 003593 that must be entered in the application for Navarro College to receive students' FAFSA applications. Students must apply in advance for financial assistance. Priority will be given to students who complete their application according to the following dates:

Fall semester applicants June 1

Spring semester applicants October 15

Summer applicants March 1

Scholarships

Students interested in applying for a scholarship available through Navarro College should inquire at <https://www.navarrocollege.edu/costs-aid/scholarships.html>.

\$1,000 Tuition Rebate for Certain Undergraduates is available to provide a financial incentive for students to complete their bachelor's degree with as few courses outside the degree plan as possible. Minimizing the number of courses taken by students result in financial savings to students, parents and the state. Additional information is available at www.collegeforalltexas.com.

Who can apply? Individuals who

- Took their first college course in fall 1997 or later;
- Are Texas residents;
- Have taken all coursework at Texas' public institutions of higher education; and
- Have been entitled to pay in-state tuition at all times while pursuing their degrees.

Key Eligibility Requirements

Students qualify for the \$1,000 rebate if they have attempted no more than three semester credit hours in excess of the minimum number of hours required for their degree. For example, a student who completes a bachelor's degree that requires 120 credit hours in 123 hours or less may qualify for this rebate.

What could disqualify an individual?

Attempted hours include every hour for which the student has registered, as of the official census date, in every semester including: developmental courses, repeated courses and courses from which the student withdraws. If a student has dropped more than one course after the official census date, s/he may not qualify for the rebate. All credit earned by examination was counted as well. However, because of a recent change in the law, the first nine hours of credit earned by examination (credit earned on the basis of AP courses, CLEP or credit granted for high SAT or ACT scores) does not count as hours attempted. Dual credit courses—courses taken in high school for both high school and college credit—continue to count as hours attempted.

Where may the awards be used?

Applies only to public universities in the state of Texas.

How can I apply?

Students must apply for the tuition rebate prior to receiving their bachelor's degrees, using forms provided by their college or university. Contact the Financial Aid Office for additional information.

ROOM AND BOARD

Navarro College has an 18-meal plan that provides three meals a day, Monday through Friday, lunch and dinner on Saturday and a luncheon buffet Sunday. A 15-meal plan provides three meals a day, Monday through Friday. Housing alone is not available for students living in residence halls. Below is the cost per person per semester for room and meal plan.

Meal Plan	Room Charge	Tax	Total Price
15 Meals - \$1,230.17	\$1,900.00	\$101.49	\$3,231.66
18 Meals - \$1,476.21	\$1,900.00	\$121.79	\$3,498.00
Buildings #30 & #32	Room Charge	Tax	Total Price
15 Meals - \$1,230.17	\$1,800.00	\$101.49	\$3,131.66
18 Meals - \$1,476.21	\$1,800.00	\$121.79	\$3,398.00

No Refunds on Room Charges

The initial room and board payment must be made by the date published in the calendar. Room and board may be paid on the following schedule:

- by published date
- after 30 days
- after 60 days

Summer semester rates are 3/4 of fall and spring rates (15 meal plan).

Housing Property Deposit \$230 and Background Check Fee \$10

All students planning to reside in college housing are required to pay a \$230 deposit plus an additional \$10 background processing fee and enroll as a full-time student at Navarro College. Refund of the original deposit is made for cancellation of an assignment when written notification is received by the dates noted below:

All residents with room assignments	August 1 for Fall December 1 for spring
--	--

No refund of deposit will be made for cancellations received after these dates. All notices of cancellations must be in writing for refund purposes. Deposit refunds are made by check once the student has properly checked out of housing and made application for refund provided the student has no damages assessed and has no unpaid balance at the college. Applications for housing are available at <https://www.navarrocollege.edu/residence/index.html>. Students must be enrolled in 15 semester hours to be eligible to live in the residence halls.

SCHOLARSHIPS AND LOANS

About M.C. & Mattie Caston Scholarship

The M.C. and Mattie Caston Scholarships are named for the people whose generosity has reached out to the young people of the college's primary service area. These scholarships make available educational opportunities to deserving high school graduates from Navarro, Ellis, Limestone, Freestone, and Leon counties. Through the Navarro Education Foundation, grants are also available to assist selected Navarro College graduates as they seek further study in pursuit of the baccalaureate degree. To be eligible for this program, graduates must meet certain criteria, including a minimum cumulative grade point average of 3.7. For complete information concerning the M.C. and Mattie Caston Scholarship, contact the Foundation Office or <https://www.navarrocollege.edu/costs-aid/index.html>.

SETTLEMENT OF OBLIGATIONS

- Payment deadlines are posted in the academic calendar.
- Payment or payment arrangements not received by payment deadlines will result in the student being dropped for non-payment.
- Students who do not pay, or make satisfactory arrangements, to pay all financial obligations to the college may have their course credits and grades withheld.
- Transcripts will not be sent and a student will not be allowed to register for classes.
- No degree or certificate will be awarded until all financial obligations are settled.
- The term "financial obligations" shall include the return of all properties of the college on student assignment including library books.

TUITION & FEES

CONTINUING EDUCATION TUITION SCHEDULE

Tuition for Continuing Education courses is approved by the Board of Trustees and published on the College's website. Charges vary depending on the course content, length, and administrative costs. There shall be no refund for any Continuing Education course if student is not deleted prior to first class day.

TUITION REFUNDS

To be eligible for a tuition refund, a student must officially withdraw through the Office of Admissions & Records. "Class Days" are defined as the days in which the College schedules classes for that semester, typically Monday through Saturday, and are computed beginning the first day of classes for the semester, regardless of how many times per week each class meets. After classes begin, and due to the costs incurred for materials and services regardless of student drops, certain course fees are not refundable; these include but are not limited to general service, program-specific, matriculation, and vehicle fees. Fees associated with on-campus living in residence halls are referenced in Administrative Procedure FG.1. In the event of a student's official withdrawal or reduction of hours carried, tuition and enrollment-based fees are refundable on the following prorated basis:

Refund of Tuition & Fees

Fall and Spring Semesters*	
Prior to the semester start date	100%
During the first 15 class days	70%
During the sixteenth to twentieth class days	25%
After the twentieth class day	None
Summer Semesters*	
Prior to the first class day	100%
During the first five class days	70%
During the sixth and seventh class days	25%
After the seventh class day	None

Tuition & fee refunds are issued to student, unless paid by a Third Party contract with a sponsor, donor, or scholarship, which will be refunded to that source. Refunds will be processed after the class census date, which varies based on length of class. Please check with the Office of Admissions and Records for refund dates when registering for classes.

There are no refunds on Test Fees.

***Some variances in refund dates may occur during semesters that vary from traditional semesters.**

Return of Title IV Funds

Students who withdraw during the first 60% of each semester and who receive assistance from the Federal Student Aid programs, excluding Federal College Work study, will have some of their funds (unearned aid) returned to the federal programs. The student can be liable for a portion of this return. Prior to withdrawal, students should consult with the Student Financial Aid Office.

STUDENT SERVICES

STUDENT SERVICES

Programs in the Student Services area are designed to encourage students to establish worthwhile and attainable educational goals, to remain in college until those goals are realized, and to experience an enjoyable and meaningful growth process while at Navarro College.

COUNSELING, ADVISING, AND ACADEMIC PLANNING

Counseling

Personal counseling services are available to assist students with adjusting to college life and enhancing personal and social growth. Services available in this area include short-term counseling, drug/alcohol education, sexual assault awareness, and mental health referrals.

Mentoring

The Mentor Me program is designed to help guide students to be successful over all areas of life in order to increase the likelihood of achieving student academic and life goals. Mentor Me is a wonderful opportunity to help our students learn valuable life skills for overall health, success, and achievement.

Advising and Academic Planning

Navarro College has a staff of academic advisors who help students make educational and career decisions, select courses, understand transfer requirements, and improve study skills. The academic advisors can assist with career development and arrange for testing to identify the student's abilities, interests, values, and personality traits. For the student who intends to pursue a four-year program, advisors can assist students in accessing online catalogs from colleges and universities of interest.

Navarro College offers a full program of assessment and counseling to assist students in selecting appropriate educational and career directions. Counselors and faculty in the academic transfer area are available to assist students who plan to continue their education at a senior institution. Additionally, the Carl Perkins CTE Success Center and career and technical faculty are available to assist students who are uncertain about their career choices. The personnel in these offices have experience in business and industry and can give first-hand knowledge about various occupations. Whether it is with undecided majors, or with students who have chosen a career program, or with those who have selected a senior college to which they wish to transfer, Navarro College Advisors work one-on-one to design a plan of objectives. This plan, called the degree plan, helps to assure that the student is on an educational path appropriate to his or her abilities and interests. A degree plan is required for all students. One of two "General Studies" degree plans may be utilized for students who have not chosen a major area of study.

CARL PERKINS CTE SUCCESS CENTER

The Navarro College Carl Perkins CTE Success Center offers a variety of services to Career and Technical students. A Career and Technical student is an individual pursuing an Associates of Applied Science (AAS) Degree or a Certificate (CT) Program. Services are provided at no cost to Navarro College Career and Technical students who meet specific program requirements as defined by the government. Services include textbook loans, child care assistance, transportation stipends, career and technical advising, resume writing, and mock interviews. The Navarro College Carl Perkins CTE Success Center is located on the Corsicana campus in the Bain Center, room BC 101. Carl Perkins CTE Success Center services are funded through the Carl Perkins Act of 2006, a federal grant, and the level of service depends on available funding.

STUDENT ACTIVITIES

Student Activities

Activities are planned at Navarro College to provide entertainment and opportunities for personal and social growth. The Student Government Association and the various campus clubs and organizations are the major sources of input for planning activities. Major events on campus include the following: intercollegiate athletic events, spring musical, intramural competitions, Bulldog Bash, Homecoming, and the Student Appreciation Evening.

Honors Organizations

Phi Theta Kappa (National Honor Society for Community Colleges)
Psi Beta (Honor Society for Psychology)

Sigma Kappa Delta (Honor Society for English)

Professional Organizations

John Deere Ag Tech Club
ADN Nursing Club
LVN Nursing Club
Student Occupational Therapy Association

Student Organizations

Student organizations active at Navarro College include honors, professional, social service and religious groups. Each organization is recognized through the Student Government Association. Students can contact the Director of Student Life/ Student Activities, at (903) 875-7570 or individual club advisors for more information about any of the organizations listed under Student Life on the Navarro College website. Students wishing to create a new organization on campus may obtain a petition form with guidelines from the Office of Student Life.

HOUSING | RESIDENCE LIFE

The Department of Residence Life and Housing offers men and women a safe, secure, and reasonably priced housing option on the Navarro College Corsicana campus.

Housing Regulations

The Residence Life and Housing Department is committed to providing an environment that promotes the educational success of our students. Residence Life/Housing staff is here to help facilitate the transition from living at home to becoming a responsible adult. The residence halls are part of the Navarro College community and encourage student growth and learning through employment opportunities, educational activities, and opportunities to learn lifelong skills.

Housing Costs

A schedule of room and board rates may be found in this catalog.

CAREER AND JOB PLACEMENT

The Career Cornerstone, through the Bulldog Life department, is responsible for providing comprehensive career services that include career exploration as well as job preparation and placement services for students. Student assistance includes programming and service related to job search assistance for both career and current employment and through job fairs, internships, life skills coaching, seminars, and guidance for appropriate presentation and apparel for interviews. The Bulldog Life department is located on the first floor of the Richard M. Sanchez Library on the Corsicana Campus. In addition, the Navarro College Carl Perkins CTE Success Center provides assistance to Career and Technical students who are seeking full-time and part-time enrollment. A Career and Technical student is an individual pursuing an Associates of Applied Science (AAS) Degree or a Certificate (CT) Program. The Success Center assists Career and Technical students with resume writing and developing skills for interviewing. Funding provided through the Carl Perkins Act of 2006, allows these services to be offered at no cost to Navarro College Career and Technical students and alumni. The Navarro College Carl Perkins CTE Success Center is located on the Corsicana Campus in the Bain Center, room BC 101.

DISABILITY AND ACCESS SERVICES

Mission Statement

The mission of the Navarro College Disability and Access Services Office (NCDASO) is to assist, support, and enhance the students' college experience and facilitate equal access to all services and programs at Navarro College, through the provision of reasonable accommodation in compliance with the Americans with Disabilities Act (ADA).

Disability and Access Support Services

Navarro College is committed to ensuring equal access of facilities, activities, and programs by providing reasonable and appropriate accommodation for qualified students with regard to disabilities and with regard to the potential for success as defined in Section 504 of the Amended Federal Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, Section 508 of the Rehabilitation Act of 2000, and the ADAAA of 2009.

It is Navarro College's policy that no otherwise qualified person with a disability be excluded from participating in any college program or activity, be denied the benefits of any college program or activity, or otherwise be subjected to discrimination with regard to any college program or activity. A program or activity refers to any credit or non-credit program or activity sponsored by Navarro College.

Requesting Disability and Access Services

It is the responsibility of the student with a disability to initiate this process by identifying him/herself as well as sharing his/her disability related needs with the Disability and Access Services Office staff. New students must request services by completing an online application / request for services and/or by scheduling an appointment. Returning students do not need to schedule an appointment to request services for the semester and need only to notify the Disability and Access Services Office of his/her enrollment or complete a Semester Request online to assure continuation of services, unless requesting new accommodation(s).

Requests for services and the submission of disability related documentation for review can be done at any time during the year; however, requests for accommodation may take up to 2-3 weeks to review. Please note during our peak registration times, it may take 3-4 weeks to provide information on any accommodation request status. Accommodations are not retroactive. Accommodations, if approved by the Disability and Access Services Office, are effective the date the student provides his/her letter to the instructor.

Newly admitted or returning students seeking accommodation should contact the Disability and Access Services Office or visit the Disability and Access Services Office website (<http://www.navarrocollege.edu/support-services/disability-services/>). The Request for Services, Documentation Guidelines, Disability and Access Services Procedure Manual, and contact information can be found on the Disability and Access Services webpage.

Eligibility for Services

The Americans with Disabilities Act Amendments Act of 2008 (Amendments Act), effective January 1, 2009, amends the Americans with Disabilities Act of 1990 (ADA) and includes a conforming amendment to the Rehabilitation Act of 1973 (Rehabilitation Act) that affects the meaning of the term disability in Section 504 of the Rehabilitation Act (Section 504). To be protected under the ADA and Section 504, a student must be determined to: (1) have a physical or mental impairment that substantially limits one or more major life activities; or (2) have a record of such an impairment; or (3) be regarded as having such an impairment.

Documentation Requirements

It is the responsibility of the student to provide information that verifies that the student's condition meets the definition of a disability as defined by applicable laws (i.e., the ADA and Section 504). Federal Law requires that requests for services for students with disabilities be considered on an individual, case-by-case basis.

Criteria for the source, scope and content of documentation differs by disability type. Documentation should be current (within the last three years), be typed on letterhead, dated, and signed by a qualified professional, and contain the following information; a diagnostic statement with any related diagnostic methodology (diagnostic criteria and/or procedures), functional limitations or symptoms (limitations inform staff what accommodations are appropriate within an academic environment), severity and/or expected progression, and current medication(s) (treating specific limitations or symptoms and/or side effects causing limitations or symptoms). Documentation may include assessments, reports, and/or letters from qualified evaluators, professionals, or institutions. Common sources of documentation are health care providers, psychologists, diagnosticians, and/or information from a secondary school (e.g., Full and Individual Evaluation (FIE) or other Comprehensive Individual Assessment (CIA), Other Health Impairment Forms (OHI), and/or supplemental documentation).

Accommodation for Eligible Students

As part of the intake, students are encouraged to share information about his/her disability and what accommodation(s) he/she believes would be appropriate. Disability and Access Services Staff may make additional suggestions to assist those individuals who have trouble identifying his/her needs.

The accommodation must be reasonable, must be effective for the student, and must fit both the disability and the educational setting. Determining what is effective for the student, Disability and Access Services Office, and other College personnel (including faculty), when deemed appropriate. Ultimately, the NCDASO determines appropriate accommodation. It is recognized that from time-to-time, requested accommodation(s) may not be available due to course content requirements or program restrictions. Changes to accommodation(s) must be done in collaboration with, and authorization by, the NCDASO. Reasonable accommodation(s) for qualified students must comply with the academic and technical standards required for participation in the educational program or service.

The Disability and Access Services Office will prepare accommodation letters for each semester the student registers with the office. This letter will be emailed to each student's NC email account and will verify that the student qualifies for academic accommodation at Navarro College as well as indicate the type of accommodation(s) that have been approved. The accommodation letter is written to respect the student's confidentiality. Each student is expected to deliver the letter(s) via hard copy or email to his/her professor(s). Accommodations are not retroactive. Accommodations, if approved by the Disability and Access Services Office, are effective the date the student provides his/her letter to the instructor.

Housing Accommodations

Navarro College will consider reasonable housing accommodations for students with disabilities. Students that require housing accommodations due to a documented disability, will need to request accommodations with the Disability and Access Services Office at least four (4) weeks before the start of the semester. Students are required to follow the procedures for requesting accommodations as outlined in this document.

Each request will be individually evaluated with respect to the documentation presented and the accommodations requested. Housing accommodations may include room adaptations and adjustments, unless doing so would result in a fundamental alteration to the housing program.

TEXTBOOKS

The Navarro College Bookstore is an integral part of our campus. We are here to serve our students and offer affordable learning materials such as new and used textbooks, immediate Access, access codes, computers, and supplies. We also offer a wide variety of Navarro College apparel and gift items. All revenues earned by the bookstore are reinvested in our students in the form of scholarships and other needs.

LIBRARY SERVICES

The Navarro College Libraries serve students, faculty, and staff at four locations in Corsicana, Mexia, Midlothian, and Waxahachie as well as students enrolled in online classes. The library's core collection includes over 56,000 print books and 35,000 eBooks as well as the online Credo Reference Library. Through online and print serials subscriptions, the library provides access to the full text of thousands of magazines, newspapers, and scholarly journals. Online resources include a complete streaming video collection of The BBC Shakespeare Plays.

Interlibrary loan services enable students to borrow materials from libraries throughout the United States while intercampus loan services ensure to students at branch campuses ready access to books and other materials in the Richard M. Sanchez Library on the Corsicana campus. A librarian will, upon request of faculty on any campus, provide formal classroom instruction in the efficient use of the library's information resources. Video tutorials on the use of library materials and services can be found on the library's website. A number of course-specific online library Libguides provide a wealth of additional instructional material on subjects such as plagiarism, citation formats, research methods, and evaluating and using internet resources. The library maintains two computer labs on the Corsicana campus—one in the Gooch Student Center and one in the Richard M. Sanchez Library (where laptop computers are also available for checkout). The Sanchez Library offers classroom and

conference room spaces. Group-study rooms for small (2-6 students) and large (5-10 students) study groups may be reserved in the Sanchez Library.

The Samuels' Hobbit Collection, a unique collection of thirty-eight wood sculptures representing characters from J. R. R. Tolkien's novel *The Lord of the Rings*, is on display in the library.

For more information, visit the library's web site at <https://www.navarrocollege.edu/library/index.html>.

ACADEMIC CLASSIFICATION OF STUDENTS

A freshman student is one who has earned less than 30 semester hours of credit at the beginning of a registration period.
A sophomore student is one who has earned 30 or more semester hours of credit at the beginning of a registration period.

ACADEMIC INTEGRITY

The college expects all students to do their own schoolwork at all times. Any student guilty of dishonesty in academic work is subject to instructional consequences as defined in the course syllabus or departmental handbook and may include any of the following: a grade of zero, course failure, or removal from the program. A faculty member may begin such action if a student is accused of “cheating on academic work.” Cheating includes, but is not limited to:

1. Copying from another person's test paper or academic work;
2. Using, during a test, materials not authorized by the person giving the test;
3. Collaborating without authority with another person during an examination or in preparing academic work;
4. Knowingly using, buying, selling, stealing, transporting or soliciting, in whole or in part, the contents of a test prior to its being fully administered or without permission;
5. Substituting for another student or permitting another person to substitute for oneself to take a test or prepare other academic work; and
6. Stealing and deliberately using ideas or writings of others without giving written credit to them (plagiarism).

When a student is accused of academic dishonesty, the faculty member and the student will attempt to reach a resolution first and based on the course syllabus. If no resolution is achieved, the student may appeal to the appropriate instructional dean for review of the decision made by the instructor.

If the incident includes a violation of a departmental program requirement as stated in the course syllabus or departmental handbook, a student's written appeal should be reviewed through the instructional chain of command.

Only non-instructional testing violations occurring in the testing center (e.g., TSI, GED testing) may result in disciplinary review by Student Services.

ACADEMIC STANDARDS

ACADEMIC STANDARDS

TABLE OF CONTENTS

Minimum Standard of Work
Grades and Values
Grade Points

GRADE POINTS

Students earn grade-point values in courses in which they make satisfactory grades.

The letter grade "A" earns four grade points for each semester hour. A grade of "B" earns three points. A "C" earns two points, while a "D" earns one point for each semester hour. No points are allowed for an "F", "I", "W", "P", or "S" grade. "CR" grades due to valuated credit are not calculated as part of the student's grade-point average.

A student can determine his or her grade points in a course by multiplying the semester hour value of the course by the grade-point value of the grade received. For example, if the student is enrolled in a three-semester-hour course and makes a "B", nine grade points have been earned.

To determine the grade-point average, a student adds all the grade points earned and divides the total by the total number of semester hours that he or she attempted. If 15 semester hours were attempted, for example, and 30 grade points were earned, this would result in a 2.0 grade-point average, the equivalent of a "C" average.

Courses in which the student received a grade of "W" or "P" are not included in hours attempted. Grades from developmental studies are calculated into the student's grade-point-average for purposes of athletic eligibility, scholastic suspension and financial aid eligibility.

These grades are not included in the calculation for graduation.

As part of the student's grade-point average at graduation, Navarro College does not calculate grade points earned at other institutions except when considering graduation with honors.

GRADES AND VALUES

Final grades are reported for each student for every course undertaken according to the following grading system:

GRADE	Grade Score	INTERPRETATION	GRADE POINT VALUE
A	90 - 100	Excellent	4 Points
B	80 - 89	Good	3 Points
C	70 - 79	Average	2 Points
D	60 - 69	Poor	1 Point
CR	-	Equivalent	Not Computed
F	Below 60	Failing	0 points
I	-	Incomplete	Not Computed
W	-	Withdrawn	Not Computed
P/SA/SB/SC	-	Pass/Satisfactory	Not computed

To receive credit for a course, a student must earn a semester grade of not less than "D" or "CR."

Grading criteria for certain programs, including those in the health professions, may differ. Grading criteria for such courses or programs may be located in the course syllabus and/or program handbook.

MINIMUM STANDARD OF WORK

A cumulative grade-point average of 2.0 or better on a 4.0 scale is required for a student to graduate from any degree or certificate program within the college. Because it is necessary for a student to maintain this average in order to graduate, a 2.0 GPA is considered the minimum standard of work at Navarro College. Failure to maintain this minimum standard results in a student being placed on Academic Probation. If the student's academic performance is not satisfactory during the probationary period, the student will be placed on Academic Suspension for one regular semester. Scholastic Standards are defined as follows:

Good standing

The good standing is awarded to students maintaining a cumulative GPA of 2.0 or higher and who complete at least one course each semester/session of enrollment.

Academic Probation

Failure to maintain a 2.0, "C" cumulative grade-point average, will result in the student being placed on Academic Probation for the next semester enrolled. A student may remove himself/herself from Academic Probation by bringing his/her cumulative grade-point average to a 2.0 or better.

Academic Suspension

Should the student earn less than a 2.0 grade-point average for two semesters of enrollment and have less than a 1.5 grade-point average for the most current semester, the student will be placed on Academic Suspension for one regular semester (fall or spring).

It is the responsibility of the student to know whether the minimum standard of work requirement has been satisfied and whether he or she is eligible to continue enrollment in the college. An ineligible student who nevertheless registers may or may not be dropped by the college and shall not be entitled to special consideration on a plea of lack of knowledge of scholastic status. Students on financial aid who fail to meet the minimum standard of work may risk financial aid eligibility. Additionally, students who have attempted 30 credit hours of developmental coursework become ineligible to receive federal aid.

Some programs with special admission requirements may have more stringent GPA requirements.

ACADEMIC POLICIES

ACCESS TO STUDENT RECORDS

THE INSTITUTION PROTECTS THE SECURITY, CONFIDENTIALITY, AND INTEGRITY OF ITS STUDENT RECORDS. FAMILY EDUCATION RIGHTS AND PRIVACY ACT (FERPA)

What is FERPA

The Family Educational Rights and Privacy Act of 1974, as Amended (also sometimes referred to as the Buckley Amendment), is a federal law regarding the privacy of student education records and the obligations of the institution, primarily in the areas of release of the education records and the access provided to these education records.

Who must comply with FERPA

Any educational institution that receives funds under any program administered by the U.S. Secretary of Education is bound by FERPA requirements. Institutions that fail to comply with FERPA may have funds administered by the Secretary of Education withheld. To comply with FERPA, educational institutions are required to:

- Annually notify students of their FERPA rights;
- Protect the students' FERPA rights;
- Ensure that personally identifiable information from a student's education record is not re-disclosed;
- Keep records of requests for and disclosures of student education records (with some exceptions).

Education Records under FERPA

Under FERPA, education records are defined as records that are directly related to a student and/or from which a student can be identified (personally identifiable information) and are maintained by an education agency or institution or by a party acting for the agency or institution. Education records can exist in any medium, including: typed, computer generated, videotape, audiotape, film, microfilm, microfiche and email, among others.

Education records do not include such things as:

- Sole possession records, i.e., records/notes made by one person as an individual observation or recollection (used only as a personal memory aid) which are kept in the possession of the maker and not revealed or accessible to any other person except a temporary substitute;
- Medical treatment records that include but are not limited to records maintained by physicians, psychiatrists, and psychologists;
- Employment records when employment is not contingent on being a student, provided the record is used only in relation to the individual's employment;
- Records created and maintained by a law enforcement unit used only for only that purpose;
- Post-attendance records, i.e., information about a person that was obtained when the person was no longer a student (alumni records) and does not relate to the person as a student.

Student Rights under FERPA

FERPA rights transfer from the parent to the student when the student turns 18 or attends a post-secondary institution at any age. The student would need to provide a signed consent in order for the disclosure of information to the parents.

In accordance with FERPA, Navarro College annually notifies students of their FERPA rights. Students are notified of their FERPA rights in the college catalog, website, and student handbook. A student's FERPA rights include:

- The right to inspect and review their education records;
- The right to request the amendment of an education record they believe is inaccurate, misleading, or in violation of the student's rights of privacy (including the right to a hearing regarding the request for amendment);
- The right to have some control over the disclosure of information from their education records;
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the college to comply with the requirements of FERPA.

Right To Inspect and Review Education Records

Students (which includes former students) have the right to inspect and review their education records within 45 days from making such a request. The right of inspection and review includes: the right to access, with an explanation and interpretation of the record; the right to a copy of the education record when failure to provide a copy of the record would effectively prevent the student from inspecting and reviewing the record. The institution may refuse to provide a copy of a student's education record provided such refusal does not limit access.

Limitations exist on students' rights to inspect and review their education records. For example, the institution is not required to permit students to inspect and review the following:

- Financial information submitted by parents;
- Education records containing information about more than one student (however, the institution must permit access to that part of the records which pertains only to the inquiring student);
- Confidential letters and recommendations placed in the student's file before 01/01/75;
- Confidential letters and statements of recommendation, placed in the records after 01/01/75, to which the student has waived his or her right to review and that are related to the student's admission, application for employment or job placement, or receipt of honors.

Right to Have Some Control of the Disclosure Information from Education Records

According to FERPA, personally identifiable information in an education record may not be released without prior written consent from the student. The written consent must specify the records that may be disclosed, state the purpose of disclosures, and identify the party to whom disclosures may be made. A "Student Records Release Request" form is available in the Admissions Office or download and fill out .pdf version here: [Student Records Release Request](#).

Some examples of information that MAY NOT BE RELEASED without prior written consent of the student (with few exceptions stated below) are:

- Citizenship
- Disciplinary status
- Ethnicity
- Gender
- Grade point average (GPA)
- Marital status
- SSN/student I.D.
- Grades/exam scores
- Test scores (e.g., SAT, GRE, etc.)
- Progress reports

With few exceptions (stated below), Navarro College will not disclose personally identifiable information from a student's education record without the student's written consent. Navarro College will not release a student's record to a parent/guardian without the student's written permission. Such a policy is in effect regardless of the student's age or financial dependency upon the parent/guardian.

Exceptions

Notable exceptions which permit access and/or disclosure of information in a student's education record without the student's written consent include:

Directory Information: Disclosure of those items the College designates as directory information. Navarro College has designated the following information as directory information and may release this information, unless the student has submitted a request for non-disclosure:

- Name
- Address
- Navarro College dates of enrollment (semester of enrollment)
- Navarro College degrees earned (with dates)
- Academic honors and awards
- Enrollment status (number of credits, full-time/part-time)
- Currently enrolled (Y/N)
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Birth date (the college generally does not release this information; used only to confirm student records when performing third-party verifications)
- Place of birth

A student's directory information may be disclosed unless a student files a "Request for Non-Disclosure of Directory Information" form with the Admissions Office by the twelfth day of the semester (sixth day for summer semester). Forms are available in Admissions Office and in [electronic format \(pdf\)](#). Requests submitted after the deadline will be honored; however, disclosure of directory information may have occurred. In addition, Navarro College will honor requests for non-disclosure of directory information from former students. Students who wish to restrict directory information should realize that their names will not appear in the commencement bulletin and other college publications. Also, employers, credit card companies, loan agencies, scholarship committees and the like will be denied any of the student's directory information and will be informed that we have no information available about the student's attendance at Navarro College.

School Official: Disclosure to school officials with legitimate educational interests. A school official is defined as a person employed by the College in an administrative, supervisory, academic, or support staff position (including law enforcement unit); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; a student serving on an official committee, such as disciplinary or grievance committee; or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Solomon Amendment: Pursuant to the Solomon Amendment, Navarro College is required to provide some or all of the following information, upon request, to representatives of the Department of Defense for military recruiting purposes: student's name, address, telephone listing, date of birth (17 years or older), level of education, and academic major (for currently enrolled students only).

Other disclosures permissible without written consent include disclosure to: to officials of another school in which a student seeks or intends to enroll; specified officials for audit or evaluation purposes; appropriate parties in connection with financial aid to a student; organizations conducting certain studies on behalf of the College; accrediting organizations; appropriate officials in cases of health and safety emergencies; State and local authorities, within a juvenile justice system, pursuant to specific State law; victims of certain offenses the final results of a disciplinary proceeding regardless of the outcome; anyone the final result of a campus disciplinary proceeding in which a violation of certain offenses occurred; parents of a student under age 21 who violates drug or alcohol laws or policies; comply with a judicial order lawfully issued subpoena.

Note: Because the college must make a reasonable effort to notify a student about the subpoena for their education records, all subpoenas for student records must be forwarded to the Registrar's Office.

Right to File A Complaint

If a parent or eligible student feels that the college has not fully honored his/her privacy rights under FERPA, a written complaint may be filed with the Family Compliance Office, U.S. Department of Education, 400 Maryland Ave. SW, Washington, DC 20202-4605. The Family Compliance Office investigates each timely complaint to determine whether the educational agency or institution has failed to comply with the provisions of FERPA. A timely complaint is defined as an

allegation that is submitted within 180 days of the date of the alleged violation or of the date that the complainant knew or reasonably should have known of the alleged violation.

ATTENDANCE REQUIREMENT

Regular and punctual class attendance is expected at Navarro College as a key element for student success. Excessive absences are defined as two consecutive weeks of instruction in a 16-week semester (or the equivalent in any shorter term) and may result in being dropped from the course. The attendance policy for certain programs may be more stringent than the general policy due to clinical requirements or requirements of approving agencies. Faculty will discuss the course attendance policy at the beginning of each semester; however, students are responsible for reviewing the course syllabus and outline of each class and knowing the attendance requirements for the course. Students missing two consecutive weeks of class may be dropped from their course. A student's request for an excused absence shall be in writing and shall be delivered to the instructor of each class. Students should refer to the Navarro College Student Handbook for additional information. All students receiving Veterans Administration (VA) benefits must notify the Veteran's Certifying Official of any enrollment changes as soon as they are made. The Veterans Affairs benefit recipient needs to be aware that the VA may require repayment of all benefits received since the beginning of a semester for any course in which a "W" grade is received. Excused absences for an individual called to active military service should take into consideration retention of coursework completed during the portion of the course prior to the student being called to active military service and within a reasonable time after the absence for the completion of the assignments and examinations. Reasonable time is defined by the Texas Administrative Code as no more than 25% of the total contact hour time frame (excluding the final examination period) for the excused absence for active military service.

A student who is absent from class for the observance of a religious holy day shall be allowed to take an examination or complete an assignment scheduled for that day within a reasonable time after the absence. However the student must notify the instructor of each class scheduled on the date that the student would be absent for a religious holy day. A "religious holy day" means a holy day observed by a religion whose places of worship are exempt from property taxation under Section 11.20, Tax Code.

Any student who wishes to dispute a decision concerning his/her absence should follow the Student/Instructor Conflict Resolution procedures in a timely fashion and as described in the current Navarro College Student Handbook.

CHANGE OF ADDRESS

A student who, after registration, changes his or her home address or telephone number, is expected to notify the Office of Admissions and Records immediately. The student will be held responsible for any communication from the college sent to the address or telephone number last given and may not use the fact that the communication was not received at the current address or the telephone number to avoid penalties or responsibilities to the College.

To change a student address or telephone number, the student should log into Self Service at selfservice.navarrocollege.edu or click on [Update Student Info form](#).

CLASSROOM DECORUM

Navarro College seeks to promote a teaching and learning environment free from material and substantial classroom disruptions. Faculty have the authority and responsibility to effectively manage their classroom environments. Faculty may determine the time and manner for student questions and expression of points of view in the instructional setting. Accordingly, instructors should establish, communicate and enforce reasonable rules of classroom behavior and decorum via the syllabus and classroom discussion. These procedures are not intended to discourage appropriate classroom expression, discussion, or disagreement, but to promote respectful interactions.

Rules and expectations for the instructional setting should be established by the faculty member and communicated to the students via the course syllabus and classroom discussion at the beginning of the course. Such rules may contain reasonable restrictions in light of the instructional setting, teaching method, and learning objectives. They also may vary depending upon the educational context and class syllabi.

Disruptive behavior is prohibited. "Disruptive behavior" means conduct that interferes with or obstructs the teaching or learning process in the context of a classroom or educational setting, including conduct that distracts or intimidates others in a manner that interferes with instructional activities, fails to adhere to a faculty member's appropriate classroom rules or instructions, or interferes with the normal operations of the college. Faculty are the authority in the classroom and make the final determination of what is considered appropriate behavior.

Faculty who experience disruptive behavior in the classroom should email the student to identify the prohibited behavior that occurred, the rules that were violated, and the behavior that is required in the future.

If the disruptive behavior is serious or severe, the faculty member should immediately contact the dean or police, as appropriate.

The faculty member must document the severe disruptive behavior in writing by emailing the academic or instructional dean. The documentation should also include a copy of the email(s) provided to the student.

DISCLOSURE OF CONSUMER INFORMATION

Navarro College, in compliance with Title IV requirements for participation in federal financial aid programs, makes available to any prospective or enrolled student and current or prospective employee the following information:

- Campus Security Report – Navarro College is committed to providing a safe environment for students to learn and staff to work, and in keeping parents, students and employees well informed about campus security. A copy of the Navarro College campus security report is readily available in various locations on campus and from the NC Department of Public Safety.
- Information on Financial Assistance – Navarro College wishes to assist all prospective and current students in obtaining financial assistance while attending college. NC provides financial assistance information including aid available, how to

apply for aid, how financial aid is disbursed, and the criteria for measuring satisfactory academic progress in person and through publications located in the financial aid office and on the financial aid website.

- Student's Rights under FERPA (Family Educational Rights & Privacy Act) – Navarro College publishes in the college catalog information concerning student records maintained by the college and the release of that information. (See Family Rights and Privacy Act).
- Information About the Athletic Program – Navarro College maintains current information about the athletic program participation rates, financial support, and student completion rates. Athletic program information is available from the office of the athletic director.
- Completion or Graduation Rate – Navarro College, in compliance with the Student Right-To-Know Act, makes available to any prospective or enrolled student its completion or graduation rate. This information is available upon request from the Office of the Vice President of Enrollment Management and Institutional Effectiveness.
- Drug and Alcohol Abuse Prevention Information – Navarro College, in compliance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act (Public Law 101-226), provides information to students, faculty, and employees concerning how to prevent drug and alcohol abuse. Information for students may be found in the Counseling Center and for employees may be found in the Human Resources Office.

DROPPING AND/OR ADDING COURSES

Students are allowed to add or drop courses through the regular registration dates as specified in the college calendar for each individual semester. Students are allowed to add or drop classes during late registration by seeing an advisor. After the registration dates close, classes may not be added, but students may drop a course by completing a [Request for Dropping a Course form](#). It is the student's responsibility to visit with his or her instructor concerning course status before submitting the required paperwork to the Office of Admissions and Records to drop a course. The VA benefit recipient needs to be aware that the VA may require repayment of all benefits received since the beginning of a semester for any course in which the student receives a "W" grade. The deadline for receiving a "W" is indicated on the academic calendar and the current class schedule. Additionally, an instructor may drop a student from a course prior to the last day to drop on the academic calendar according to the terms written in the course syllabus and outline.

Note of Importance: Six-Course Drop Limit

Under Section 51.907 of the Texas Education Code, "an institution of higher education may not permit a student to drop more than six courses including any course a transfer student has dropped at another institution of higher education." This statute was enacted by the State of Texas in spring 2007 and applies to students who enroll in a public institution of higher education as a first-time freshman in fall 2007 or later. Any course a student drops is counted toward the six-drop limit if "(1) the student was able to drop the course without receiving a grade or incurring an academic penalty; (2) the student's transcript indicates or will indicate that the student was enrolled in the course, and; (3) the student is not dropping the course in order to withdraw from the institution."

Students must provide documentation for the following drop reasons: (1) change in work schedule; (2) care for a sick, injured, or needy person; (3) military duty; (4) severe illness; (5) death of a close relative.

EXAMINATIONS

Examinations in courses are provided as a means of evaluating the student's progress in a course. Instructors in the courses determine the number of examinations to be given. All students are expected to take all examinations in an atmosphere of honesty. Students should be aware that internet classes taken through Navarro College often require a student to take exams at an approved proctoring location such as Navarro College's testing centers or a similar setting at another approved location. Additional fees may be required for students choosing to take tests at a professor-approved location not affiliated with Navarro College. It is the student's responsibility to make arrangements with the instructor to complete examinations not taken in Navarro College's testing centers.

GRADE CHALLENGE POLICY

Classroom instructors at Navarro College have the responsibility and authority to award final grades in the class they are teaching; however, grades must be based on college policy, procedures, and written instructions in the form of a course syllabus. In cases where a student has a valid reason for challenging the grade awarded in a course, the student must first consult with the instructor and informally present his or her case. If the student and the instructor are not able to reach a mutual agreement, the student may request in writing, through the appropriate dean, a Grade Challenge Hearing. The appropriate dean must receive this written request within ten (10) days from the last day final grades may be posted. If, in the judgment of the dean, there are valid reasons for a grade challenge, the dean will appoint a Grade Review Committee, which will consist of one student, one instructor, and one dean who will chair the committee.

The Grade Review Committee will call a meeting, at which time the case will be reviewed. The committee chair will open the meeting by reading the grade challenge procedure. The student will then have 30 minutes in which to present to the committee the reasons for challenging the grade, including any evidence the student would like for the committee to consider. The instructor will then have 30 minutes in which to present to the committee the justification for the grade the student was awarded. The committee will then question both parties. The student and instructor may address questions to each other only through the chair of the committee. Both parties have the right to counsel, but the hearing will be conducted in private with only the student, faculty, and Grade Review Committee present. The student and the instructor will each be allowed three minutes in which to make a closing statement. After hearing both sides of the case, the committee will discuss the case in a closed session. Any decision must be based upon clear and convincing evidence. A written report of the committee's decision will be prepared and mailed or delivered to the student and the instructor within two business days.

If either party wishes to appeal the decision of the Grade Review Committee, he or she may do this in writing to the Vice President of Academic Affairs. The Vice President of Academic Affairs must receive this written request within ten (10) days from the date of the Grade Review Committee decision or the appeal denial by the dean. The Vice President of Academic Affairs has the option to call a meeting with the student. This meeting will be conducted in private with only the student and Vice President of Academic Affairs present.

If there are valid reasons to continue the investigation, the Vice President of Academic Affairs will then appoint the Administrative Staff Committee, consisting of three administrators (excluding the Vice President of Academic Affairs and the District President) who will review all evidence of the Grade Review Committee meeting and any additional evidence provided by the student and the instructor. Both parties have the right to counsel, but the hearing will be conducted in private with only the student, faculty, and Administrative Staff Committee present. Both parties will be allowed to make a summary statement. Either or both parties may, in addition to the written statement, present any additional evidence orally.

The committee will research the decision and prepare a written report that will be sent to each of the people concerned. The decision of the Administrative Staff Committee will be final and binding, and a written report of the committee's decision will be prepared and mailed or delivered to the student, the instructor, and the appropriate dean within two business days of the decision.

As referenced in the Student Grievances Procedures, the role of the District President in these procedures is not to decide the case or appeal thereof, but merely to determine whether the administrative chain of command has adhered to Navarro College.

No outside recording devices will be allowed. The institution will record and maintain an official recording of the initial hearing and the subsequent meeting and hearing as applicable. Committee deliberations will not be recorded. Recordings will be kept on file in the appropriate dean or Vice President's office. Recordings will be available for one year after the date of the final hearing or meeting by request, in writing, to involved parties only from the applicable dean or Vice President's office.

HOLD ON STUDENT RECORDS

Grades and transcripts will not be released if the student has a "hold" on his/her records. Holds may be placed on a student's record for failure to meet admission requirements, for financial reasons (returned checks, overdue loans, etc.), a financial aid hold, for materials overdue at the Library, or for other reasons deemed necessary by the college. These holds can be released only after the cause of the hold has been satisfactorily cleared.

NON-CREDIT/AUDITING OF COURSES

Individuals who wish to observe a college course may register as a non-credit/audit student. Non-credit/audit students do not receive college credit but do pay the same tuition and fees as if they were taking the course for credit. The student is not required to take tests, turn in papers, or attend classes, and the student may not receive credit for the course unless the student repeats the course for credit.

A non-credit/audit student must be eligible for admission to the College. The use of laboratory equipment, supplies, and participation in fieldwork by the non-credit/audit student will be determined by the faculty member. The faculty member is not obligated to take any papers or examinations from the non-credit/audit student. In general, the most appropriate courses for non-credit/audit are lecture courses; however, noncredit/audit students may not be accepted into certain courses because of space limitations, course prerequisites or requirements, or the nature of instruction. The student must obtain permission from the course faculty member and appropriate Dean who has authority to grant students permission to audit particular courses. Permission to audit performing and activity courses will not be granted. Students may enroll to audit a course only during late registration. A student may not change from credit to non-credit/audit or from non-credit/audit to credit after the scheduled late registration period. No refunds of tuition and fees will be made to a noncredit/audit student who withdraws or drops a class.

PROGRAM OF STUDY DISMISSAL PROCEDURE

Students may be dismissed from a program of study at Navarro College for various reasons, including but not limited to grades, violations specified in the program of study handbook, and/or conduct. Certain programs of study such as Allied Health (Nursing, OTA, PTA, and MLT) and Protective Services (Fire, EMT, Paramedic, and Police) may require additional standards of conduct and may involve additional programmatic decisions that must be made through the program of study director/coordinator and his/her dean consistent with the Student/Instructor Conflict Resolution Procedures. Students in these programs of study will be required to abide by both the Navarro College Student Handbook and the program of study's specific student handbook. In cases where a student has a valid reason for challenging dismissal from a specialized program of study, the student must request, in writing through the appropriate dean, a Program of Study Dismissal Challenge Hearing.

The appropriate dean must receive this written request within ten (10) days from the notice of dismissal. If, in the judgment of the dean, there are valid reasons for a program of study dismissal challenge, the dean will appoint a Program of Study Dismissal Review Committee, which will consist of one student, one instructor, and one administrator, with the chair of the committee also being appointed by the dean.

The Program of Study Dismissal Review Committee will call a meeting, at which time the case will be reviewed by first hearing the program's justification for the dismissal and hearing the student's challenge of the dismissal. The program of study faculty may present a rebuttal testimony based on valid evidence after the student has stated his or her own position. The committee will then question both parties. The student and program of study faculty may address questions to each other only through the chair of the committee. Both parties have the right to counsel, but the hearing will be conducted in private with only the student, faculty, and Program of Study Dismissal Review Committee present. Both parties will be allowed to make a summary statement. After hearing both sides of the case, the committee will discuss the case in a closed session. Any decision must be based upon clear and convincing evidence. A written report of the committee's decision will be prepared and mailed or delivered within 48 hours to the student and the program of study director/coordinator.

If either party wishes to appeal the decision of the Program of Study Dismissal Committee, he or she may do this in writing to the Vice President of Academic Affairs. The Vice President of Academic Affairs must receive this written request within ten (10) days from the date of the Program of Study Dismissal decision or the appeal denial by the dean. The Vice President of Academic Affairs has the option to call a meeting with the student. This meeting will be conducted in private with only the student and Vice President of Academic Affairs present.

If there are valid reasons to continue the investigation, the Vice President of Academic Affairs will then appoint a Administrative Staff Committee, consisting of three administrators (excluding the Vice President of Academic Affairs, the President of Ellis County Campuses, and the District President) who will review all evidence of the Program of Study Dismissal Review Committee meeting and any additional evidence provided by the student and the program of study faculty.

Both parties have the right to counsel, but the hearing will be conducted in private with only the student, faculty, and Administrative Staff Committee present. Both parties will be allowed to make a summary statement. Either or both parties may, in addition to the written statement, present any additional evidence orally. The committee will research the decision and prepare a written report that will be sent to each of the parties concerned. The decision of the Administrative Staff Committee will be final and binding, and a written report of the committee's decision will be prepared and mailed or delivered within 48 hours of the decision to the student and the program of study director/coordinator and/or dean

As referenced in the Student Grievances Procedures, the role of the District President in these procedures is not to decide the case or appeal thereof, but merely to determine whether the administrative chain of command has adhered to Navarro College procedures.

No outside recording devices will be allowed. The institution will record and maintain an official recording of the initial hearing and the subsequent meeting and hearing as applicable. Committee deliberations will not be recorded. Recordings will kept on file in the appropriate program dean or vice president's office. Recordings will be available for one year after the date of the final hearing or meeting by request, in writing, to involved parties only from the applicable program dean or vice president's office.

REPETITION OF COURSES AND ACADEMIC FRESH START

If a student repeats a course for which credit has previously been received, the higher grade is the grade of record. Neither the hours nor the grade points associated with the lower grade will be used to determine the student's eligibility to graduate; however, the lower grade will remain on the student's transcript.

Academic Fresh Start

The Texas Education Code, section 51.931, entitles residents of Texas the option to have coursework taken 10 or more years prior to the starting date of the semester in which the student plans to enroll either included or ignored for admission purposes. For additional information regarding the "right to an academic fresh start," contact the Office of Admissions and Records.

RESIDENCY REQUIREMENTS

In order for a student to be classified as an in-state resident for tuition purposes, the student must have created a domicile in Texas and resided in Texas the 12 months immediately preceding registration at a Texas public institution. Specific information about state residency requirements can be obtained from the Office of Admissions and Records. The Board of Trustees of Navarro College has authorized the waiver of the difference in the rate of tuition for nonresident and resident students for a person, or his or her dependents, who own property that is subject to ad valorem taxation by the district. The person, or his or her dependents, applying for such a waiver shall verify property ownership by presentation of an ad valorem tax statement or receipt issued by the tax office of the district; or by presentation of a deed, property closing statement, or other appropriate evidence of ownership of property that is subject to ad valorem taxation by the district. Based on SB 1528, a foreign individual who enters a Texas institution of higher education is classified as a resident of Texas if he or she:

- 1.Attended a Texas public or private high school;
- 2.Graduated from the high school or received the equivalent of a high school degree in Texas;
- 3.Resided in Texas for at least three (3) consecutive years as of the date he/she graduated from high school or received the equivalent of a high school degree;
- 4.Provides his/her college an affidavit that he or she intends to file an application to become a permanent resident of the United States at the earliest opportunity the individual is eligible to do so.

RESOLUTION OF DISPUTES CONCERNING TRANSFER COURSES

Navarro College follows policy outlined in Texas Public Education Code §4.27 for the resolution of transfer courses:

- 1.The following procedures shall be followed by institutions of higher education in the resolution of credit transfer disputes involving lower-division courses:
 - a.If an institution of higher education does not accept course credit earned by a student at another institution of higher education, the receiving institution shall give written notice to the student and to the sending institution that transfer of the course credit is denied, and shall include in that notice the reasons for denying the credit. Attached to the written notice shall be the procedures for resolution of transfer disputes for lower-division courses as outlined in this section, accompanied by clear instructions outlining the procedure for appealing the decision to the Commissioner.
 - b.A student who receives notice as specified in paragraph (1) of this subsection may dispute the denial of credit by contacting a designated official at either the sending or the receiving institution.
 - c.The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with Board rules and guidelines.
 - d.If the transfer dispute is not resolved to the satisfaction of the student or the sending institution within 45 days after the date the student received written notice of denial, the sending institution may notify the Commissioner in writing of the request for transfer dispute resolution, and the institution that denies the course credit for transfer shall notify the Commissioner in writing of its denial and the reasons for the denial.
- 2.The Commissioner or the Commissioner's designee shall make the final determination about a dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institutions.
- 3.Each institution of higher education shall publish in its course catalogs the procedures specified in subsections (a), (b), (d), and (e) of this section.

4. The Board shall collect data on the types of transfer disputes that are reported and the disposition of each case that is considered by the Commissioner or the Commissioner's designee.
5. If a receiving institution has cause to believe that a course being presented by a student for transfer from another school is not of an acceptable level of quality, it should first contact the sending institution and attempt to resolve the problem. In the event that the two institutions are unable to come to a satisfactory resolution, the receiving institution may notify the Commissioner, who may investigate the course. If its quality is found to be unacceptable, the Board may discontinue funding for the course.

Source Note: The provisions of this §4.27 adopted to be effective May 27, 2003, 28 TexReg 4109

Students needing assistance with the resolution of transfer courses under this policy are advised to contact the office of the Executive Dean of Academic Studies.

RULES AND REGULATIONS

All Navarro College students, personnel, college representatives, and visitors taking part in college-sponsored activities have the responsibility to comply with all rules and regulations established by the Board of Trustees and state and federal laws as they exist or may be subsequently enacted and adopted. The Board of Trustees has the right to establish and cause the enforcement of policies that it deems appropriate in order for administrators to operate the college in a lawful and orderly manner. No group can supersede this right of the Board of Trustees. All officers commissioned by the governing board of a state institution of higher education may be empowered by the board to enforce rules and regulations promulgated by the board.

As stated in Code, "Nothing in this subchapter is intended to limit or restrict the authority of each institution to promulgate and enforce rules and regulations for the orderly conduct of the institution in carrying out its purposes and objectives or the right of separate jurisdiction relating to the conduct of its students and personnel" (Article 51.210, Higher Education Code). "It is unlawful for any person to trespass on the grounds of any state institution of higher education of this state or to damage or deface any of the buildings, statues, monuments, memorials, trees, shrubs, grasses, or flowers on the grounds of any state institution of higher education" (Article 51.204, Higher Education Code). "The governing board of a state institution of higher education or its authorized representatives may refuse to allow people having no legitimate business to enter on property under the board's control, and may eject any undesirable person from the property on his refusal to leave peaceably on request. Identification may be required of any person on the property" (Article 51.209, Higher Education Code).

These principles in no way negate the right of any person or group to present in an orderly manner, through the proper channels of communications, suggestions and/or proposals that properly fall within one's area of concern, nor are these rules intended to deny the lawful exercise of constitutional rights.

SCHOLASTIC PROBATION / SUSPENSION

Good Standing

The status of good standing is awarded to students maintaining a cumulative GPA of 2.0 or higher and who complete at least one course each semester/session of enrollment.

Academic Probation

Failure to maintain a 2.0, "C" cumulative grade-point average, will result in the student being placed on academic probation for the next semester enrolled. A student may remove himself/herself from academic probation by bringing his/her cumulative grade-point average to a 2.0 or better.

Academic Suspension

Should the student earn less than a 2.0 grade-point average for two semesters of enrollment and have less than a 1.5 grade-point average for the most current semester, the student will be placed on academic suspension for one regular semester (fall or spring). Students who are on academic suspension will not be allowed to register for classes.

Right of Appeal

A student who has been placed on academic suspension and who feels that his or her case deserves special consideration may appeal the decision in person to the appropriate Academic/Campus Dean, who may, in extenuating circumstances, reinstate the student for one additional semester. If readmission is granted, the student will re-enter on academic suspension for that one semester until end of course grades determine the student's academic standing for the next semester.

SETTLEMENT OF OBLIGATIONS

Students who do not pay or make satisfactory arrangements to pay their account, will have their schedules removed. Students who do not pay, or make satisfactory arrangements, to pay all financial obligations to the college may have their course credits and grades withheld. Transcripts will not be sent and a student will not be allowed to register for classes. No degree or certificate will be awarded until all financial obligations are settled. The term "financial obligations" shall include the return of all properties of the college on student assignment including library books.

STUDENT / INSTRUCTOR CONFLICT RESOLUTIONS

If a student feels an instructor has treated him/her unfairly, the student should take the following steps to resolve the issue. The College believes that matters involving an instructor and student(s) are best resolved at that level; therefore, with only the exception of safety matters (e.g., harassment, sexual misconduct, Title IX complaint) which should be referred to the Title IX Office, the following procedures are recommended for all other student-instructor conflict resolutions.

1. The student should first meet with the instructor to discuss the issue or concern. This approach ensures the instructor is aware of the issue/concern and provides an opportunity for resolution.

- 2.If after meeting with the instructor, the student feels the issue has not been resolved, he/she should next meet with the appropriate dean for further discussion. The instructor or the Admissions and Records office can provide the name of the appropriate dean.
- 3.If the student continues to believe the issue/concern remains unresolved, the student may meet with the appropriate executive dean.
- 4.The expectation is that the issue/concern involving an instructor and student will be resolved by the time it reaches the executive dean. However, if necessary the student may continue to pursue the issue in writing with the Vice President of Academic Affairs, who is the final authority regarding student/instructor disputes.

As referenced in the Student Grievances Procedures, the role of the District President in these procedures is not to decide the case or appeal thereof, but merely to determine whether the administrative chain of command has adhered to Navarro College procedures.

NOTE: Under certain circumstances students may not be allowed to continue in class until the grievance or appeal is resolved.

STUDENT ACADEMIC GRIEVANCE

Academic grievances are categorized as GRADE-RELATED or NON-GRADE RELATED TO CLASSROOM. Grade-related grievances should be resolved following the Grade Challenge Policy. Non-grade related instructional issues should be resolved following the Student/Instructor Conflict Resolution Policy.

NOTE: Under certain circumstances students may not be allowed to continue in class until the grievance or appeal is resolved.

STUDENT CONDUCT

Navarro College administration grants the student as much freedom as is compatible with the ordinary rules of society governing proper conduct. Disciplinary regulations are, therefore, kept to a minimum and are listed in the [Student Handbook](#), which may be found on the Navarro College website. Students are responsible for obtaining, reading, understanding, and abiding by the guidelines in the [Student Handbook](#).

STUDENT GRIEVANCE PROCEDURES

Navarro College provides all student and administrative services on a non-discriminatory basis. These services are provided without regard to sex, sexual orientation, color, race, national origin, age, and handicap. With this in mind, a student grievance may encompass any dissatisfaction, complaint, or perceived injustice a person may have while associated with the college, as a current, **prospective, or past student**.

INITIAL CONFLICT PROTOCOL

A student grievance may result from academic experiences, non-academic matters involving administrators, staff, or student organizations, or matters related to perceived discrimination based on sex, color, race, national origin, age, or handicap. Any student who believes he/she has been discriminated against by college personnel for any reason, including discrimination on the basis of sex, color, national origin, age, or handicap, has the right to expect due diligence and should contact the office of the Vice President of Student Services within ten business days of the initial concern to file a Student Discrimination Grievance. A student who works either part-time or full-time for the College and whose grievance is based on a concern involving his/her employment may contact the Human Resources Office; however, all complaints of student discrimination, harassment, assault or retaliation should be submitted in writing to the Vice President of Student Services. (See Board Policies, Sections DFD and FFE on Sexual Misconduct).

All complainants should attempt first to resolve the issues where they arise and with appropriate parties involved. Chain of command protocol should be followed beginning with the staff person with whom the issue lies; if the problem is not resolved, the appropriate supervisor should be contacted next and, if needed, followed with subsequent reporting levels of administration. The only exceptions to this rule would be in response to a concern over safety (e.g., harassment, sexual misconduct/Title IX complaint). All staff should follow the Staff Protocol in Response to Student Grievances (below) in providing guidance to students.

LEGAL COUNSEL

Legal counsel may be present with adequate notice (24 hours usually is sufficient to allow college counsel to be present) and is to be allowed only for the purpose of advising the student. Thus, all attorneys must remain outside the hearing room. The student and the College representative each may request one 5-10 minute recess to consult with his/her attorney outside the hearing room. Legal counsel may not participate otherwise in a hearing at any level.

All *individual* student grievances should be resolved as follows:

INSTRUCTIONAL COMPLAINT

A student who has a grievance related to a final course grade must follow the "Grade Challenge Policy" found in the Student Handbook and the Academic Catalog. Similarly, a student whose concern pertains to a closed program of study should follow the "Program of Study Dismissal" procedure. A student who may have a concern with an instructor, his/her instructional decision, and/or another instructional program matter should follow the "Student/Instructor Conflict Resolution" policy. These academic policies may be found under the section entitled "Student Academic Grievance" within the current Academic Catalog.

NON-INSTRUCTIONAL COMPLAINT

A student with a grievance outside the classroom should pursue resolution through the course of action most appropriate to the department involved and as follows:

ADVISING / ADULT EDUCATION & LITERACY / LIBRARY / TUTORING

A student who has a grievance related to advising, Adult Education & Literacy, the library, or tutoring should first contact the director or dean for that department; if the problem is not resolved, the student may present the grievance to the Vice President of Academic Affairs.

STUDENT DISCIPLINE

Students who have a grievance related to discipline must follow the Disciplinary Appeal Procedures found in the current Student Handbook.

TITLE IX / SEXUAL MISCONDUCT

An individual with knowledge of a complaint or allegation of sexual misconduct committed by staff, a student, or other individual should contact the Title IX Coordinator or designee (see Board Policies, Sections DFD and FFE on Sexual Misconduct).

BULLDOG LIFE / CULTURE OF CARING / DISABILITY SERVICES / STUDENT LIFE / COUNSELING / STUDENT CONDUCT / TESTING / INTERNATIONAL SERVICES / TRIO

Students who have a grievance related to other student services (e.g., Bulldog Life, Culture of Caring, disability services, activities, clubs, counseling, student conduct, testing, international program services, or TRIO) should first contact the director of that department; if the problem is not resolved, the student may present the grievance in written form to the Vice President of Student Services.

FINANCIAL AID/RESIDENCE LIFE/COMPUTER INFORMATION TECHNOLOGY/DINING SERVICES/BUSINESS OFFICE

A grievance related to Financial Aid, Residence Life, Computer Information Technology, Dining Services, or the Business Office will be brought to the attention of the director of that department; if the problem is not resolved, the student may present the grievance in writing to the Vice President of Finance and Administration. The exception to this would be *conduct-related* acceptance or re-acceptance into Residence Life programming, in which case the appeal should follow the protocol referenced in the Residence Life manual with the option for final appeal to be submitted in writing to the Vice President of Student Services.

ADMISSIONS/RECRUITING/MARKETING/INSTITUTIONAL RESEARCH

Grievances related to Admissions, Recruiting, Marketing, or Institutional Research will be brought to the attention of the director of that department; if the problem is not resolved, the student may present the grievance in writing to the Vice President of Enrollment Management and Institutional Effectiveness. The exception to this would be *conduct-related* admissions or re-admissions decisions (e.g., transcript notations regarding conduct) which should be directed to the Vice President of Student Services and which may be reviewed by the Behavior Intervention Team; final appeal for a conduct-related decision may be sent in writing to the Vice President of Student Services.

ATHLETICS

A grievance related to athletics will be brought to the attention of the Head Coach. If the problem is not resolved, the student may present the grievance in writing to the Director of Athletics.

BOOKSTORE / SCHOLARSHIPS / PHYSICAL PLANT/CAMPUS POLICE

A grievance related to the bookstore, scholarships, the physical plant, campus police will be brought to the attention of the director of that department; if the problem is not resolved, the student may present the grievance in writing to the Vice President of Institutional Advancement and Operations.

FINAL APPEAL

In each of these areas, the decision of the appropriate vice president or athletic director is considered final and binding. In all grievances except in the case of Student Discrimination, the role of the District President is not to decide the case or appeal thereof, but merely to determine whether the administrative chain of command has adhered to Navarro College procedures.

TIMELINE FOR FILING A GRIEVANCE

In resolving a student grievance, timely reporting of the complaint is important and thus required at all levels. Unless stated otherwise within procedural guidelines, the appropriate timeframe for filing a written grievance should be within ten business days from the date in which the student is first aware or notified of the issue of concern. Written appeals to the next/ subsequent level of the process must be made within two business days of the student's receipt of the institution's appellate decision. Any earlier, more expedient timelines detailed within the appropriate Navarro College procedure (e.g., Residence Life Appeals) supersede these general timeline guidelines provided to maintain a safe and civil college environment. Additionally, exceptions to these deadlines may be made only at the discretion of the District President or the appropriate vice president.

THECB COMPLAINT

The Texas Higher Education Coordinating Board's (THECB) Student Complaint Procedure (19 TAC SS 1.110-1.120) requires that a student filing a complaint must do so in a timely manner and must exhaust all grievance and appeal procedures of the institution as described in the Navarro College Student Grievance Procedure PRIOR to filing a complaint at the following address: StudentComplaints@THECB.state.tx.us. URL for the Texas Secretary of State: <http://www.sos.texas.gov/index.html>.

SACSCOC REGIONAL ACCREDITATION

Additionally, the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) provides an option for grievances as part of its "Complaint Procedures against SACSCOC or its Accredited Institutions" and which can be utilized once the complainant has exhausted all grievance and appeal procedures of the institution as described in the Navarro College Student Grievance Procedure.

PROGRAM-SPECIFIC ACCREDITATION ORGANIZATIONS

In addition to general institutional accreditation under SACSCOC, individual departmental programs (including, but not limited to nursing, medical lab technology, occupational therapy assistant, physical therapy assistant, or cosmetology) may be associated with program-specific accreditation organizations with which a student may consult at any time. Contact information is provided for these program-specific accreditation organizations on the College's program-specific departmental website.

STUDENT GRIEVANCE FORM

Except in the case of safety (e.g., harassment/sexual misconduct/Title IX complaint), a student should first attempt to resolve the issue directly with the staff member of concern and if the student feels that this has not been successful, the student may contact the supervisor directly—either in person, by phone or email or by utilizing the Student Complaint/Grievance Form <https://www.navarrocollege.edu/support-services/grievance/index.html>.

STUDENT FEEDBACK/SGA GENERAL ASSEMBLY

Each semester the College solicits feedback on the College website to obtain concerns and suggestions regarding the improvement of college services. Students also may voice their ideas for improvement at regularly scheduled Student Government Association meetings on the Corsicana and Waxahachie campuses throughout the fall and spring semesters. However, for the individual student concerns or grievances, students should follow the grievance procedures detailed above. Additionally, with suggestions for improvement to specific programs, students may find it helpful to follow the same hierarchical chain as described above.

STAFF PROTOCOL IN RESPONSE TO STUDENT GRIEVANCES

When a staff member is approached by a student with a grievance, the staff member should employ appropriate protocol. The student should be referred to either the current Navarro College Student Handbook or the current Navarro College Academic Catalog, specifically in reference to the appropriate section.

Additionally, staff may assist the student by referencing the following protocol: 1) polite communication with the staff member of concern, and 2) if not resolved, subsequent communication with the supervisory chain of command in successive order, except in the case of safety (e.g., harassment, sexual misconduct/Title IX complaint). Students should be instructed to follow up on the resolution of such matters in a timely matter as defined in the Student Grievance Procedures and to consult the current Navarro College Student Handbook and/or the office of the Vice President of Student Services for further, more specific information.

RECORDS RETENTION

All administrators—directors, deans, and vice presidents—are expected to maintain thorough and appropriate records of student grievances in accordance with the State of Texas Records Retention Schedule, all federal requirements provided by the U.S. Department of Education, SACSCOC regional and program accreditation requirements, and applicable Navarro College policies and procedures.

STUDENT LOAD

The normal load for a student is five courses exclusive of kinesiology and applied music.

A regular full-time student is defined as a student who takes a minimum of 12 semester hours in a fall or spring semester or who takes a minimum of six (6) semester hours during a six (6) week summer session.

Students may take up to 19 hours in a fall or spring semester, up to (9) semester hours in an eight (8) week semester, and up to seven (7) semester hours in a six week summer term, not to exceed 14 semester hours for the entire summer.

Students may only enroll in one course in a three (3) week mini-term.

Exceptional students, whose grade point average exceed 3.0, may take up to 21 semester hours in a fall or spring semester.

Approval of a student overload must be in writing from the appropriate Executive/Campus Dean.

The course load of a student on probation may be limited to 16 semester hours.

Students enrolled in developmental studies classes may be similarly required to limit their course load.

STUDENT RIGHTS AND RESPONSIBILITIES

Navarro College holds that the student, upon enrollment, neither loses the rights nor escapes the duties of a citizen. Enjoying great opportunities, at partial expense to the state of Texas, the student-citizen has a responsibility to him/herself, fellow students, to the law of the land, and the institution in which, by his/her own choice, he/she enrolls. In addition to the rights enjoyed by all citizens and residents, the rights afforded students by Navarro College include:

- The right to expect an education of the highest quality;
- The right to privacy for their college records (see the Navarro College Catalog, Family Educational Rights and Privacy Act);
- The right to see their records and, if necessary, challenge their accuracy;
- The right to know the graduation rates for fulltime certificate and degree-seeking students;
- The right to know the graduation rates of students on athletic scholarships;
- The right to know the number of criminal offenses (if any) that occurred on Navarro College campuses and were reported to campus officials or a police agency in the past year (the Jeanne Clery Act);
- The right to know the number of arrests, if any, for liquor law, drug abuse, and weapons violations committed on campus during the past year;
- The right to due process;
- The right to pursue grievances against instructors, administrators, or fellow students.

Students who are admitted to Navarro College and continue their enrollment are expected to conform to established rules and regulations of the college. Also, they are expected to have reasonable probability of success and adjustment to the social and educational climate of the college. Because some students have difficulty adjusting to the total college environment, students may be denied admission or readmission to Navarro College for reasons other than academic. Such reasons include, but are not limited to: (1) inappropriate conduct and behavior; (2) observable social or emotional characteristics that would cause resistance to the overall educational process of the college or would cause disruption of the social and academic environment; (3) disrespect for college personnel and other students; (4) harassment; (5) misrepresentation of factual information; and (6) inability to comply with college rules, regulations, and policies.

Denial of admission or readmission to Navarro College involves the exercise of judgment by college administrators; therefore, the denial process involves the systematic collection of available facts and information, which might include, but is not limited to, such areas as police, court or records of other public agencies; records or observations of a disciplinary nature from Navarro College and/or other educational institutions; observations and judgments of people of acquaintance; recommendations of counselors, psychologists or other professionals; observations and recommendations of supervisors or authorities; observations or judgments of law enforcement officers or other public authorities; results of commonly accepted test or other instruments; or any other source of available information relevant to making an assessment of the student's probable behavior.

WITHDRAWAL FROM THE COLLEGE

Any student who voluntarily withdraws from all classes for which he/she is enrolled must fill out a complete withdrawal form available at the following link: [Application for Complete Withdrawal](#). The drop will be processed based on the date the completed form is received in the Office of Admissions and Records. The withdrawal will not be official until the form is signed by the student and clearance has been obtained from the offices noted on the form. Students who drop a class or withdraw from the College before the semester deadline will receive a grade of "W" (withdrawn) in each class dropped. The deadline for receiving a "W" is indicated on the academic calendar. See "Refund Policy" for possible refund eligibility.

"I" GRADE REMOVAL AND GRADE CHANGE LIMITATION

A grade of "I" (incomplete) may be awarded to a student at the instructor's discretion when an unforeseen, documented emergency or other documented extenuating circumstance the instructor deems appropriate prevents the student from completing the work in a course. Examples of extenuating circumstances include but are not limited to:

- Severe illness
- Death of a close relative
- Pregnancy
- Job related travel that could not be rescheduled
- Military Duty

In order to receive an "I" for the course, the student must have successfully completed at least 70% of the course work with a passing grade. An Incomplete Grade Contract will be completed by the instructor, approved by the appropriate Dean, and signed by the student with documentation attached explaining the emergency. The contract will outline the coursework the student must accomplish in order to complete the course and receive a final grade. If the work required to remove the "I" grade is not completed by the last class day of the subsequent long semester following the semester in which the student received the grade of "I," the "I" grade will become an "F" grade. Once the contract has been submitted, the student may not be withdrawn from the course. With the exception of the "I" grade, no grade may be changed 30 days after the close of a semester.

Adult Education and Literacy
English Language Institute (ELI)

ADULT EDUCATION AND LITERACY

The Adult Education and Literacy Program offers High School Equivalency (HSE) and English as a Second Language (ESL) classes free of charge in Navarro, Ellis, Kaufman and Rockwall counties for students who have not graduated high school or test in the non-college ready range on an approved testing metric. Adult Education and Literacy (AEL) is a program that provides instruction for adults whose ability to compute, speak, read, or write the English language substantially impairs their ability to find or retain employment commensurate with their real ability.

Students must qualify for the Adult Education Program through a state approved test. The instruction in Adult Education and Literacy program is designed to help adults by increasing their independence, increasing their opportunities for more productive and profitable employment, and making them better able to meet adult responsibilities.

The HSE (High School Equivalency) preparation classes help provide a means for determining the education level of adults who did not complete a formal high school education. A certificate of high school equivalency may be issued to adults who successfully complete a HSE examination, verifying that the holder has demonstrated a level of educational competence equivalent to that of a high school graduate. The certificate may be used to meet job requirements and for admittance to college.

ESL (English as a Second Language) classes are designed to provide English instruction, in a comfortable and informal setting, to those who are not fluent in reading, writing or speaking the English language. Additional program classes include Citizenship classes and Integrated Education and Training support classes.

Citizenship classes assist the student in preparing for the 100 question Naturalization test and completion of the N-400 Form to apply for citizenship.

The Integrated Education and Training classes support students in basic skills acquisition in direct relation to approved Continuing Education (CE) and Career and Technical Education (CTE) classes. These classes promote student success in the CE and CTE classes. Students must test for grant eligibility prior to enrollment in this program.

ALTERNATIVE INSTRUCTIONAL METHODS - DISTANCE LEARNING

Distance Learning refers to courses that are offered outside of a traditional classroom using a variety of technologies for delivery. Navarro College provides several types of distance learning classes to help fit the needs of our students.

Online (Internet) Courses

Online courses allow students to take courses from virtually anywhere and anytime of the day or night. Students taking online courses must have reliable access to a computer and an internet connection. These courses are NOT truly self-paced as they are scheduled to run concurrent with on-campus courses during the standard fall, spring, and summer, and mini semesters. Students will gain access to their classes through our Canvas learning management system.

Hybrid Courses

Hybrid courses are defined as courses in which a majority (more than 50 percent but less than 85 percent), of the planned instruction occurs when the students and instructor(s) are not in the same place. In hybrid classes, a significant amount of the course learning activity is moved online, which allows for a reduction of time spent in the classroom. Hybrid courses give

students the experience of taking a class online, while at the same time having face-to-face time with their professor and classmates.

DigiTex (formerly Virtual College of Texas, or VCT)

DigiTex is a consortium of Texas community colleges that offer courses to students who are unable to find a specific course at their area college. If you are attending Navarro College and the course(s) that you need for your degree is/are not offered online by Navarro College, you may reserve space in a class at another DigiTex college. Credit for the class will be transcribed through Navarro College.

IMPORTANT NOTE: All DigiTex course syllabi and faculty qualifications must be approved by the appropriate Department Chair and Executive Dean prior to registration. Please be advised the approval process can take some time, so your patience is appreciated. If the course and/or professor has not been approved, you will not be able to register for the class.

Interactive Web Conference Courses

An Interactive Web Conference is a class in which a professor teaches at one location while students in another location receive live, two-way audio and visual instruction via a web conferencing application. The professor and students at the remote location can interact in real time, and each location can hear and see each other.

State Authorization of Distance Learning Program

Notice to Prospective Distance Learning Students Officially Residing in a U.S. State or Territory Outside of Texas (and not Planning to Re-Locate to Texas).

Navarro College is currently not a member of the State Authorization Reciprocity Agreement (SARA); therefore, we are not authorized to provide distance learning courses to students whose official residence is located in a U.S. State or Territory which is outside the State of Texas.

SARA is a voluntary agreement among member states, districts and territories that establishes comparable national standards for interstate offering of postsecondary distance education courses and programs, and is overseen by a National Council and administered by the four regional education compacts (Midwestern Higher Education Compact, New England Board of Higher Education, Southern Regional Education Board, and the Western Interstate Commission for Higher Education).

For a complete listing of member institutions and more information regarding this agreement, please visit the National Council for State Authorization Reciprocity Agreement (NC-SARA) website at <http://nc-sara.org>.

For more information about Navarro College's Distance Learning Program, please visit <https://www.navarrocollege.edu/online-campus/overview.html> or contact the Office of Online Instruction at (903) 875-7422.

COURSE NUMBER EXPLANATION

The Texas Common Course Numbering System (TCCNS) is a voluntary, co-operative effort among 135 Texas community colleges and universities to facilitate transfer of freshman and sophomore level general academic coursework. TCCNS provides a shared, uniform set of course designations for students and their advisors to use in determining both course equivalency and degree applicability of transfer credit on a statewide basis. When students transfer between two participating TCCNS institutions, a course taken at the sending institution transfers as the course carrying the same TCCNS designation at the receiving institution.

Each course is designated by a four-digit number. The first digit denotes the level of the course. Course numbers beginning with the number zero typically indicate a non-credit course, courses beginning with number one (1) are freshman-level courses, while those beginning with the number two (2) are normally considered sophomore-level courses. The second digit indicates the value of the course in semester hours in all courses except vocational nursing. The third and fourth digits are used to identify the sequence or designation within a department. The purpose of this system is to assist students who are transferring between participating institutions.

DEAN'S LIST

The purpose of the Dean's List is to honor students for academic achievement. To be eligible for the Dean's List, a student must achieve a grade-point average of at least 3.5 while enrolled in at least 15 semester hours of college-level classes. Acknowledgment of this honor will appear on the student's transcript.

DEVELOPMENTAL STUDIES

The developmental studies program at Navarro College provides basic skills development in the areas of reading, writing, mathematics, and study skills for students who are under-prepared for college-level studies. Students whose scores fall below the minimum standards on the TSI placement test (TSIA or TSIA2) are required to enroll and participate in developmental corequisite classes or a non-course-based corequisite activity until competency is achieved. Failure to attend or participate in developmental studies classes will result in the student being dropped from the class. If a student is dropped from one section of a corequisite pairing, the student will be dropped from both sections.

Students may enroll in certain courses within their major area of study while simultaneously enrolled in developmental classes. However, a student in basic skills courses will need to reduce the course load in his/her major area or college-level classes since basic skills courses have a large amount of lab time. Students should be aware that their grade-point average on Self Service does not include their developmental class grades. Grades from developmental classes could determine whether a student is placed on academic probation, suspension, or is in good academic standing at the college, for the purposes of financial aid. The purpose of developmental corequisite courses is for students to concurrently complete either their Adult Education requirement and achieve Non-Algebraic TSI completion in one semester, or allow them to concurrently enroll in credit bearing course work while receiving additional instruction to support their success and allow them to obtain TSI completion in one semester. Students must meet exit criteria objectives prior to receiving an associate's degree from Navarro College. Basic skills courses cannot be used in meeting graduation requirements for any degree or certificate. (See [Developmental Education Plan](#) under the Student Success Initiative section)

Navarro College offers Developmental Studies Courses for the students whose academic skills in Reading, Writing, and/or Math have been identified as insufficient for college-level work. Students identified in need of these courses will find it necessary to complete these courses in order to achieve success in college-level work.
DEVELOPMENTAL STUDIES COURSES CANNOT BE USED IN MEETING GRADUATION REQUIREMENTS FOR ANY DEGREE OR CERTIFICATE.

DIVISION OF CONTINUING EDUCATION

The Navarro College Division of Continuing Education is designed to provide programs and training to support lifelong learning and career development. Continuing education courses are open to interested individuals 18 years of age or older regardless of educational background, though some programs may have specific admission requirements. Classes are available on a flexible schedule and are not necessarily tied to standard semester dates. Continuing education classes address professional skills development, workforce training, industry-recognized certifications, personal enrichment, or special certifications. Registration for these classes is ongoing and may continue from the time a class is announced right up to the day the class begins. Enrollment may be limited; therefore, pre-registration is recommended. Attendance is required for the award of credit – CR. A student who attends less than 75% of the course will receive no credit – NC on their transcript. Tuition for continuing education classes is published online. Charges vary depending on the course, content, length and administrative costs.

The Division of Continuing Education works closely with state licensing agencies, such as the Texas Department of State Health, the Texas Commission on Law Enforcement, the Texas Department of Aging and Disability Services, the Texas Department of Insurance, among others, to help ensure that students who enroll in certification classes receive up-to-date training. Upon successful completion of a continuing education course, students receive continuing education units (CEUs). For every 10 hours of classroom time, the student earns one CEU. These CEUs are transcribed and available to the student upon request. The college meets the requirements of the Southern Association of Colleges and Schools Commission on Colleges, as well as the Texas Higher Education Coordinating Board in awarding C.E.U.s.

Additionally, contract courses are available to business and industry through customized training, as well as the regular continuing education courses. Navarro College can provide complete or supplemental training onsite to help enhance employee skills. For a listing of available continuing education courses, contact the Division of Continuing Education at Navarro College.

ENGLISH LANGUAGE INSTITUTE (ELI)

The Navarro College English Language Institute provides English language instruction of the highest quality, in which students, citizens, and corporate partners can learn to their full potential, develop a deeper mastery of the English language, and a deeper understanding of United States culture and customs. Courses help students prepare for undergraduate or graduate studies at an American university, help business professionals learn English for career enhancement, and help general language learners improve their language skills and prepare for the United States Citizenship Exam.

To achieve English language proficiency, Navarro College offers **beginner, intermediate, and advanced level** courses in Academic Writing and Grammar, Oral Communication (listening and speaking), and American Language and Culture. Our Intensive English Language Programs quickly teach students from beginning to advanced levels structured skill-building and high-interest conversation for rigorous academic preparation and career enrichment.

The Navarro College English Language Institute (ELI) offers courses to both domestic and international students age 18 years of age and older throughout the year. Proficiency testing at the beginning of the program will determine students' class placement. Anyone interested in applying to the English Language Institute should contact office of International Programs at (903) 875-7370.

EVENING AND WEEKEND CLASSES

Evening and weekend classes are offered for the convenience of students who cannot enroll in day classes. Many of the courses required to complete an associate degree or certificate are offered during the weekday evenings, weekends, or online..

GRADUATION INFORMATION

A formal graduation exercise is held annually at the end of the spring semester at Navarro College. The exercise in May is held for students who are completing degree requirements during that spring semester, who have completed requirements during the preceding summer or fall semesters, or who will complete the final 6 semester credit hours or less required for graduation during the next summer term. To participate in the graduation exercise, the student must submit an application for graduation to the Office of Admissions and Records no later than the date published in the calendar. Students may graduate under the catalog and programs in effect at the time of their initial enrollment as long as they have had continuous enrollment. Missing one regular semester constitutes a break in enrollment and students will be required to adhere to the catalog and programs in effect at the time of their re-enrollment (see RETURNING STUDENTS). Students also have the choice of graduating under the catalog and programs in effect at the time of graduation. Students must choose one or the other and may not combine rules or programs from two or more catalogs.

GRADUATION WITH HONORS

The purpose of graduation with honors is to identify students receiving associate degrees who have compiled a superior academic record. The three different levels that distinguish academic excellence are as follows:

Summa Cum Laude - 4.0 GPA

Magna Cum Laude - 3.5 GPA

Cum Laude - 3.25 GPA

To graduate summa cum laude, students must achieve a 4.0 grade-point average on all work attempted at Navarro College and other post-secondary institutions attended and have no grade lower than "A." Summa cum laude will be denoted on the transcript of students achieving this designation.

To graduate magna cum laude, students must achieve a 3.5 grade-point average on all work attempted at Navarro College and other post-secondary institutions attended and have no grade lower than "C." Magna cum laude will be denoted on the transcript of students achieving this designation.

To graduate cum laude, students must achieve a 3.25 grade-point average on all work attempted at Navarro College and other post-secondary institutions attended and have no grade lower than "C." Cum laude will be denoted on the transcript of students achieving this designation.

Only students fulfilling all requirements for graduation prior to the ceremonies are eligible to graduate summa cum laude, magna cum laude, or cum laude.

In the event a student has repeated a course with a lower grade at Navarro College, only the higher grade will be considered for calculation as part of the grade-point average and used for consideration of summa cum laude, magna cum laude, and cum laude recognition.

A student may elect to claim academic fresh start and not use older grades as part of their official grade point average, as prescribed by state statute. In this case, only grades that remain a portion of their official grade point average will be considered in the calculation of the grade point average. See "Repetition of Courses and Academic Fresh Start" (add link)

MAJOR / MINOR AREAS OF CONCENTRATION

The individual degree plans listed on the following pages outline major areas of concentration and provide the number of credits in each discipline required to obtain a degree from Navarro College.

PRESIDENT'S LIST

The purpose of the President's List is to honor students who achieve academic perfection by making the highest grade-point average possible, 4.0, while enrolled in at least 15 semester hours per regular semester of college-level, degree credit classes. The list is compiled each semester and recognition of this honor will be indicated on the student's transcript.

VETERAN'S BENEFITS

Veteran's benefits may be used at Navarro College. The College's Office of Veterans' Affairs should be consulted to obtain accurate, complete, and current information concerning VA educational benefits. In view of the fact that veteran's benefits are legislatively controlled, it is necessary to alter requirements for continued receipt of veteran's benefits as the laws and guidelines change. Consequently, the veteran's benefit recipient is advised that the standard of progress expressed previously in this catalog may not be the only standard of progress requirement he or she must meet. The recipient must consult with the Office of Veterans' Affairs on campus about specific up-to-date requirements. Veterans with military service, selected reservists and dependents of veterans may be eligible for federal payments and benefits while attending Navarro College. The Veterans Affairs School Certifying Official is assigned to help assure the proper handling of veterans' educational benefits applications.

*EDUCATIONAL OBJECTIVES: *The Veterans' Administration requires each student drawing educational benefits be enrolled for courses that lead to his/her approved educational objective (degree or certificate). VA students may not draw benefits for courses for which they have already received credit, for courses that are in excess of degree requirements or for courses that do not apply to a planned degree. A college counselor is available to help prospective students determine that the courses they wish to take qualify for VA educational benefits.

First-time Applicants

1. Chapter 30 – MGIB/AD (Served Active Duty):

- Copy of DD Form 214, Certificate of Eligibility Letter from the VA.
- VA Form 22-1990 [Application for Education Benefits](#)
- Official Military Transcripts: Transcript request can be made at [Army](#), [Navy](#), [Marine Corps](#), [Coast Guard](#) and [Air Force](#)
- Student must [request certification](#) after registering for classes at [MyNC](#).
- Student must call 1-877-823-2378 to verify his/her enrollment on the last day of each month

2. Chapter 31 – Vocational Rehabilitation and Employment (Disabled Veterans)

- Copy of DD Form 214, Certificate of Eligibility Letter from the VA.
- Contact the Department of Veterans Affairs at 1-888-442-4551 and ask to speak with Vocational Rehabilitation to apply for the benefit
- Official Military Transcripts: Transcript request can be made at [Army](#), [Navy](#), [Marine Corps](#), [Coast Guard](#) and [Air Force](#)
- Submit form 28-1905 from your Vocational Rehabilitation Counselor

3.Chapter 33 – Post 9/11 (Served Active Duty)

- Copy of DD Form 214, Certificate of Eligibility Letter from the VA.
- VA Form 22-1990 [Application for Education Benefits](#)
- Official Military Transcripts: Transcript request can be made at [Army, Navy, Marine Corps, Coast Guard and Air Force](#)
- Payments are based upon percentage of time served after 9/11/2001, (VA determines percentage, not the VA Certifying Official).
- VA will send the percentage rate once the eligibility of the student is determined.
- Student must [request certification](#) after registering for classes at [MyNC](#).
- Student DOES NOT verify his/her enrollment on the last day of each month.

4.Chapter 33 – Post 9/11(Transfer benefits to Dependents)

- DOD approves student's transfer and sends letter of approval to the student. For Transferability (<http://milconnect.dcmc.mil>)
- VA Form 22-1990 [Application for Education Benefits](#)
- Student must [request certification](#) after registering for classes at [MyNC](#).
- Student DOES NOT verify his/her enrollment on the last day of each month.

5.Chapter 1606 – MGIB/SR (Selective Reservist and Guardsmen)

- Copy of DD Form 214 or
- Copy of DD Form 2384, Notice of Eligibility (NOBE) – Contact reserve officer for form.
- VA Form 22-1990 [Application for Education Benefits](#)
- Official Military Transcripts: Transcript request can be made at [Army, Navy, Marine Corps, Coast Guard and Air Force](#)
- Student must [request certification](#) after registering for classes at [MyNC](#).
- Student must call 1-877-823-2378 to verify his/her enrollment on the last day of each month.
- Copy of Certificate of Eligibility Letter from the VA.

6.Chapter 35 – DEA (Spouse/Children/Survivors)

- Student does not verify his/her enrollment on the last day of each month.
- VA form 22-5490 – [Application for Survivor's and Dependents' Educational Assistance](#).
- All Official Student Transcripts.
- Student must [request certification](#) after registering for classes at [MyNC](#).
- Copy of Certificate of Eligibility Letter from the VA.

7.Hazlewood Act – Contact the Navarro College Office of Financial Aid

- Veteran must have entered active duty service in Texas or have Texas listed as his/her home of record on DD form 214.
- Veteran must have served at least 181 days of active duty not including training time.
- Veterans can transfer his/her unused hours to a child under the Hazlewood Legacy Act.
- All students wishing to use the Hazlewood exemption must submit a completed application with all required supporting documentation prior to the last date of the semester in which they wish to begin the exemption. Incomplete applications will not be accepted. There are four semesters within an academic year in which a student can apply for the exemption: Fall, Spring, First Summer, and Second Summer. You will be required to renew your exemption once per academic year.

*TRANSFER STUDENTS

Transfer students must complete form VA form [22-1995](#) to transfer benefits from your previous college.

IMPORTANT NOTICE: All Veterans should thoroughly review admissions standards and testing requirements before submitting an application.

Veterans should consult the school Veterans' Affairs Certifying Official for information and assistance in applying or benefits.

***Note:** *Allow four to eight weeks for VA application or any paperwork to be processed by the Veterans' Administration Regional Office in Muskogee, Oklahoma.

*ADVANCE PAY

All VA students must pay their tuition and fees up front. *Advance pay is available for eligible students upon request. Students must request advance pay 30 days prior to the beginning of class. This will allow time for the funds to be distributed to the student. Navarro College does not determine eligibility of students. *All financial responsibility rests upon the student and not Navarro College.*

*CAUTION

*VA students may be required to pay their tuition and fees. It is the responsibility of the student receiving benefits to notify the Veterans' Affairs Certifying Official immediately if there are any changes in his/her enrollment.

If a student changes his/her curriculum or transfers to another college, the veteran should notify the VA certifying official immediately.

***IMPORTANT NOTICE:** *In order to remain eligible for benefits, students utilizing veterans benefits must meet school standards of conduct, academic (satisfactory) progress, and class attendance. Students should, therefore, report to the Office of Admissions & Records to withdraw if they do not plan to pursue their courses or to attend regularly. If a student drops out of college without permission or is placed on scholastic probation, he or she may become ineligible for further veterans benefits.

It is the student's responsibility to notify the Veterans' Affairs Certifying Official when he/she registers for courses and if there are any changes in enrollment status since the time the student's enrollment was certified to the VA. At present, VA students with educational benefits receive a monthly check varying in amount depending upon the education benefit program and class load. Please contact the Veterans' Affairs Certifying Official for additional information and/or visit the Department of Veteran's Affairs Web site at <http://www.gibill.va.gov/>.

WEEKEND COLLEGE

Navarro College realizes that some students may not be able to attend college during the week due to job or family commitments. In an effort to meet the educational needs of our service area population, the college will offer weekend courses when and where student interests are adequate to justify the program expenses. Where possible, course offerings will be organized such that a student could complete the associate's degree in a two-year time period.

In order to offer a weekend college program, the use of some hybrid or blended courses that involve online assignments will be required. In order to take a hybrid course, the student will be required to have access to a computer with reliable internet service. Students should also possess basic proficiency in using a computer, including using Microsoft Office, composing and sending/receiving emails, and navigating the Internet.

COLLEGE CREDIT POLICY

ACT | SAT | AP | IB CREDIT

Students may receive credit for selected courses by achieving designated scores on the ACT/SAT/AP assessments. A list of courses for which credit is awarded based on these assessments is available from the Executive Dean of Academics. Students desiring course credit from ACT/SAT/AP scores should submit the appropriate scores to the Office of Admissions & Records and request these scores be evaluated. The Office of Admissions & Records will post the awarded credit to the student's Navarro College transcript and notify the student. Students who are awarded credits on this basis will have the subject area and credit earned recorded on their permanent record card after they have completed fifteen (15) semester hours in residence at Navarro with a grade-point-average of 2.0 ("C") or better. All questions regarding Navarro College courses, the transfer of courses from a regionally accredited institution, the credit by examination procedure, and the evaluated credit procedures should be addressed to the Office of Student Services or to the Office of Admissions & Records. The International Baccalaureate Diploma Program is an accelerated and rigorous high school curriculum taught by selected, certified teachers and patterned after the European and international secondary programs. Navarro College welcomes applicants from the International Diploma Program in which students may earn advanced placement credit for scores made on the Standard Level and Higher Level exams. Credit will be awarded for individual exam scores whether or not the certificate or diploma is earned. The amount of credit will be awarded as transfer credit and will depend upon the exam score and the level of the course.

ARTICULATED CREDIT

Articulated credit may be available for some workforce education courses that students completed while in high school. Through localized articulation agreements, a written, formal document that specifies the process by which a high school student may earn college credit through successful completion of certain high school courses where students achieve learning outcomes, skills and abilities comparable to those covered in a college course. The process allows high school students to move smoothly into postsecondary education without experiencing delay or duplication of courses. Generally, the college credit is not awarded until the student is enrolled at the college issuing the articulation agreement and until the student has satisfactorily completed a designated number of credit hours or terms.

Award of articulated college credit will occur after the student meets the following criteria:

- 1.Makes application and enrolls at Navarro College
- 2.Provide high school transcript and proves attended service area school.
- 3.Successfully completes 12 college hours with a "C" or better grade point average.
- 4.Request of credit must be within 12 months after high school graduation.

Evaluation of the articulated credit procedures should be addressed to the Office of Admissions & Records.

CREDIT BY EXAMINATION

When a student feels he or she possesses knowledge equivalent to that required for the successful completion of a certain course offered by Navarro College, the student may receive credit for the course by satisfactorily completing the appropriate examination and payment of the appropriate fee. Examinations are open to all students who have been accepted for enrollment at the college. Students who achieve a satisfactory score on the examination will have the course and earned credit recorded on their transcript after completion of twelve (12) semester hours in residence at Navarro with a grade-point-average of 2.0 or better. Credit earned through this program is awarded on a pass/fail basis only. Students are not permitted to receive credit by examination for courses in which they have previously earned a passing grade or previously attempted to obtain credit by departmental exam. Two types of examinations are available. The College Level Examination Program (CLEP) is a national program that offers students an opportunity to obtain credit in certain courses. Intensive reading, on-the-job experience or continuing education courses may have prepared the student to earn college credit in this manner. For courses not covered by CLEP, departmental examinations may be available for college credit. Students desiring to challenge

a course by a departmental examination must request permission to test from the appropriate dean. If the course is approved for challenge by departmental examination, the dean will:

1. Direct the student to the Office of Admissions and Records to complete a Request to Challenge Course form.
2. Notify the testing center and arrange a date for the test to be administered.

The student will:

1. Complete the Request to Challenge Course form
2. Take the completed form to the Cashier's Office to pay the testing fee,
3. Take the completed form and paid receipt to the testing center at the scheduled test time arranged by the dean.

The dean will forward test results to the Office of Admissions and Records for student notification and posting to the Navarro College transcript. A listing of courses that may be challenged by CLEP or departmental exams, together with forms to request a challenge, are available in the Testing Center.

EVALUATED CREDIT

A student may receive credit for formal military training or coursework sponsored by civilian organizations. Navarro will award credit for associate degree-level work as recommended in the American Council on Education's books, Guide to Evaluation of Educational Experiences in the Armed Services and the National Guide to Educational Credit for Training Programs. The Joint Services Transcript (JST) is also evaluated for credit. The College also grants credit for coursework completed through The Defense Activity for Non-Traditional Education Support (DANTES) program.

Since the recommendations made in these books are general in nature, such credit may be counted as electives or to meet general education requirements, but cannot be used in lieu of specific course requirements unless equivalency can be established. The decision regarding equivalency rests with the appropriate executive dean. Students who are awarded credits on this basis will have the subject area and credit earned recorded on their permanent record card after they have completed twelve (12) semester hours in residence at Navarro with a grade-point-average of 2.0 ("C") or better. Students are not permitted to receive evaluated credit by this procedure and credit by examination for the same work.

OVERVIEW

Navarro College awards semester hour credit and posts it on the student's permanent record (transcript), maintained in the college Office of Admissions and Records, for all credit hour courses successfully completed at Navarro College. Navarro accepts semester hour credit in transfer from postsecondary institutions in lieu of a specific course at Navarro only if evidence indicates the course is equivalent. The Office of Admissions and Records should be consulted regarding transferability of courses. When questions arise with regard to course equivalency, the decision as to whether equivalency exists rests with the appropriate executive dean. Students who have completed courses through military or industrial training, or who feel they should be entitled to college credit based on other non-traditional learning experiences, may be awarded up to thirty (30) semester hours credit based on the following procedures:

- [Credit by Examination](#)
- [Evaluated Credit](#)
- [ACT / SAT / AP / IB Credit](#)

All questions regarding Navarro College courses, the transfer of courses from a regionally accredited institution, the credit by examination procedure, and the evaluated credit procedures should be addressed the Office of Student Services or to the Office of Admissions & Records.

PRIOR LEARNING ASSESSMENT

TRANSCRIPTS

Unofficial Copies

Unofficial copies of your Navarro College transcript may be obtained by logging into Self Service at:

<https://selfservice.navarrocollege.edu/Student/Student/Transcripts>

Your transcript will be downloaded to a PDF file and you can print or save it.

Official copies of student transcripts are available electronically or in-person.

Electronically (\$3 fee per transcript)

Request that your transcript be sent electronically to at:

<https://www.navarrocollege.edu/registrar/transcript-requests.html>

In-person (\$5 fee per transcript)

Go to the Cashier's office at any Navarro College location to pay the \$5 fee (per transcript) and receive a receipt. Take the paid receipt to the Office of Admissions and Records for printing of official transcript(s).

All requests will require the following information:

1. Student's name while attending Navarro College
2. Social Security Number or Navarro College Student ID Number
3. Dates of attendance
4. Indication of whether the student needs an official or unofficial transcript
5. Contact telephone number and an email address for the student

6.A copy of the student's driver's license or state issued ID

7.The student's signature (Federal Privacy Laws (FERPA) prohibits the release of transcripts without the written consent of the student.

TRANSFER OF CREDITS

Navarro College is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). With this recognition, Navarro College credits are regarded as equivalent to courses with similar descriptions at other colleges and universities. Transfer problems usually occur when students elect to deviate from their approved degree plan. Examples of transfer difficulties include those encountered by students who change majors or change from workforce education to transfer programs. Workforce education programs include certificates of completion and associate of applied science degrees, which are meant for students intending to enter the workforce rather than transfer to a four-year college or university. College and Career Success Coaches have thorough information on credit transfer. Students should work with a College and Career Success Coach to select a degree plan consistent with the student's educational goals. Changes in plans should be discussed with the adviser to help avoid potential problems. Students can gain additional information from the web site of the intended college and from the Texas Common Course Numbering System online matrix (www.tccns.org.)

DEGREE REQUIREMENTS

ASSOCIATE OF APPLIED SCIENCE DEGREE

The Associate in Applied Science Degree is designed to help prepare students for employment in business, industry or health professions. Each AAS program has been approved by the Texas Higher Education Coordinating Board and students must complete all courses specified in the degree plan. The general education requirements shown below are included as an integral part of each AAS program. Degree plans are required for students working toward an AAS degree; students should seek assistance from a career and technology education Advisor or program faculty member prior to registration.

Students intending to work toward a Bachelor of Applied Science degree should take the following curriculum that includes the core curriculum leading to the Associate in Applied Science Degree, as follows:

Subjects	Semester Hours
Approved Language, Philosophy and Culture or Creative Arts	3
Speech or Computer Science	3
Approved Math	3
Approved Social or Behavioral Science*	3
ENGL 1301	3
Total General Education Requirements	15
Courses from specific AAS programs*	45
GRAND TOTAL	60

*Select one course from the following disciplines: History, Government, Psychology, Anthropology, or Economics.

**Up to eight hours of electives from the College course inventory may be substituted with approval from the Executive Dean. Health Professions Occupations may have specific requirements.

ASSOCIATE OF ARTS DEGREE

Students intending to work toward a Bachelor of Arts degree should take the following curriculum that includes the core curriculum leading to the Associate in Arts degree, as follows:

Subjects	Semester Hours
English	6
Government	6
American History	6
Computer Science	3
Speech	3
Creative Arts	3
Mathematics	3
Life / Physical Science	8
Social Behavioral Science (Psychology, Sociology, Anthropology, or Economics)	3
Foreign Language	4 - 8
Language / Philosophy / Culture	3
Courses from major area / electives	7 - 12
GRAND TOTAL	60

ASSOCIATE OF ARTS – TEACHING DEGREE

Leading to Initial Texas teacher certification

EC-6, 4-8, EC-12

Subjects	Semester Hours
Core Curriculum	42
Science labs / Computer Science lab	3
MATH 1350 & MATH 1351 or equivalent	6
Science	3
EDUC 1301 & EDUC 2301	6
Degree Requirements Total	60

8-12

Subjects	Semester Hours
Core Curriculum	42
Science labs / Computer Science lab	3
EDUC 1301 and EDUC 2301	6
Content area teaching fields / academic disciplines	9
Degree Requirements Total	60

ASSOCIATE OF SCIENCE DEGREE

Students intending to work toward a Bachelor of Science or a Bachelor of Business Administration Degree should take the curriculum that includes the core curriculum leading to the Associate in Science Degree, as follows:

Subject	Semester Hours
English	6
Government	6
American History	6
Mathematics	3 - 6
Computer Science	3
Life / Physical Sciences	8
Creative Arts	3
Speech	3
Language / Philosophy / Culture	3
Social / Behavioral Science (Psychology, Sociology, Anthropology, or Economics)	3
Courses from major area / electives as listed on the degree plan	13 - 16
GRAND TOTAL	60

CERTIFICATE OF COMPLETION

Certificates of Completion will be conferred on those completing the designated courses and general requirements.

CORE OBJECTIVES

Navarro College complies with the Texas Higher Education Coordinator Board mandates that address content, component areas, and the objectives of the core curriculum. Part of this compliance consists of the on going assessment of core objectives. The core objectives addressed within the Navarro College core curriculum include critical thinking, communication,

empirical and qualitative skills, teamwork, personal responsibility, and social responsibility. The core objectives are assessed annually and the results are reviewed by the core curriculum committee.

Core Objectives

DEGREES AND MAJORS

Navarro College confers a degree upon completion of all graduation requirements. A major refers to a college student's main field of specialization or focus of study while completing the degree. Majors fall under types of degrees.

An Associate of Arts degree (AA) includes majors such as Speech, English, Music, and Criminal Justice.

An Associate of Science degree (AS) includes majors such as Math, Biology, Chemistry, Computer Science, and Business.

An Associate of Applied Science degree (AAS) includes majors such as Accounting, Business, Petroleum Technology, Welding, Nursing, Occupational Therapy, and Physical Therapy.

GENERAL REQUIREMENTS FOR ASSOCIATE DEGREES

Navarro College awards the following degrees: Associate in Arts, Associate in Science, Associates of Arts in Teaching, and Associate in Applied Science. In addition to the coursework of the individual's degree plan, the requirements below must be met. Exception to the individual's degree plan or any of the requirements below can only be made upon the written recommendation of the appropriate Executive Dean approved by the Vice President for Academic Affairs.

1. Completion of all admission requirements.
2. Completion of at least 25 percent of the hours required for the degree from Navarro College.
3. Achievement of a minimum cumulative grade-point average of 2.0 on all work required for the degree.
4. Satisfactory completion of all financial obligations.
5. Satisfactory completion of the core curriculum for each degree as listed in this catalog.
6. Demonstration of college readiness in Math, Reading, and writing through a state approved method.
7. Satisfaction of exit criteria from required developmental studies course(s).
8. Completion of the College Application for Graduation

Navarro College confers certificate or degrees three times per year at the end of each long semester: fall, spring, and summer. Coursework presented for graduation after the end of the term will be conferred in the next long semester.

INDIVIDUALIZED DEGREE PLANS

The degree requirements outlined in this publication are intended to provide general information for students who are seeking a college degree. Navarro College emphasizes the importance of individualized attention so that each student may realize his or her academic goals with a minimum of problems or delay. It is essential that students work closely with their college and career success coaches to establish a plan of educational objectives.

The Associate of Arts (AA), Associate of Arts in Teaching (AAT), and Associate of Science degree plans in this catalog serve as a guide for students planning to transfer to a senior level institution. Students should select courses from these plans based upon the requirements of the senior level institution to which they plan to transfer. Students must complete the 42- hour general education core and an additional 18 hours of academic work to receive the AA, AAT, or AS degrees. Substitutions for any course in an AA, AAT, or AS degree may be made only with the approval of the Executive Dean of Academic Studies. Students seeking the Associate of Applied Science degree or certificate must complete the courses outlined in the degree plan section of this publication. Substitution for any course in the AAS degree or certificate requires prior approval of the Executive Director of Workforce, Career & Technical Education.

Students desiring to transfer coursework to Navarro College to be applied toward a degree or certificate must have their transcripts evaluated by the Registrar's Office. Students are then notified in writing by the Registrar's Office concerning the status of the transfer credit. Quantitative and qualitative limitations determining the acceptability of transfer work are available from Academic Advising or the Registrar's Office.

REQUIREMENTS FOR CERTIFICATES

1. Completion of all admission requirements.
2. Completion of at least 25 percent of the hours required for the certificate in residency at Navarro College.
3. Achievement of a minimum cumulative grade-point average of 2.0 on all work required for the certificate.
4. Settlement of all financial obligations.
5. Satisfactory completion of exit criteria from required developmental studies course(s).
6. Completion of the College Application for Graduation.

SECOND DEGREE

A student wishing to graduate with multiple degrees may do so under the following conditions:

- Each degree must be unique; a student may not receive the same degree or certificate twice from Navarro College.
- A student can graduate with up to four types of degrees as follows:
 - Associate of Arts (AA),
 - Associate of Science (AS),
 - Associate of Applied Science (AAS)—multiple AAS degrees allowed as long as each degree is of a distinct and separate major, and
 - Associate of Arts in Teaching (AAT).
- Each degree must consist of fifteen (15) additional hours beyond the first degree plan completed in residence at Navarro College with a GPA of 2.0 or better. These hours may be taken concurrently allowing the simultaneous conferring of both degrees.
- Freshmen orientation and physical activity coursework cannot be used to satisfy the fifteen (15) additional hour requirement.
- A student may only participate (walk across the stage) once per commencement ceremony.

ACCOUNTING

ACCOUNTING OVERVIEW

The Occupations

Accounting Clerk, Bookkeeper, Accounting Assistant, Audit Clerk, Payroll Clerk, Accounts Receivable Clerk, Accounting Payable Clerk, Accounting Supervisor/Office Manager, Financial Clerk

About the Occupations

An accounting degree is one of the most sought-after credentials today. In the corporate world, accounting is more than just processing numbers. Members of an accounting department are often expected to organize, analyze and interpret financial data for managers and executives, as well as participate in strategic planning and decision-making. The demand for accounting personnel thrives in both strong and weak economies. During an economic downturn, companies may cut costs by reducing investments in management or marketing, but they still need to monitor cash flow and identify organizational inefficiencies. Accounting personnel generally work in three areas: public accounting, business (profit or non-profit), and governmental entities. Employees in the accounting field may specialize in specific information areas such as Accounts Receivable, Accounts Payable, Payroll, Billing, Costing or Budgeting. Those who assist Certified Public Accountants may also work with clients to acquire, record and prepare financial and/or tax information.

According to the United States Bureau of Labor (December 2015), the area of accounting is one of the occupations projected to experience significant growth, with a 3-11 percent growth rate expected through the year 2024. Due to the significant size of this occupational area, it is expected there will be many job opportunities available, including temporary, part-time and freelance work. Accounting is an excellent profession for those directly out of high school as well as those who are looking for new career opportunities or supplemental income. Graduates may find entry-level opportunities in small business, large corporations, professional associations, governmental agencies, and non-profit organizations. Some may also find entrepreneurial opportunities. With all of this in mind, consider the value an accounting certificate or degree from Navarro College would have for you.

An accounting certificate or degree from Navarro College can open new doors. Most bookkeeping, accounting and auditing clerks are required to have a high school degree and accounting training; however, some college, such as a certificate or associate degree, is preferred. Most entry-level accounting clerk positions can be obtained with a post high-school accounting certificate, while advancement opportunities and certifications may require a minimum of an associate degree. The Accounting Program at Navarro College offers a **“Step approach”**. Full-time students can receive an Accounting Marketable Skills or Clerk Certificate in as few as two semesters, allowing them to pursue an entry-level accounting position and/or continue their education. In as little as one additional semester, the full-time student can enhance his or her knowledge and skills with the Accounting Paraprofessional Certificate. This certificate also includes the opportunity for students to receive on-the-job training experience through a supervised practicum course. Both of these certificates lead into Navarro College’s AAS in Accounting, which can be completed by the accounting paraprofessional graduate in as little as one additional semester. For those who wish to pursue a bachelor’s degree, such as a BAAS, the AAS in Accounting serves as an excellent foundation and allows students to pursue this as either a full-time or part-time student while working in the accounting field. National certifications, such as the Certified Professional Bookkeeper (CB) and Accredited Business Accountant (ABA) are available for individuals with work experience and accounting training, like that offered at Navarro College. For those who want to continue their education and pursue a bachelor’s degree (or higher), additional certifications, such as the Certified Management Accountant (CMA), the Certified Internal Auditor (CIA), the Certified Fraud Examiner (CFE), the Enrolled Agent (EA) and the Certified Public Accountant (CAPA) are also available.

ACCOUNTING - AAS DEGREE PLAN

PROGRAM INFORMATION: The AAS in Accounting Program at Navarro College is designed to help prepare students for entry level accounting positions in accounting firms, industry or government. The program can provide a solid foundation in accounting principles and students will be able to demonstrate accounting and technology competency through hands-on application. Upon successful completion of this program, students will have a strong accounting foundation for entrance into the accounting field. Students will also have the opportunity to pursue certification(s) and/or expand their educational experience.

BUSINESS

BUSINESS OVERVIEW

The Occupations

Supervisor, Small Business Owner/Manager, Production Controller, Restaurant and Food Service Managers, Retail Sales Worker Supervisors and Managers Meeting, Event and Convention Planner Convention Manager, Shipping and Transportation Managers, Warehouse Supervisor

About the Occupations

Management is the process of coordinating and integrating work activities so they are completed efficiently and effectively with and through other people to accomplish organizational goals. The many job titles of managers reflect either the specific responsibility of a position or the industry in which the manager works. Supervisors direct the activities of their employees and make sure the work is done correctly, teach employees safe work practices, train new workers to learn different aspects of the job, interview and terminate employees, and help ensure that equipment and materials are used properly and efficiently. Small business managers run businesses that have less than 55 employees. Restaurant and food service managers help ensure effective and profitable operation of restaurants and institutional food service facilities. Retail sales worker supervisors and managers help ensure customers receive satisfactory service and quality goods. Meeting, event, and convention planners develop programs, market events or conventions, budget the event, choose locations, make travel arrangements, arrange entertainment, plan menus and choose caterers. Shipping and transportation managers directly supervise and coordinate activities of transportation and material-moving machine and vehicle operators.

BUSINESS ADMINISTRATION - AAS DEGREE PLAN

PROGRAM INFORMATION: The Business Administration Program at Navarro College is a two-year program designed to help develop the fundamental skills, knowledge, attitudes and experiences that help enable men and women to function as supervisors or managers in such fields as industry, retailing, community service, small business, food services, real estate transportation, wholesaling, office management, and sales. Programs of study are designed as cooperative plans with local business and industry with students enrolled in courses taught on campus for formal instruction and concurrently working at a regular paid, part-time or full-time job in sponsoring business firms. The program has been designed to help prepare students for immediate employment after completing the two-year Associate in Applied Science Degree.

BUSINESS INFORMATION TECHNOLOGY

OVERVIEW

The Occupations

Administrative Professionals, Administrative Aides, and Administrative Specialists, Administrative Assistants and Senior Administrative Assistants, Executive Assistants and Senior Executive Assistants, Accounting Assistants, Accounting Specialists and Auditing Specialists, Specialized Administrative Professionals – Medical, Medical Records & Health Information Technicians, Office/Facilities Coordinators and Administrators

About the Occupations

Business information technology professionals are found in almost every organization. These administrative professionals are skilled at performing a variety of administrative duties that include basic clerical skills, project management skills, electronic

record keeping skills, and computer and customer service skills. They are becoming members of the management team and assuming roles once reserved for managerial and professional staff members. Many opportunities await those professionals who master technology and use their interpersonal and communication skills effectively.

Executive assistants and senior administrative assistants provide high-level support by managing software training and orientation for new staff. Their role includes conducting online research, booking travel and securing needed information on the Internet, planning meetings, negotiating hotel contracts, scheduling, and preparing for cyber- and video-conferencing, using desktop publishing to produce brochures, fliers and annual reports. Those who broaden their knowledge of a company's operations and enhance their skills are finding greater advancement potential.

Other business information employees perform highly specialized work, which utilizes specific knowledge of terminology and procedures. Medical administrative professionals schedule appointments, bill patients, compile and record medical charts and reports. Accounting assistants and auditing specialists work with spreadsheet software and compute, classify, and record numerical data to keep financial records complete.

Wireless tools will give employees greater flexibility to work outside the office and to perform their jobs from virtually anywhere. The rapid spread of new technology has increased the demand for business professionals who are adaptable and versatile to changes in the landscape of industry. As technology continues to advance, retraining and continuing education will be an essential part of jobs in business.

This is a sample degree plan; students should consult catalog of senior institution they plan to attend since some requirements vary. Counselors are available to assist in this matter.

Students who have not completed [MATH 2412](#) Pre-Calculus Math, or the equivalent, should take the course in the summer prior to their Freshman Fall semester.

CHILD DEVELOPMENT

CHILD DEVELOPMENT

OVERVIEW

The Occupations

Childcare Director, Childcare Teacher, Childcare Assistant, Childcare Worker, School Teacher Aide, Nanny

About the Occupations

Child development teachers provide valuable experiences that enhance the lives of the most important people in the world, our children. The early childhood worker provides care for children such as feeding, diapering, and comforting, as well as programs to stimulate children's social and intellectual development.

CAREER OUTLOOK

WORK ENVIRONMENT

Employers	<ul style="list-style-type: none"> • Private homes • Day care centers and nursery schools • Head Start programs • Public or private schools, churches, or recreation centers • Company-sponsored programs • Day care home providers • Preschools for special-needs children • Inclusive preschools
Typical Schedule	Child development workers typically work weekdays on a 35-40 hour schedule. There may be occasional night work.
Tools and Equipment	<ul style="list-style-type: none"> • Games, pencils, pens, paper, Crayons • Teacher supplies • Workbooks and other teaching equipment

WORKER PORTRAIT

Skills and Aptitudes	Childcare workers need to be kind, patient, dependable, and emotionally stable. They should relate well with children and enjoy art, music, storytelling, and drama. They need to be creative and imaginative with a good sense of humor and an enthusiastic personality. They need to be able to provide fair, firm discipline when necessary. They should enjoy working with children and helping others. Childcare workers must be able to follow governmental standards and regulations.
Interests	<ul style="list-style-type: none"> • Enjoys working with children and helping others • Enjoys variety • Enjoys doing valuable work for society

FACULTY

CHILD DEVELOPMENT - AAS DEGREE PLAN

PROGRAM INFORMATION: The Child Development Program is designed to help prepare students to make a positive difference in the growing field of childcare. This program helps prepare successful graduates with the ability to understand the needs of young children including children with special needs and the ability to develop appropriate learning environments for them. Criteria for quality early childhood programs developed by the National Association for the Education of Young Children (NAEYC) have been incorporated into course content. The Associate of Applied Science Degree and three certificates are offered. Every student must complete and pass a background check, and be accepted into a licensed child care program to participate in classroom observations required by various courses in the program. Students should contact the Department Chair for information on requirements for external learning hours.

COMPUTER INFORMATION TECHNOLOGY

COMPUTER INFORMATION TECHNOLOGY

OVERVIEW

The Occupations

Computer Network Support Specialist, Computer User Support Specialists, Database Administrators, Software Developers, Applications, Web Developers

About The Occupations

Computers have become essential to all phases of modern life including traditional areas of business and science, as well as applications in entertainment and personal life. The most crucial element of any computer system is the person operating it. The computer field includes an ever-growing array of occupations. Three important jobs are programmers, microcomputer support specialists, and information technology specialists.

Computer programmers convert project specifications from end-users and statements of problems and procedures to detailed, logical flow charts for coding into computer language. They develop and write computer programs to store, locate, and retrieve specific documents, data and information.

Computer support specialists provide technical assistance and training to computer systems users. They investigate and resolve computer software and hardware problems of users. They answer client inquiries in person, and by telephone, and by e-mail concerning the use of computer hardware and software, including printing, word processing, programming languages, electronic mail, and operating systems.

Information technology specialists are proficient with application software commonly used in the workplace. This includes word processing, spreadsheets, database, presentation software and operating systems. Information technology specialists support the day-to-day operation of typical business activity in numerous fields.

CAREER OUTLOOK

WORK ENVIRONMENT

Employers

- Advertising services
- Health services and professions
- Educational institutions
- Financial institutions
- Governmental entities
- Manufacturing businesses
- Data processing and information services
- Public utilities
- Wholesale and retail enterprises

Typical Schedule

- 40-hour work week normal

COMPUTER INFORMATION TECHNOLOGY SOFTWARE DEVELOPMENT CERTIFICATE DEGREE PLAN

Program Information: This one year program provides students with skills to operate and use computers in business environment. It is intended mainly to serve people who do not wish to earn an associate's degree, but who want to acquire skills and knowledge in computer applications. Students pursuing this degree program are required to meet Texas Success Initiative (TSI) standards and course prerequisites.

A certificate of completion curriculum provides students practical skills designed for immediate employment.

COSMETOLOGY

COSMETOLOGY

OVERVIEW

The Occupations

Hairdressers, Hairstylists, Cosmetologists, Salon Manager, Nail Technician, Facialist

About The Occupations

Hairstylists, hairdressers, and cosmetologists provide hair and beauty services to enhance the clients' appearance. Those who operate their own salon have managerial duties that may include hiring, supervising, and training workers, as well as keeping business and inventory records, ordering supplies, and arranging for advertising.

Hairstylists and hairdressers offer a wide range of hair services, such as shampooing, cutting, coloring, and styling. They often advise clients, both male and female, on how to care for their hair at home. They also keep records of products and services provided to clients, such as hair color, shampoo, conditioner, and hair treatment used. Tools included hairbrushes, scissors, blow dryers, and curling irons.

Cosmetologists provide scalp and facial treatments and makeup analysis. Some also clean and style wigs and hairpieces. In addition, most cosmetologists actively sell skin care products.

CAREER OUTLOOK

WORK ENVIRONMENT

Employers

Many hairdressers and cosmetologists are self-employed. Hairdressers, and cosmetologists work mostly in salons, although some work in a spa, hotel, or resort setting. Some lease booth space in other people's salons. A good number manage salons or open their own shop after several years of experience. Hairdressers and cosmetologists usually works in pleasant surroundings. Physical stamina is important, because they are on their feet for most of their shift. Prolonged exposure to some chemicals may cause skin irritation, so they often wear protective clothing, such as disposable gloves or aprons.

Typical Schedule

Many hairdressers and cosmetologists work part time; however, some self-employed workers may work long hours. Work schedules often include evenings and weekends- the times when beauty salons are busiest. Those who are self-employed usually determine their own schedules.

Tools and Equipment

WORKER PORTRAIT

Skills and Aptitudes

Interests

CAREER OUTLOOK

Overall employment of hairdressers and cosmetologists is projected to grow 13% from 2012 to 2022, about as fast as the average for all occupations. Growth rates will vary by specialty. Demand for hair coloring, hair straightening, and other advanced hair treatments has risen in recent years, a trend that is expected to continue over the coming decade.

JOB PROSPECTS

Overall job opportunities are expected to be good. A large number of job openings will stem from the need to replace workers who transfer to other occupations, retire, or leave the occupation for other reasons as well as to support a growth in population. However, workers should expect strong competition for jobs and clients at higher paying salons. There are relatively few positions; applicants must compete with a large pool of experienced hairdressers and cosmetologists.

FACULTY

COSMETOLOGY CERTIFICATE DEGREE PLAN

PROGRAM INFORMATION: The 1,500 hour, three-semester curriculum in cosmetology leads to a Certificate of Completion and helps prepare graduates to take the Texas Department of Licensing and Regulation Cosmetology Examination. Successful completion of the examination will allow graduates to practice as a licensed cosmetologist in Texas.

Notice to Students Regarding Licensing - Cosmetology

Effective September 1, 2017, HB 1508 amends the Texas Occupations Code Section 53 that requires education providers to notify you, a potential or enrolled student, that a criminal history may make you ineligible for an occupational license upon program completion. The following website provides links to information about the licensing process and requirements. <https://www.tdlr.texas.gov/cosmet/cosmet.htm>

Should you wish to request a review of the impact of criminal history on your potential Cosmetology License prior to or during your quest for a degree, you can visit this link and request a "Criminal History Evaluation."

<https://www.tdlr.texas.gov/crimHistoryEval.htm>

This information is being provided to all persons who apply or enroll in the program with notice of the requirements as described above, regardless of whether or not the person has been convicted of a criminal offense. Additionally, HB 1508 authorizes licensing agencies to require reimbursements when a student fails to receive the required notice.

BASIC PEACE OFFICER CERTIFICATE (POLICE ACADEMY) DEGREE PLAN

The Basic Peace Officer Course Certificate (Program) offered by the Navarro College Police Academy (NC PA) consists of 728 hours, of which 696 is required by the Texas Commission on Law Enforcement (TCOLE) curriculum. The NC PA program provides an additional 32 hours to include TASER Certification, extended skills training for active shooter, and a comprehensive review for the State Licensing Exam. The Navarro College program is designed to prepare students to pass the Peace Officer licensing exam given at the end of the program. The program consists of 42 topics ranging from 2 hours to 74 hours in length. Approximately one-third of the program is devoted to developing the physical skills required to become a peace officer. The program includes training in the following areas: current penal and traffic law, defensive tactics, first aid, patrol tactics, cultural diversity, and firearms.

Admission to Navarro College is a separate procedure from admission to the Navarro College Police Academy. Eligible applicants must first meet all admission criteria for Navarro College. Applicants are then required to submit a Police Academy Application and Personal History Statement to the Police Academy Coordinator, schedule a FAST Fingerprint appointment, and take the TSI test. Exemptions for the TSI test are listed in the catalog.

Admission Requirements

- Must be a U.S. Citizen
- Must be 21 years of age, or 21 years of age by the graduation date of the Academy
- A student 18 years of age or older is eligible for licensing if the student:
 1. Has received an Associate's Degree or 60 semester hours from an accredited college or university; or
 2. Has received an Honorable Discharge from the Armed Forces of the United States after at least two (2) years of service
 - No Class B Misdemeanor convictions in the past 10 years
 - No Class A Misdemeanor or felony convictions
 - No conviction or community supervision for any family violence offense
 - Applicants must pass a physical examination, a psychological examination, and a drug screen immediately submitted to the Academy upon completion
 - High School diploma or GED required
 - Must not be prohibited by law from operating a motor vehicle
 - Must not be prohibited by state or federal law from possessing firearms or ammunition
 - Cannot have a dishonorable discharge from the military

Completed Application with Supporting Documents

Candidates application should include:

- Completed and notarized Navarro College Police Academy Application
- Completed and notarized Personal History Statement
- FAST Fingerprint submission
- TCOLE L-2 Form (with drug results) and L-2 Notice of Duties form
- TCOLE L-3 Form and L-3 Notice of Duties Form
- Color copy of driver's license
- Copy of social security card (front and back)
- Copy of high school transcript/Diploma or proof of GED
- Copy of military DD214 (if applicable)
- Copy of TSI exam score
- Copy of birth certificate, U.S. passport, or documentation showing U.S. citizenship

PLEASE NOTE

With an additional 12 hour course credit completed with Navarro College, and completion of the Police Academy, students may initiate paperwork with the Police Academy Coordinator or the Department Chair of Criminal Justice to articulate credit towards a Criminal Justice certificate or associates degree.

Courses that will be awarded through the articulation process are CJLE 2420, CJLE 2421, and CJLE 2522.

All in-service courses are accredited by TCOLE and are offered year-round through the Navarro College Police Academy.

COURSES THAT WILL BE AWARDED THROUGH THE ARTICULATION PROCESS

CRIMINAL JUSTICE

OVERVIEW

The Occupations

Law Enforcement Officer, Dispatchers, Probation/Parole Officer, Case Managers, Security Guard, Detective, Correctional Officer, Airport Security, Court Mediator

About the Occupations

Police officers, detectives, guards and correctional officers are employed to help safeguard lives and property. They enforce the laws and regulations that protect individuals' safety and constitutional rights. The main goal is protection and service to the community. Responsibilities range from controlling traffic and helping to prevent crimes to investigating and arresting suspects. A few officers join specialized units that assist in crime fighting and apprehension of criminals.

Private police duties vary with the service provided by their employer. In airports, they help protect the safety of the traveling public and search for contraband. In retail stores, they often work undercover. In buildings and banks, guards help protect employees, merchandise and money.

Corrections officers provide direct supervision of incarcerated people while awaiting trial. They help maintain order, enforce regulations, supervise programs, or work assignments and help maintain the security and safety of other officers and detainees.

Probation and parole officers, case managers, and counselors assist offenders, both in the community and those who are incarcerated offenders, by identifying problem areas and developing plans of action to assist the person in working toward becoming a productive law-abiding citizen. They make court recommendations, prepare sentencing assessments, and provide services for inmates, offenders, and their families.

CAREER OUTLOOK

(MUST HAVE EMS **PARAMEDIC** AND **EMT** CERTIFICATES)

EMT CERTIFICATE – 6 | PARAMEDIC CERTIFICATE – 35

Notice to Students Regarding Licensing - Paramedic

Effective September 1, 2017, HB 1508 amends the Texas Occupations Code Section 53 that requires education providers to notify you a potential or enrolled student that a criminal history may make you ineligible for an occupational license upon program completion. The following website provides links to information about the licensing process and requirements.

<https://www.dshs.texas.gov/emstraumasystems/qicriminal.shtm>

Should you wish to request a review of the impact of criminal history on your potential Paramedic License prior to or during your quest for a degree, you can visit this link and request a "Criminal History Evaluation."

<https://www.dshs.texas.gov/emstraumasystems/qicriminal.shtm>

This information is being provided to all persons who apply or enroll in the program with notice of the requirements as described above, regardless of whether or not the person has been convicted of a criminal offense. Additionally, HB 1508 authorizes licensing agencies to require reimbursements when a student fails to receive the required notice.

EMERGENCY MEDICAL SERVICES

OVERVIEW

The Occupations

EMT-Basic, EMS-Paramedic

About The Occupations

EMT-Basic and EMT-Paramedics are highly trained and skilled medical professionals who are educated to carry out some of the duties of a physician. EMT-Basics and EMT- Paramedics can examine, evaluate, and treat patients with equipment and medications usually only found in the emergency department of a hospital. EMT-Basic/EMS-Paramedics are typically utilized as emergency care practitioners on ambulances or on first-response emergency vehicles but their scope is rapidly expanding to many other areas. Some of these include industry, elementary and high schools, colleges, hospitals, and doctor's offices. More challenging and higher paid positions include working in specialty areas such as a cruise ship medical department, off-shore oil drilling platforms, helicopter or fixed wing medical transport and hyperbaric oxygen chambers. Often the EMT-Basic or EMT-Paramedic is the sole or highest trained medical provider in these areas.

CAREER OUTLOOK

WORK ENVIRONMENT	
Employers	<ul style="list-style-type: none"> • EMS providers • Fire Departments • Industrial manufacturing plants • Hospital Clinics • Offshore oil drilling platforms • Air Medical/Helicopter
Typical Schedule	<ul style="list-style-type: none"> • 40-48 hour workweek normal • Shift work normal

	• Overtime normal
Tools and Equipment	• Ambulance • EKG monitor, Pulse ox monitor, Stretcher
WORKER PORTRAIT	
Skills and Aptitudes	• Communications • Critical Thinking • Team player • Ability to remain calm in emergency situations • Ability to make quick decisions • Physically fit • Good mechanical aptitude • Ability to administer emergency medical procedures • Good judgment • Ability to take the initiative • Leadership
Interests	• Not adverse to risk-taking • Motivated to take responsibility • Desire to serve the general public
OUTLOOK	OCCUPATION
Stable	EMT-Basic
Favorable	EMS Paramedic
POSITION	SALARY (PER YEAR)
EMT-Basic	Varies
EMS Paramedic	\$19,000 - \$48,000

(Note: Individual earnings may vary based upon the job setting and position. These are ranges, not guarantees of earnings.) Sources of occupational information include the Bureau of Labor Elementary Statistical Methods, Occupational Outlook Handbook, and Americas Career Information Net.

The Emergency Medical Services (EMS) curriculum includes a combination of class lectures, skills, and clinical hours in the hospital and the ambulance. Navarro College's EMS programs meet Texas Department of State Health Services (TDSHS) and The National Registry of EMT requires for certification eligibility. Upon successful completion of the emergency medical technology services programs (EMT and Paramedic certificates and Paramedic AAS degree) students must be eligible to challenge TDSHS required national Register of EMT certification examination. A criminal background check and a drug screening is required of all Protective Services students enrolling in programs. An applicant convicted of a felony and/or misdemeanor offense may or may not be eligible for participation and/or state certification. Any applicant who has drug screening returned as questionable or positive, must follow the program's policies of speaking with a Medical Review Officer and may or may not be dismissed from the program.

The Navarro College EMS program is accredited by:

Texas Department of State Health Services EMS and Trauma Systems
1100 West 49th Street
Austin, TX 78765-3199
Office Telephone: (512) 458-7111

The Navarro College Paramedic program is accredited by TDSHS and by:

Committee on Accreditation of Allied Health Education Programs (CAAHEP), through the Committee on Accreditation of Educational Programs for the EMS Professions (CoAEMSP).
8301 Lakeview Parkway, Suite 111-312
Rowlett, Texas 75088
Office Telephone: (214) 703-8445
Fax: (214) 4703-8992

A criminal background check and a drug screening are required of all Protective Services students enrolling in programs. A student convicted of a felony and/or misdemeanor offense may or may not be eligible for participation and/or state certification. Any student who has a positive drug screening must follow the policies of speaking with a Medical Review Officer and may, or may not, be dismissed from the program. Students pursuing the Paramedic program should check with Financial Aid regarding details of Aid for mini semester classes. Program registration requirements, length, and mandatory uniforms can be obtained from the [College's website](#) or the Protective Services Office.

Effective September 1, 2017, HB 1508 amends the Texas Occupations Code Section 53 that requires education providers to notify you a potential or enrolled student that a criminal history may make you ineligible for an occupational license upon program completion. The following website provides links to information about the licensing process and requirements.

http://www.tcfp.texas.gov/certification/basic_certification/basic_certification-overview.asp

Should you wish to request a review of the impact of criminal history on your potential Fire Suppression Certification prior to or during your quest for a degree, you can visit this link and request a "Criminal History Evaluation."

http://www.tcfp.texas.gov/certification/basic_certification/basic_certification-step_5.asp

This information is being provided to all persons who apply or enroll in the program with notice of the requirements as described above, regardless of whether or not the person has been convicted of a criminal offense. Additionally, HB 1508 authorizes licensing agencies to require reimbursements when a student fails to receive the required notice.

FIRE SCIENCE PROTECTION TECHNOLOGY

OVERVIEW

The Occupations

Firefighter, Fire Inspector, Fire Chief

About The Occupations

Firefighters respond to a variety of emergency situations in which life, property, or the environment are at risk, such as residential structures and businesses. Firefighters are frequently the first emergency response team at the scene of an accident. They help protect the public against these dangers. Today, firefighters respond to medical emergencies, and their departments require them to have training in medical emergency procedures. Firefighting is dangerous and complex work, which requires the firefighters to work as teams.

Firefighters must respond immediately to emergencies, and each situation presents a unique and challenging experience. Superior officers, such as a captain or chief, guide firefighting teams to accomplish specific duties. Today, firefighters assume a wider range of responsibilities, which require the utilization of sophisticated equipment. They can expect to operate a pump, position ladders, and connect hose lines to hydrants. In many cases, the firefighters will change duties several times at an emergency scene. Ambulances, fireboats, and emergency rescue vehicles may be operated by some firefighters. Fire stations have dining and sleeping quarters to allow the firefighters to respond to emergencies 24-hours a day. Between emergency responses, the firefighters conduct practice drills, clean and maintain equipment, participate in classroom training, conduct fire inspections, conduct demonstrations to the public, participate in fitness training, check building plans, and inspect fire escapes. Firefighting is hazardous work resulting in environments where floors suddenly cave in, walls topple, and there is exposure to gases, chemicals, and smoke. Firefighters face dangerous situations where injury and death are a risk.

HEALTH PROFESSIONS

HEALTH PROFESSIONS

OVERVIEW

The Occupations

Registered Nurse (ADN), LVN – RN Bridge, Licensed Vocational Nurse, AS in Pre-Bachelor of Science in Nursing, Medical Laboratory Technology, Occupational Therapy Assistant, Physical Therapist Assistant

About The Occupations

Health Professions offers many exciting and rewarding career opportunities. At Navarro College, we provide students with several avenues to assist in their pursuit of a career in health professions. Nurses, both RNs and LVNs, make up the largest portion of health care providers. The demand for nurses is expected to grow faster than the average for all other occupations. RNs provide direct patient care, assist physicians with procedures, and provide supervision for other health care workers. LVNs provide basic bedside care, perform procedures and treatments, assist RNs and physicians in providing care and treatments, perform procedures in physicians' offices, and may provide supervision for nursing assistants and aides in long-term care facilities.

Medical Laboratory Technicians (MLTs) play a crucial role in the detection, diagnosis, and treatment of disease. They examine and analyze body fluids and cells. They examine specimens for bacteria, parasites or other micro-organisms; analyze the chemical content of fluids; match blood for transfusions, and test for drug levels in the blood. The MLT field is rated in the top 20 best jobs.

Occupational Therapy Assistants and Physical Therapist Assistants may work with individuals who seek to maximize the functional areas of their lives or are limited by physical disease or injury, psychological or social dysfunction, developmental or learning disabilities, or other disorders, trauma, or conditions.

LVN TO RN BRIDGE OPTION- AAS DEGREE PLAN

PROGRAM INFORMATION: A mobility curriculum with summer bridge courses that can allow LVNs to “bridge” the gap between the Vocational Nursing Program and the second year of the Associate Degree Nursing Program. This one-year curriculum completes the 60 hours required for an Associate in Applied Science Degree (AAS ADN Bridge). LVNs must have 9-12 months of full-time acute-care work experience, must satisfy all of the general education requirements of the first year of the ADN program as well as meet other specific program admission requirements. Upon successful completion of the bridging courses, the student is eligible for entry into the sophomore year of the Associate Degree Nursing Program. Applications to the program are available on-line and at nursing information sessions. All students wishing to apply to the program must attend an information session. Information session dates are posted on the Navarro College Web site in the Fall. ACCEPTANCE TO NAVARRO COLLEGE DOES NOT GUARANTEE ADMISSION TO THE LVN TO RN BRIDGE OPTION. (See [Associate Degree Nursing Program](#) information for admission, licensure and accreditation information).

Notice to Students Regarding Licensing - LVN to RN Bridge Program

Effective September 1, 2017, HB 1508 amends the Texas Occupations Code Section 53 that requires education providers to notify you a potential or enrolled student that a criminal history may make you ineligible for an occupational license upon program completion.

The following website provides links to information about the licensing process and requirements. http://www.bne.state.tx.us/licensure_eligibility.asp.

Should you wish to request a review of the impact of criminal history on your potential LVN License prior to or during your quest for a degree, you can visit this link and request a “Criminal History Evaluation.”

<http://www.bne.state.tx.us/enlcnotice.asp>

This information is being provided to all persons who apply or enroll in the program with notice of the requirements as described above, regardless of whether or not the person has been convicted of a criminal offense.

Additionally, HB 1508 authorizes licensing agencies to require reimbursements when a student fails to receive the required notice.

LICENSED VOCATIONAL NURSING CERTIFICATE DEGREE PLAN

PROGRAM INFORMATION: The 12-month curriculum in vocational nursing leads to a Certificate of Completion and helps prepare graduates to take the National Council Licensure Examination for Practical Nurses. Successful completion of the examination will allow graduates to practice as a Licensed Vocational Nurse in Texas. The curriculum is approved by the Texas Board of Nursing (BON), 333 Guadalupe #3-460, Austin, TX 78701, (512) 305-7400 and the Texas Higher Education Coordinating Board. The vocational nurse graduate is prepared to provide bedside nursing care including administration of medications and procedures requiring technical skills. The nursing curriculum includes on-campus coursework and clinical experiences in health care agencies.

Admission to the Vocational Nursing program is a separate procedure from admission to Navarro College. Applicants must first meet all admission criteria for Navarro College. Prospective students are also required to attend an information session. These sessions are conducted at various times from September to February. Students are required to take the TEAS test and score at or above the national mean for the reading section. This entrance exam must be taken during the application year. Applicants are ranked according to test scores, health care certification, and completion of non-required college courses. Criminal history checks and drug screens are required components of the Vocational Nursing Program. *Acceptance to Navarro College does not guarantee admission to the Licensed Vocational Nursing program.* The Licensed Vocational Nursing program is only available on the Corsicana, Waxahachie, and Mexia campuses.

INFORMATION REGARDING ELIGIBILITY FOR LVN LICENSE: The Texas Board of Nursing has mandated that applicants for licensure as Licensed Vocational Nurses must meet eligibility requirements. Prospective nursing students with a criminal conviction, mental illness, and/or substance/alcohol abuse or dependency may not meet eligibility requirements. The Texas Board of Nursing (BON) provides individuals the opportunity to petition for a Declaratory Order of Eligibility. If the applicant is aware of a past criminal offense, he/she should be prepared by gathering all court documents to file a Declaratory Order with the Texas Board of Nursing as advised. NOTE: A Declaratory Order does not guarantee clinical placement at health care facilities during the vocational nursing program.

Notice to Students Regarding Licensing - LVN

Effective September, 2017, HB 1508 amends the Texas Occupations Code Section 53 that requires education providers to notify you a potential or enrolled student that a criminal history may make you ineligible for an occupational license upon program completion.

MEDICAL LABORATORY TECHNOLOGY- AAS DEGREE PLAN

PROGRAM INFORMATION: The two-year curriculum in Medical Laboratory Technology leads to an Associate in Applied Science Degree designed to help prepare graduates for employment as a medical laboratory technician in a clinical laboratory upon successful completion of a national certification exam. Students who have completed many of the general education courses on the degree plan may be accelerated through the program. Students unable to attend full time may be accommodated.

The Medical Laboratory Technology (MLT) Program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) located at 5600 N. River Road Suite 720, Rosemont, IL 60018-5119. NAACLS phone number is

(733) 714-8880. Graduates of the program are eligible to take the American Society of Clinical Pathology (ASCP) national certification examinations for medical laboratory technicians.

APPLICATION PROCESS: Students interested in the Medical Laboratory Technology Program should submit the MLT program application to the program director (address is on the application). Applications are available at the Dean of Health Professions' office, the MLT program office (Drane Hall Room 208), or at www.navarrocollege.edu on the MLT webpage. Applicants are ranked for admission based on the following: Texas Success Initiative scores, GPA, completion of science courses, completion of other college courses, and employment in a clinical laboratory or phlebotomy course completion. Proof of clear criminal history is required. **ACCEPTANCE TO NAVARRO COLLEGE DOES NOT GUARANTEE ADMISSION TO THE MEDICAL LABORATORY TECHNOLOGY PROGRAM.** The Medical Laboratory Technology program is only offered on the Corsicana campus.

Hepatitis B immunization, a six-month process, must be complete before patient contact, WHICH OCCURS DURING THE FRESHMAN YEAR CLINICALS. Students interested in the program should begin hepatitis B immunizations as soon as possible. Immunization information is included in the MLT application and the website.

University programs are available that accept transfer MLT courses to a Bachelor of Science (medical laboratory science) degree. Students should check with their chosen university regarding any transfer possibilities.

Notice to Students Regarding Licensing - MLT

Effective September 1, 2017, HB 1508 amends the Texas Occupations Code Section 53 that requires education providers to notify you a potential or enrolled student that a criminal history may make you ineligible for an occupational license upon program completion. The following website provides links to information about the licensing process and requirements.

<https://www.naacs.org/>

Should you wish to request a review of the impact of criminal history on your potential MLT Certification prior to or during your quest for a degree, you can visit this link and request a "Criminal History Evaluation."

<https://www.naacs.org/Students.aspx>

This information is being provided to all persons who apply or enroll in the program with notice of the requirements as described above, regardless of whether or not the person has been convicted of a criminal offense. Additionally, HB 1508 authorizes licensing agencies to require reimbursements when a student fails to receive the required notice.

OCCUPATIONAL THERAPY ASSISTANT-AAS DEGREE PLAN

PROGRAM INFORMATION: The two-year 60 hour curriculum in occupational therapy leads to an **Associate of Applied Science Degree (AAS OTA)**. The program helps prepare the graduate to take the national certification examination provided by the National Board for Certification in Occupational Therapy (NBCOT) to become a Certified Occupational Therapy Assistant (COTA). Graduates must also meet licensure requirements as mandated by the Texas Board of Occupational Therapy Examiners (TBOTE) or the state in which licensure is sought. The occupational therapy assistant curriculum includes a combination on-campus coursework, online coursework, and clinical experiences in traditional and non-traditional occupational therapy settings. The curriculum is designed to meet the standards of the Accreditation Council for Occupational Therapy Education (ACOTE) located at 6116 Executive Boulevard, Suite 200, North Bethesda, MD, 20852-4929. The phone number for ACOTE is (301) 652-AOTA. The website for ACOTE is www.acoteonline.org. The Navarro College Occupational Therapy Assistant Program has been granted Accreditation by ACOTE.

ACCEPTANCE TO NAVARRO COLLEGE DOES NOT GUARANTEE ADMISSION TO THE OCCUPATIONAL THERAPY ASSISTANT PROGRAM. Applicants must first meet all admission criteria for Navarro College. Once enrolled in Navarro College, the student may submit an application to the OTA Program. Potential applicants are strongly encouraged to attend one of the information sessions which are conducted at various times throughout the year. Applications to the program may be obtained by attending an information session, in-person through the Health Professions Department, or by electronic download from the program webpage. **Positions in the program are limited.** Admission decisions will be made through a points system. Priority status is determined from the following data: Grades in prerequisite courses on the OTA degree plan, previous health work experience, completion of prior degree or health certification, and submission of required essay. The Occupational Therapy Assistant program is only available on the Corsicana and Midlothian campuses.

Additional Program Requirements:

- All required coursework must be completed with a grade of "C" or better.
- Students will provide proof of required or state-mandated health screenings, immunizations, and CPR training. Clinical and practicum training will require drug screenings.
- Clinical and practicum training in practice settings may require extended travel (early mornings, evenings, weekends) within 60 miles of the student's home.
- Entry into Level II Fieldwork (practicum) must occur within six months of completing academic studies. Completion of Level II fieldwork (practicum) of 16 weeks must occur within 16 months of completion of academic studies.
- The program must be completed with four (4) years of registration of the first OTHA course.
- Interruption in sequence of studies may require additional coursework to help ensure clinical readiness.

PLEASE NOTE: A felony conviction may affect a graduate's ability to sit for the NBCOT Certification Examination and/or attain state licensure.

Notice to Students Regarding Licensing - OTA

Effective September 1, 2017, HB 1508 amends the Texas Occupations Code Section 53 that requires education providers to notify you a potential or enrolled student that a criminal history may make you ineligible for an occupational license upon program completion. The following website provides links to information about the licensing process and requirements.

www.ptot.texas.gov

Should you wish to request a review of the impact of criminal history on your potential OTA License prior to or during your quest for a degree, you can visit this link and request a "Criminal History Evaluation."

<http://www.ptot.texas.gov/idl/5507F83A-E33A-9745-CF66-A40DEC58723>

This information is being provided to all persons who apply or enroll in the program with notice of the requirements as described above, regardless of whether or not the person has been convicted of a criminal offense. Additionally, HB 1508 authorizes licensing agencies to require reimbursements when a student fails to receive the required notice.

PHYSICAL THERAPIST ASSISTANT - AAS DEGREE PLAN

PROGRAM INFORMATION: The two-year, 66 hour curriculum in physical therapy leads to an **Associate of Applied Science Degree (AAS, PTA)**. The physical therapist assistant curriculum includes on-campus coursework and clinical experiences in traditional and non-traditional physical therapy settings. The program helps prepare the graduate to take the National Physical Therapy Examination provided by The Federation of State Board Examiners (FSBPT) to become a Physical Therapist Assistant (PTA). Graduates must also meet licensure requirements as mandated by the Executive Council on Physical Therapy Examiners for the state of Texas or the state in which licensure is sought. Graduation from a physical therapist assistant education program accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, VA 22314; phone; 703-706-3245; accreditation@apta.org is necessary for eligibility to sit for the licensure examination, which is required in all states.

The Physical Therapist Assistant program at Navarro College is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org website:

Admission to the PTA program is a separate procedure from admission to Navarro College. Applicants must first meet all admission criteria for Navarro College. Once enrolled in Navarro College, the student may submit an application to the PTA Program. It is **mandatory** for potential applicants to attend one of the information sessions, which are conducted at various times throughout the year. Applications to the program may be obtained by attending an information session, in person through the Health Professions Department located on Corsicana campus or on the Midlothian campus, or by electronic download from the program web page. **Positions in the program are limited** and are a selective process. Admission decisions will be made through a points system. Priority status is determined from the following data: completion of or exemption from Texas Success Initiative (TSI) requirements, grades in non-physical therapy courses and pre-requisite courses (completed prior to the application deadline) on the PTA degree plan, scored on the TEAS- Allied Health examination, previous healthcare work experience, and/or completion of a prior degree or health certification. The Physical Therapist Assistant program is only available on the Midlothian campus.

Additional Program Requirements:

- All required coursework must be completed with a grade of "C" or better.
- Students will provide proof of required or state-mandated health screenings, immunizations and CPR training. Clinical training will require drug screenings and criminal background checks.
- Entry into PTHA 2366 Practicum must occur within six months of completing academic studies.
- Interruption in sequence of studies may require additional coursework to help ensure clinical readiness.
- **PLEASE NOTE:** A felony conviction may affect a graduate's ability to sit for the FSBPT (Federation of State Boards of Physical Therapy) and/or attain state licensure.

PRE-BACHELOR OF SCIENCE IN NURSING- AS DEGREE PLAN

PROGRAM INFORMATION: The transfer curriculum shown below is designed to serve as the first two years of academic studies for students who plan to pursue a bachelor's degree in nursing at a senior college or university. Upon successful completion of the courses shown, the student will graduate with an Associate in Science Degree. If a student elects not to follow the recommended sequence, students are advised to consult a counselor for help in selecting courses needed to reach individual educational goals. In addition, students are advised to consult with the desired BSN program coordinator for degree requirements and application information.

REGISTERED NURSE ASSOCIATE DEGREE NURSING- AAS DEGREE PLAN

PROGRAM INFORMATION: The two-year 60 credit hours curriculum in nursing leads to an **Associate in Applied Science Degree (AAS-ADN)** and prepares the graduate to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). Graduates must also meet legal requirements for licensure as mandated by the Texas Board of Nursing

(BON) or the state in which initial licensure is sought. Successful completion of the examination will allow the graduate to practice as a registered nurse. The Navarro College Associate Degree Nursing (ADN) Program is approved by the Texas Higher Education Coordinating Board (THECB) and the Texas Board of Nursing (BON), P.O. Box 430, Austin, TX 78767, (512) 305-7400. The ADN program is accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road NE, Suite 850, Atlanta, GA 30326, phone 404-975-5000, fax 404-975-5020, www.acenursing.org. The ADN curriculum includes on-campus coursework and clinical experiences in health care agencies. Applications to the program are available at nursing information sessions which are conducted at various times starting each October. Students wishing to apply to the program must attend an ADN information session. Applicants who score at or above the national norm on the reading comprehension and math portions of the TEAS entrance exam and are Texas Success Initiative (TSI) complete are eligible to apply for admission. Admission is determined by: (1) eligibility for admission according to the Texas BON; (2) a criminal background acceptable to clinical agencies; (3) the highest entrance exam reading comprehension score; and (4) the highest GPA on non-RNSG ADN degree plan courses. Ties among applicants are broken by selecting the student(s): (1) who live in Navarro County; (2) have the highest grades on non-RNSG degree plan courses, or; (3) have health care experiences. The last choice will be to admit all who are tied or admit none of those with tying scores.

ACCEPTANCE TO NAVARRO COLLEGE DOES NOT GUARANTEE ADMISSION TO THE ASSOCIATE DEGREE NURSING PROGRAM. The Associate Degree Nursing program is only available on the Waxahachie campus.

Additional Program Requirements

- Students must complete all theory courses on the ADN degree plan with a final grade of “C” or higher and all clinical courses with a final clinical evaluation of competent or “satisfactory” in order to pass and progress in the program and graduate. The theory ADN grading scale is: A = 90-100, B = 80-89, C = 75-79, D = 60-74, F = <60.
- Students must meet all program and clinical agency requirements including drug screens, American Heart Association Basic Life Support CPR certification, health screenings and immunizations. The Texas Department of Health Administrative Code requires that students enrolled in health-related courses in institutions of higher education with required patient contact must have specific immunizations. Applicants must show proof of the complete series of immunizations prior to final admission to the program. Any exclusion of compliance for medical contraindications or religious beliefs will be handled on an individual basis and must be submitted in writing with the application packet. Students will receive information on unanticipated requirements by email after the application is filed.

Standardized exams including comprehensive predictors of NCLEX-RN success are used throughout the program as a portion of semester grades. Graduates are expected to pass all RNSG courses within three years and be prepared to pass the NCLEX-RN exam. Transfer of RNSG courses from another college is limited to no more than nine hours of equivalent RNSG courses and must have prior written approval signed by ADN Program Director and the Dean of Health Professions.

Information Regarding Eligibility for RN License

The Texas Board of Nursing has mandated that applicants for licensure as registered nurses meet eligibility requirements.

Notice to Students Regarding Licensing - ADN

Effective September 1st 2017, HB 1508 amends the Texas Occupations Code Section 53 that requires education providers to notify you a potential or enrolled student that a criminal history may make you ineligible for an occupational license upon program completion. The following website provides links to information about the licensing process and requirements [http:// www.bne.state.tx.us/licensure_eligibility.asp](http://www.bne.state.tx.us/licensure_eligibility.asp).

Should you wish to request a review of the impact of criminal history on your potential ADN License prior to or during your quest for a degree, you can visit this link and request a “Criminal History Evaluation.” <http://www.bne.state.tx.us/enlcnnotice.asp>.

This information is being provided to all persons who apply or enroll in the program with notice of the requirements as described above, regardless of whether or not the person has been convicted of a criminal offense. Additionally, HB 1508 authorizes licensing agencies to require reimbursements when a student fails to receive the required notice.

All pre-requisite courses must be completed within 7 years of making application. Applications sent without the required pre-requisite will not be accepted. Any of the other Non-RNSG degree plan courses on the degree plan can be taken prior to entering the program or after admission.

INDUSTRIAL TECHNOLOGY

INDUSTRIAL MAINTENANCE TECHNOLOGY CERTIFICATE DEGREE PLAN

PROGRAM INFORMATION: The curriculum will help prepare students for immediate employment in the field of industrial maintenance. Students will learn to perform the duties of a general maintenance technician and function as a member of a multi-skilled general and shop maintenance team in a wide variety of industrial settings. Graduates will perform routine preventative maintenance, troubleshooting, and repair on equipment and components in an industrial plant environment. Upon successful completion of the program, a Certificate of Completion in industrial equipment maintenance and repair will be awarded the student.

Articulated credit may be available for some courses students completed while in high school.

JOHN DEERE TECH

OVERVIEW

Agriculture Mechanization

The Occupations

Service Technician, Shop Foreman, Service Manager, Customer Service Representative

About The Occupations

The technical revolution in the agricultural tractor and equipment industry has quickly changed the way service technicians perform their jobs. The rapid spread of the use of electronics and hydraulics in the industry has created a demand for technicians who are technically and academically prepared. Technicians must be prepared for updated training on new machines as they are introduced. John Deere dealers need technicians who understand good work ethics and are willing to accept change. The service department at most dealerships of today is responsible for the repair and maintenance on all equipment sold at that dealership. The success of any dealership depends on the efficiency of the service department employees. Service technicians perform assigned set-up, repair, and warranty jobs on agricultural machines, old and new. This work may be performed at the dealership or in the field. Shop foremen, depending on the structure of the service department, may schedule service jobs for service technicians or work as a technician while assisting other technicians in the service department. Managerial positions are open to individuals who develop the technical, organizational, communication,

and social skills necessary to represent the dealership in a managerial position in the service department. Many dealerships also employ a customer service representative to promote the dealership with current and prospective customer interaction.

CAREER OUTLOOK

WORK ENVIRONMENT

Employers	John Deere dealerships provide an excellent opportunity to continue employment after graduation because students perform a paid internship at a sponsoring John Deere dealership as part of the degree program. Graduates from this program typically work for John Deere dealerships but may also be employed by other agricultural equipment companies. Labor market Elementary Statistical Methods show an increasing demand for diesel mechanics.
Typical Schedule	<ul style="list-style-type: none"> • 40-hour work week is normal • Overtime during the crop-growing seasons
Tools and Equipment	Micrometers, dial indicators, hoists, flow meters, multimeters, laptop computers, lift trucks, cutting torches, and John Deere special tools necessary to perform service on equipment scheduled for repair.

WORKER PORTRAIT

Skills and Aptitudes	<ul style="list-style-type: none"> • Demonstrates dependable and responsible attitude • Works well under pressure • Communicates well • Concentrates despite distractions • Demonstrates good judgment and common sense • Understands what “doing the job right” means
Interests	<ul style="list-style-type: none"> • Likes to work with hands • Enjoys helping people in need • Interested in working on a variety of products • Enjoys a variety of inside and outside work

MASSAGE THERAPY

MASSAGE THERAPY

OVERVIEW

The Occupations

Massage Therapists

About The Occupations

Massage therapists treat clients by using touch to manipulate the soft-tissue muscles of the body. With their touch, therapists relieve pain, help rehabilitate injuries, improve circulation, relieve stress, increase relaxation, and aid in general wellness of clients. Massage also offers specific benefits to particular groups of people whose continued demand for massage services will lead to overall growth for the occupation. For example, some sports teams hire massage therapists to help give their athletes relief from pain and to rehabilitate clients with injuries. Demand for massage services will grow as the baby-boom generation seeks these services as a way to help maintain their health as they age. Older people in nursing homes or assisted-living facilities also are finding benefits from massage, such as increased energy levels and reduced health problems. Demand for massage therapy should grow among older age groups because they increasingly are enjoying longer, more active lives. In addition, the number of massage clinic franchises has increased in recent years. Many franchised clinics offer more affordable massage than those provided at spas and resorts, making massage services available to a wider range of customers.

CAREER OUTLOOK

WORK ENVIRONMENT	
Employers	<p>Massage therapists work in an array of settings, both private and public, such as private offices, spas, hospitals, and fitness centers. Some massage therapists also travel to clients' homes or offices to give a massage. Most massage therapists, especially those who are self-employed, provide their own table or chair, sheets, pillows, and body lotions or oils.</p> <p>A massage therapist's working conditions depend heavily on the location and what the client wants. For example, a massage meant to help rehabilitate a client with an injury may be conducted in a well-lit setting with several other clients receiving treatment in the same room. But when giving a massage to help clients relax, massage therapists, generally work in dimly lit settings and use candles, incense, and calm, soothing music.</p>
Typical Schedule	<p>Many massage therapists work part-time. Because therapists work by appointment in most cases, their schedules and the number of hours worked each week vary considerably. In addition to giving massages, therapists, especially those who are self-employed, may spend time recording client notes, marketing, booking clients, washing linens, and conducting other general business tasks.</p>
Tools and Equipment	
WORKER PORTRAIT	
	<p>Massage Therapists typically do the following</p> <ul style="list-style-type: none">• Talk with clients about symptoms, medical history, and desired results.• Evaluate clients to locate painful or tense areas of the body.• Manipulate muscles or other soft tissues of the body• Provide clients with guidance on stretching, strengthening, overall relaxation, and how to improve their posture.• Document client's condition and progress. <p>Massage therapists use touch to treat clients' injuries and to promote general wellness. They use their hands, fingers, forearms, elbows, and sometimes feet to knead muscles and soft tissues of the body.</p>

Massage therapists may use lotions and oils and massage tables or chairs, when treating a client. A massage can be as short as 5-10 minutes or could last more than an hour. Therapists talk with clients about what they hope to achieve through massage. Some massage therapists suggest personalized treatment plans for their clients. They also may offer clients information about additional relaxation techniques to practice between sessions.

Massage therapists can specialize in many different types of massage, called modalities. Swedish massage, deep-tissue massage, and sports massage are just a few of the many modalities of massage therapy. Most massage therapists specialize in several modalities, which require different techniques.

Usually, the type of massage given depends on the client's needs and physical condition. For example, therapists may use a special technique for elderly clients that they would not use for athletes. Some forms of massage are given solely to one type of client; for example, prenatal massage is given to pregnant women.

Massage therapists who are self-employed may need to do business-related tasks such as marketing and maintaining financial records. They also may have to buy supplies and do laundry.

Individuals considering a career as a Massage Therapist in Texas must attend a MT School licensed by TDSHS to obtain the knowledge, skills, and abilities required to sit for state licensure. Effective reading comprehension and writing skills are critical for the student to be successful.

Massage Therapy	Certificate	View Degree Plan

FACULTY

MASSAGE THERAPY CERTIFICATE DEGREE PLAN

PROGRAM INFORMATION: The Massage Therapy Certificate is designed to develop the knowledge and skills necessary for graduates to take the national exam to become licensed Massage Therapists. Licensed Massage Therapists work in many settings including Day Spas, Physicians and Chiropractic offices, wellness centers, at hotels, resorts or country clubs or in private practice. According to the United States Bureau of Labor Statistics Employment of massage therapists is projected to grow 21 percent from 2019 to 2029, much faster than the average for all occupations. Demand will likely increase as more healthcare providers understand the benefits of massage and these services become part of treatment plans. Texas ranks third in the nation for employed licensed massage therapists (California and Florida rank 1 and 2) The BLS indicates the annual median wage for Massage Therapists in Texas is \$42,820 or \$20.59 per hour. Massage Therapists help clients overcome injury, relieve stress, and generally live healthier lives. The two semester program is designed to prepare students to become nationally certified. Upon graduation and certification students are eligible to take the Mblex exam and when passed can apply for their massage therapy license.

Notice to Students Regarding Licensing – Massage Therapist

Effective September 1, 2017, HB 1508 amends the Texas Occupations Code Section 53 that requires education providers to notify you, a potential or enrolled student, that a criminal history may make you ineligible for an occupational license upon program completion. The following website provides links to information about the licensing process and requirements. <https://www.tdlr.texas.gov/mas/mas.htm> Should you wish to request a review of the impact of criminal history on your potential Massage Therapy license prior to or during your quest for a degree, you can visit this link and request a "Criminal History Evaluation."

<https://www.tdlr.texas.gov/crimHistoryEval.htm>

This information is being provided to all persons who apply or enroll in the program with notice of the requirements as described above, regardless of whether or not the person has been convicted of a criminal offense. Additionally, HB 1508 authorizes licensing agencies to require reimbursements when a student fails to receive the required notice.

PARALEGAL STUDIES

PARALEGAL STUDIES

OVERVIEW

The Occupations

Legal Assistant, Paralegal

About the Occupations

The terms “legal assistant” and “paralegal” are used interchangeably to denote a person who assists licensed attorneys in the delivery of legal services. In this occupation, paralegal/legal assistants perform many of the same tasks as lawyers under their direct supervision. Paralegals generally work for one law firm or sole practitioner, but they may also provide their services to licensed attorneys on a contract basis as a freelance paralegal. In either case, legal assistants may assume a variety of responsibilities, such as drafting legal documents, conducting legal research to ascertain the applicable law in a given case, and investigating the facts of cases.

A career as a paralegal also provides diverse employment settings. In addition to having the option to work for small, medium, or large law firms, legal assistants may work for corporations assisting attorneys with such tasks as drafting employee contracts, maintaining corporate minute books, or preparing annual financial reports. Other paralegal assistants may work for the state or federal government in one of their numerous administrative agencies performing a variety of duties. When assigned a legal problem on which to work, legal assistants must be able to communicate their findings to their supervising attorney(s), both orally and in writing. In order to do this effectively, paralegal assistants must not only understand legal terminology and have good research and investigative skills, but also must have excellent communication skills. Proficiency in the operation of computers in legal research and litigation is also essential. As legal assistants gain experience they are usually delegated increasingly challenging tasks, and can be a great asset to their employers. The paralegal occupation provides virtually unlimited opportunities to self-motivated people who recognize the importance of details, are able to work under pressure, and will abide by the strict rules of ethics and confidentiality of the legal profession.

PATHWAY TO MEDICAL, DENTAL, PHARMACY OR VETERINARY SCHOOL

PATHWAY TO MEDICAL, DENTAL, PHARMACY OR VETERINARY SCHOOL

OVERVIEW

Students intending to pursue a career in the fields of Medicine, Dentistry, Pharmacy, or Veterinary Medicine should work closely with their advisor and transfer institution to select appropriate transfer courses. Most students pursuing these professional careers work towards a Bachelor's Degree in Biology or Chemistry prior to applying to a medical, dental, pharmacy, or veterinary school.

For more information about these careers, contact an advisor or the Dean of Science, Kinesiology, and PASS.

GENERALLY REQUIRED COURSES

This is designed to help prepare students for more advanced study in a pathway through which students can pursue professional, doctoral-level healthcare careers. Depending on the career, the following courses are generally required in the State of Texas for admission to the medical, dental, pharmacy and veterinary programs.

Biology	16 hours as a science major with labs
Chemistry	16 hours as a science major with labs
English	6 to 8 hours college-level courses
Mathematics	3 to 6 hours (Calculus or Statistics)
Physics	8 hours as a science major with labs

For more information about these careers, contact an advisor or the Dean of Science, Kinesiology, and PASS.

CRITERIA

After the completion of a Baccalaureate Degree, students desiring admission into a medical, dental, pharmacy, or veterinary school must meet score requirements on entrance exams such as the MCAT, GRE, or other field-related exams. In addition to admission test scores, professional programs base their acceptance of students on criteria such as:

- GPA
- Motivation
- Diverse experiences in community service; work experience or volunteer service in a related field
- Leadership skills

For more information about these careers, contact an advisor or the Dean of Science, Kinesiology, and PASS.

PETROLEUM TECHNOLOGY

AUTOMATION CERTIFICATE DEGREE PLAN

The automation certificate program is designed to prepare the student for employment as a technician in an industrial environment that uses automated assembly or processing equipment. Students are provided with knowledge and experiences in the areas of analog and digital electronics and fluid power. The program also provides individuals currently employed as maintenance personnel an opportunity to update their technical knowledge and skills with training and experiences using state-of-the-art high technology equipment.

PETROLEUM TECHNOLOGY

OVERVIEW

The recent oil and gas boom throughout Texas, nationally, and internationally, has resulted in increased demand for workers to fill lease operator and related positions. However, companies in the oil and gas industry report condensable difficulty recruiting qualified individuals to fill open positions (lease operators) in the industry. According to the company personnel, this trend in industry growth and personnel shortage is expected to continue. Competition for qualified workers will continue to increase especially in rural counties where oil and natural gas production is growing. Industry partners such as Encana Oil, and XTO Energy have teamed up for employment in these counties and throughout Texas.

Industry partners, oil and gas companies, indicate that starting salaries range from the upper \$40,000 to \$60,000 annually. Navarro College has instituted an oil and gas education training program that includes a two-year Associate in Applied Science Degree and one-year Certificate program. The two-year Associate Degree includes specific technology related courses and academic courses. The one-year Certificate program focuses only on the oil and gas technology courses and does not include English, Basic Mathematics, History, Government, and similar courses.

Graduates from these programs will be responsible for operating oil and gas wells, pipelines, and gas plants. They will be required to perform basic maintenance and equipment repair. They must ensure that all regulatory and environmental standards are strictly adhered to and appropriate records are maintained.

Both the Associate Degree program and the Certificate program require graduates to complete an intern program prior to graduation. Some companies only accept graduates with an Associate Degree, while other will accept graduates from the certificate program. The intern program requires the student to compete direct work in the industry with reports of the work accomplished being submitted by both the student and the sponsoring company supervisor. Two credit hours of academic credit are awarded for the intern work. Several intern positions are paid positions from the sponsoring companies.

In addition to the oil and gas certificate program, Navarro College has instituted a Certificate program in Automation that concentrates on the electronics measurement aspects of the oil and gas industry. The Automation Certificate program is a one-year certificate with many of its courses also being available to students in the basic oil and gas programs.

PETROLEUM TECHNOLOGY – AAS DEGREE PLAN

PROGRAM INFORMATION: The Petroleum Technology Degree will help prepare students for careers in the oil and gas industry where they will perform the duties of lease operators and function as a member of oil and/or gas production team. Graduates from the program will be responsible for ensuring that oil and natural gas well-flow rate and product quality is maintained at optimal levels. They will be required to perform basic maintenance and equipment repair. Through leading by example, employees are expected to lead, guide and train other lease operators. They must ensure that all regulatory and environmental standards are strictly adhered to and appropriate records are maintained.

Program Demand and Occupational Need: Employers in the oil and gas industry report considerable difficulty recruiting qualified individuals to fill open positions. This is partly attributable to characteristics of the industry. The oil and gas boom has resulted in increased demand for workers in this and related positions. According to employers, this trend is expected to continue. Competition for qualified workers continues to increase, especially in the rural counties of Limestone, Freestone, and Leon, where natural gas production is booming. EnCana Oil and XTO Energy have asked Navarro College to implement an oil and gas production training program to train workers for employment in these counties. Other companies including Marathon are also interested in employing graduates from the program.

Industry partners, oil and gas companies, indicate that starting salaries range from upper \$40,000 to \$60,000 annually.

Curriculum: The certificate program requires students complete 40 semester hours that includes technical courses from the Workforce Education Course Manual.

A cooperative education class is used to verify workplace competencies. Students successfully completing the program will be awarded an oil and gas production technology certificate.

WELDING

OVERVIEW

The Occupations

Welder (combination, production, and manufacturing), Welder helpers, cutters

About the Occupations

Welding is the most common way of permanently joining metal parts. In this process, heat is applied to metal pieces, melting and fusing them to form a permanent bond. Because of its strength, welding is used in ship building, automobile manufacturing and repair, aerospace applications, and thousands of other manufacturing activities. Welding also is used to join steel beams in the construction of building, bridges, and other structures and to join pipes in pipelines, power plants, and refineries.

Welders work in a wide variety of industries, from car racing to manufacturing. The work that welders do and the equipment they use vary with the industry. Arc welding, the most common type of welding today, uses electrical currents to create heat and bond metals- together- but there are more than 100 different processes that a welder can use. The type of weld normally is determined by the types of metals being joined and the conditions under which the welding is to take place.

Cutters use heat to cut and trim metal objects to specific dimensions. The work of arc plasma, and oxy-gas cutters is closely related to that of welders. However, instead of joining metals, cutters use the heat from an electric arc, a stream of ionized gas called plasma, or burning gases to cut and trim metal objects to specific dimensions. Cutters also dismantle large objects, such as ships, railroad cars, automobiles, buildings, and aircraft. Sine operate and monitor cutting machines similar to those used by welding machine operators.

CAREER OUTLOOK

WORK ENVIRONMENT	
Employers	<ul style="list-style-type: none"> • Manufacturing • Construction • Other Services (except public administration) • Wholesale Trade <p>Welders and cutters may work outdoors, often in inclement weather, or indoors, sometimes in a confined area designed to contain sparks and glare. When working outdoors, they may work on scaffold or platform high off the ground. In addition, they may have to lift heavy objects and work in awkward positions while bending, stooping, or standing to work overhead.</p>
Typical Schedule	<p>Most welders and cutters work full time, and overtime is common. Many manufacturing firms have two or three 8- to 12-hour shifts each day, allowing the firm to continue production around the clock if needed. As a result, welders and cutters may work evenings and weekends.</p>
Tools and Equipment	<p>Welders and cutters are often exposed to number of hazards, including very hot materials and the intense light created by the arc. They wear safety shoes, heat-resistant gloves, goggles, masks, with protective lenses, and other equipment to prevent burns and eye injuries and to protect them from falling objects.</p>

The Occupational Safety and Health Administration requires that welders work in safely ventilated areas in order to avoid danger from inhaling gases and fine particles that can result from welding processes. Because of these hazards, welding and cutting workers have a rate of injuries and illnesses that is higher than the national average. However, they can minimize injuries if they follow safety procedures.

WORKER PORTRAIT

Skills and Aptitudes

- Work well independently and with others
- Detail orientated
- Creative
- Works well under pressure
- Patience
- Tentative

WELDING TECHNOLOGY – AAS DEGREE PLAN

PROGRAM INFORMATION: The AAS degree in Welding Technology is an expansion of the Welding Certificate initiated in 2009. The AAS degree is designed to enhance knowledge and skills, as well as provide opportunities for students wishing to go on to pursue a four-year BAAS degree in related fields. This program will prepare students for Welding careers in general fabrication shops, construction, and pipe welding by providing instruction and hands-on experience in welding layout, and fitting skills. Welding practices and principles will guide students in multiple welding processes. Students will develop a strong working knowledge of all arc welding processes, and proficiency in oxy/fuel and plasma torch cutting processes.

ADDITIONAL INFORMATION: The Navarro College Welding Program is offered at the Corsicana campus. In addition, dual credit is available to high school students participating in Welding programs at eligible high schools in the Navarro College service area.

For additional information contact the Dean of Business, Professional and Technical at (903) 875-7572.

COURSES

ACCOUNTING

ACCT 2301 PRINCIPLES OF FINANCIAL ACCOUNTING

3 lec/1 lab (3 Cr.) This course is an introduction to the fundamental concepts of financial accounting as prescribed by U.S. generally accepted accounting principles (GAAP) as applied to transactions and events that affect business organizations. Students will examine the procedures and systems to accumulate, analyze, measure, and record financial transactions. Students will use recorded financial information to prepare a balance sheet, income statement, statement of cash flows, and statement of shareholders' equity to communicate the business entity's results of operations and financial position to users of financial information who are external to the company. Students will study the nature of assets, liabilities, and owners' equity while learning to use reported financial information for purposes of making decisions about the company. Students will be exposed to International Financial Reporting Standards (IRFS). Recommended co-requisite: MATH 1324 - Mathematics for Business & Social Sciences

Credits

3

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$14

ACCT 2302 PRINCIPLES OF MANAGERIAL ACCOUNTING

3 lec/1 lab (3 Cr.) This course is an introduction to the fundamental concepts of managerial accounting appropriate for all organizations. Students will study information from the entity's accounting system relevant to decisions made by internal managers, as distinguished from information relevant to users who are external to the company. The emphasis is on the identification and assignment of product costs, operational budgeting and planning, cost control, and management decision making. Topics include product costing methodologies, cost behavioral, operational and capital budgeting, and performance evaluations. Prerequisite: ACCT2301 - Principles of Financial Accounting

Credits

3

Distribution

ACCT

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$14

ACNT 1303 INTRODUCTION TO ACCOUNTING I

2 lec/3 lab (3 Cr.) A study of analyzing, classifying, and recording business transactions in a manual and computerized environment. Emphasis on understanding the complete accounting cycle and preparing financial statements, bank reconciliations, and payroll.

Credits

3

Distribution

ACCT

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$14

ACNT 1304 INTRODUCTION TO ACCOUNTING II

2 lec/3 lab (3 Cr.) A study of accounting for merchandising, notes payable, notes receivable, valuation of receivables and equipment, and valuation of inventories in a manual and computerized environment. Prerequisite: ACNT 1303 or program coordinator approval.

Credits

3

Distribution

ACCT

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$14

ACNT 1305 FORENSIC ACCOUNTING

3 lec (3 Cr.) Accounting fraud and examination designed to provide a basic understanding of the impact that fraud has on an organization. Prerequisite ACNT 1303 ACCT 2301 or program coordinator approval.

Credits

3

Distribution

ACNT

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$14

ACNT 1311 INTRODUCTION TO COMPUTERIZED ACCOUNTING

3 lec /1 lab (3 Cr.) Introduction to utilizing the computer in maintaining accounting records with primary emphasis on a general ledger package. Prerequisite: ACNT 1303 or ACCT 2301 or Accounting Department Chair approval.

Credits

3

Distribution

ACNT

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$14

ACNT 1329 PAYROLL & BUSINESS TAX ACCOUNT

3 lec/1 lab (3 Cr.) A study of payroll procedures, taxing entities, and reporting requirements of local, state, and federal taxing authorities in a manual and computerized environment. Prerequisite ACNT 1303 or program coordinator approval.

Credits

3

Distribution

ACCT

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$14

ACNT 1331 FEDERAL INCOME TAX: INDIVIDUAL

3 lec/1 lab (3 Cr.) A study of the federal tax law for preparation of individual income tax returns.

Credits

3

Distribution

ACCT

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$14

ACNT 1368 PRACTICUM-ACCOUNTING TECHNOLOGY/TECHNICIAN AND BOOKKEEPING

21 external learning experience (3 Cr.) Practical, general workplace training supported by an individualized learning plan enveloped by the employer, college, and student. Practicum must be taken in degree plan sequence and requires 336 hours (21 hours per week) of workplace training. Contact accounting program coordinator the semester prior to enrolling.

ACCT

ACNT 2302 ACCOUNTING CAPSTONE

2 lec/3 lab (3 Cr.) Allows students to apply broad knowledge of accounting profession through discipline specific projects involving the integration of individuals and teams performing activities to simulate workplace situations. Capstone must be taken in degree plan sequence. Contact accounting program coordinator prior to enrolling.

Credits

3

Distribution

ACCT

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$14

ACNT 2332 ACCOUNTING INFORMATION SYSTEMS

3 lec/1 lab (3 cr) A study of accounting information systems and related subsystems, including data collection, security, retrieval, manipulation, filtering and sorting of data.

Prerequisite: ACNT 1303, ACNT 1304, COSC 1301

Credits

3

Distribution

ACNT

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$14

AG MECHANIZATION

AGME 1207 Agriculture Equipment and Tools

1 lec/3 lab (2 Cr.) Introduction to hand tool and shop equipment skills and safety; including application, operation, maintenance, and repair.

Credits

2

Distribution

DEMR

Offered

Fall Only

Course Fee

Lab fee: \$24.00

AGME 1209 EQUIPMENT REPAIR

1 lec/3 lab (2 Cr.) Introduction to the skills required for maintenance, repair, and renovation of equipment.

Credits

2

Distribution

DEMR

Offered

Spring Only

Course Fee

Lab fee: \$24.00

AGME 1353 HARVESTING EQUIPMENT

2 lec/3 lab (3 Cr.) Operation and maintenance including adjustment techniques of harvesting equipment.

Credits

3

Distribution

DEMR

Offered

Fall Only

Course Fee

Lab fee: \$24.00

AGME 1391 SPECIAL TOPICS IN AGRICULTURE MECHANICS

2 lec/3lab (3Cr.) Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology of occupation and relevant to the professional development of the student. This course was designed to be repeated multiple times to improve student proficiency.

Credits

3

Distribution

DEMR

Offered

Spring Only

Course Fee

Lab fee: \$24.00

DEMR 1166 PRACTICUM I

(1 Cr.) Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. The college, with the employer, develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid.

Credits

1

Distribution

DEMR

Course Fee

Lab fee: \$24.00

DEMR 1191 Special Topics (CSS)

(1 Cr.) Topics addressed will resemble current topics in the field of John Deere Employment. Topics covered include, but are not limited to, skills, knowledge and/or attitudes and behaviors pertinent to the technology or occupation and will be relevant to the professional development of the students. Students taking the course will receive credit for College Success Skills.

Credits

1

Distribution

DEMR

Offered

Fall Only

DEMR 1225 SMALL AIR-COOLED ENGINES

1 lec/3 lab (2 Cr.) Fundamentals of air-cooled engines including repair and testing. This course includes the theory of operation, diagnosis, repair, predelivery procedures, including assembly and adjustment of attachments, and add-on accessories of small power equipment utilized in lawn, turf, garden, and the rental equipment industry. The course includes the safety of both the 2 cycle and 4 cycle engines.

Credits

2

Distribution

DEMR

Offered

Spring Only

Course Fee

Lab fee: \$24.00

DEMR 1229 PREVENTATIVE MAINTENANCE

1 lec/3 lab (2 Cr.) An introductory course designed to provide the student with basic knowledge of proper servicing practices. Content includes record keeping and condition of major systems.

Credits

2

Distribution

DEMR

Offered

Spring Only

Course Fee

Lab fee: \$24.00

DEMR 1301 SHOP SAFETY AND PROCEDURES

(2 lec/3 lab) 3 Cr. A study of shop safety, rules, basic shop tools, and test equipment.

Credits

3

Distribution

DEMR

Distribution

Fall Only

Course Fee

Lab fee: \$24.00

DEMR 1323 HEATING, VENTILATION & A/C (HVAC) TROUBLESHOOTING AND REPAIR

2 lec/3 lab (3 Cr.) Introduction to heating, ventilation, and air conditioning theory, testing, and repair. Emphasis on refrigerant reclamation, safety procedures, specialized tools, and repairs. Refrigerant recovery/recycling and ozone layer protection procedures are emphasized. Students, upon passing the air conditioning certification test, will be granted air conditioning certification.

Credits

3

Distribution

DEMR

Offered

Spring Only

Course Fee

Lab fee: \$24.00

DEMR 1391 SPECIAL TOPICS-DIESEL ENG MECH & REPAIR

2 lec/3 lab (3 Cr.) Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course was designed to be repeated multiple times to improve student proficiency.

Credits

Distribution

DEMR

Offered

Spring Only

Course Fee

Lab fee: \$24.00

DEMR 1405 BASIC ELECTRICAL SYSTEMS

3 lec/2 lab (4 Cr.) Basic principles of electrical systems of diesel powered equipment with emphasis on starters, alternators, and batteries.

Credits

4

Distribution

DEMR

Offered

Fall Only

Course Fee

Lab fee: \$24.00

DEMR 1406 DIESEL ENGINE I

2 lec/6 lab (4 Cr.) An introduction to the basic principles of diesel engines and systems.

Credits

4

Distribution

DEMR

Offered

Fall Only

Course Fee

Lab fee: \$24.00

DEMR 1416 BASIC HYDRAULICS

2 lec/6 lab (4 Cr.) Fundamentals of hydraulics including components and related systems. The operation, testing, repair, and adjustment of the hydraulic components is emphasized. Emphasis is placed on the use of technical language, JIC symbols, and safe operation with high pressure oil.

Credits

4

Distribution

DEMR

Offered

Fall Only

Course Fee

Lab fee: \$24.00

DEMR 1421 POWER TRAIN I

2 lec/6 lab (4 Cr.) Fundamentals, repair, and theory of power trains including clutches, transmissions, drive shafts, and differentials. Emphasis on inspection and repair.

Credits

4

Distribution

DEMR

Offered

Fall Only

Course Fee

Lab fee: \$24.00

DEMR 1449 DIESEL ENGINE II

2 lec/6 lab (4 Cr.) An in-depth coverage of disassembly, repair, identification, evaluation, and reassembly of diesel engines.

Credits

4

Distribution

DEMR

Offered

Spring Only

Course Fee

Lab fee: \$24.00

DEMR 1466 PRACTICUM II

(4 Cr.) Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. The college, with the employer, develops and documents an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid.

DEMR

Offered

Fall Only

Course Fee

Lab fee: \$24

AMERICAN SIGN LANGUAGE

SGNL 1401 BEGINNING AMERICAN SIGN LANGUAGE I

3 lec/2 lab (4 Cr.) Introduction to American Sign Language covering finger spelling, vocabulary, and basic sentence structure in preparing individuals to interpret oral speech for the hearing-impaired.

Credits

4

Distribution

FLAN

SGNL 1402 BEGINNING AMERICAN SIGN LANGUAGE II

3 lec/2 lab (4 Cr.) A continuation of SGNL 1401. Prerequisite: SGNL 1401 or instructor's approval.

Credits

4

Distribution

FLAN

ANTHROPOLOGY

ANTH 2346 GENERAL ANTHROPOLOGY

3 lec (3 Cr.) The study of human beings, their antecedents, related primates, and their cultural behavior and institutions. Introduces the major subfields: physical and cultural anthropology, archaeology, linguistics, their applications, and ethics in the discipline.

Credits

3

Distribution

ANTH

ART

ARTS 1301 ART APPRECIATION

3 lec (3 Cr.) A general introduction to the visual arts designed to create an appreciation of the vocabulary, media, techniques, and purposes of the creative process. Students will critically interpret and evaluate works of art within formal cultural and historical contexts.

Credits

3

Distribution

ARTS

Course Fee

Internet course fee (if applicable): \$38

ARTS 1303 ART HISTORY I (PREHISTORIC TO THE 14TH CENTURY)

3 lec (3 Cr.) A chronological analysis of the historical and cultural contexts of the visual arts from prehistoric times to the 14th century.

Credits

3

Distribution

ARTS

Course Fee

Internet course fee (if applicable): \$38

ARTS 1304 ART HISTORY II (14TH CENTURY TO THE PRESENT)

3 lec (3 Cr.) A chronological analysis of the historical and cultural contexts of the visual arts from the 14th century to the present day.

Credits

3

Distribution

ARTS

ARTS 1311 DESIGN I (2-DIMENSIONAL)

3 lec/3 lab (3 Cr.) An introduction to the fundamental terminology, concepts, theory, and application of two-dimensional design.

Credits

3

Distribution

ARTS

Course Fee

Lab fee: \$24

ARTS 1312 DESIGN II (3-DIMENSIONAL)

3 lec/3 lab (3 Cr.) An introduction to the fundamental terminology, concepts, theory, and application of three-dimensional design.

Credits

HAMG 1340 HOSPITALITY LEGAL ISSUES

3 lec (3 cr) A course in the legal and regulatory requirements that impact the hospitality industry. Topics include Occupational Safety and Health Administration (OSHA), labor regulations, tax laws, tip reporting, franchise regulations, and product liability laws. The student will explain the basic legal principles governing the hospitality industry; describe guest relationships; list and explain the various laws governing the hospitality industry; and explain the legal environment in which hotels and restaurants must exist.

Credits
3

Distribution
Hospitality

Course Fee
Internet course fee (if applicable) \$38

HAMG 1342 GUEST ROOM MANAGEMENT

3 lec (3 cr) A study of the working relationship among housekeeping, front office, and maintenance in the lodging industry.

Distribution
HAMG

Course Fee
Internet course fee (if applicable) \$38

HAMG 2307 HOSPITALITY MARKETING AND SALES

3 lec (3 cr) Identification of the core principles of marketing and their impact on the hospitality industry.

Distribution

HAMG

Course Fee

Internet course fee (if applicable) \$38

HAMG 2332 HOSPITALITY FINANCIAL MANAGEMENT

3 lec (3 cr) Methods and application of financial management within the hospitality industry. Primary emphasis on sales accountability, internal controls, and report analysis.

Distribution

HAMG

HAMG 2337 HOSPITALITY FACILITIES MANAGEMENT

3 lec (3 cr) Identification of building systems, facilities management, security and safety procedures.

Distribution

HAMG

Course Fee

Internet course fee (if applicable) \$38

HAMG 2388 INTERNSHIP (HOSPITALITY ADMIN/MGMT., GENERAL)

(3 SCH) A work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer. Students enrolled must perform and apply various hospitality and/or management duties in the field. The student's internship objectives and project will be established by the instructor and employer supervisor. This may be a paid or unpaid experience. The student is required to attend one-hour classroom instruction weekly. Final report and exit exam are required. The internship course is a capstone course and required for program completion. Prerequisite(s): Program Coordinator approval. External Hours: 15 per week

Distribution

HAMG

Course Fee

Internet course fee (if applicable) \$38

HRPO 2301 HUMAN RESOURCES MANAGEMENT

3 lec (3 Cr.) Behavioral and legal approaches to the management of human resources in organizations.

Credits

3

Distribution

BMGT

Course Fee

Internet course fee (if applicable): \$38

HRPO 2307 ORGANIZATIONAL BEHAVIOR

3 lec (3 Cr.) The analysis and application of organizational theory, group dynamics, motivation theory, leadership concepts, and the integration of interdisciplinary concepts from the behavioral sciences.

Credits

3

Distribution

BMGT

Course Fee

Internet course fee (if applicable): \$38

MRKG 1291 SPECIAL TOPICS IN BUSINESS MARKETING AND MARKETING MANAGEMENT

2 lec (2 Cr.) Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student.

Credits

2

Course Fee

Internet course fee (if applicable): \$38

MRKG 1301 CUSTOMER RELATIONSHIP MANAGEMENT

3 lec (3 Cr.) General principles of customer's relationship management including skills, knowledge, attitudes, and behaviors.

Credits

3

Distribution

BUSI

Course Fee

Internet course fee (if applicable): \$38

MRKG 1311 PRINCIPLES OF MARKETING

3 lec (3 Cr.) Introduction to the marketing mix, functions, and process. Includes identification of consumer and organizational needs and explanation of environmental issues.

Credits

3

Distribution

BMGT

Course Fee

Internet course fee (if applicable): \$38

MRKG 2312 E-COMMERCE MARKETING

3 lec (3 Cr.) Explore electronic tools utilized in marketing; focus on marketing communications in developing customer relationships.

Credits

3

RSTO 1325 PURCHASING FOR HOSPITALITY OPERATIONS

3 lec (3 cr) Study of purchasing and inventory management of foods and other supplies to include development of purchase specifications, determination of order quantities, formal and informal price comparisons, proper receiving procedures, storage management, and issue procedures. Emphasis on product cost analysis, yields, pricing formulas, controls, and record keeping at each stage of the purchasing cycle.

Distribution

RSTO

Course Fee

Internet course fee (if applicable) \$38

BUSINESS INFORMATION TECHNOLOGY

HITT 1305 MEDICAL TERMINOLOGY

2 lec/3 lab (3 Cr.) Study of medical terms through word origin and structure. Introduction to abbreviations and symbols, surgical and diagnostic procedures, and medical specialties.

Credits

3

Distribution

BUSI

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

HITT 2346 ADVANCED MEDICAL CODING

2 lec/3 lab (3 Cr.) Advanced concepts of ICD and CPT coding rules, conventions, and guidelines in complex case studies. Investigation of government regulations and changes in health care reporting. Prerequisite: POFM 1300.

Credits

3

Distribution

BUSI

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

HPRS 1102 WELLNESS & HEALTH PROMOTION

1 lec (1 Cr.) An overview of wellness theory and its application throughout the lifespan. Focus is on attitude, development, impact of cultural beliefs, and communication of wellness. Through this study the student will define wellness and health promotion, explain personal, social, cultural, nutritional, and environmental components of wellness, correlate concepts of wellness and healthy lifestyle, and develop health promotion strategies.

Credits

1

HPRS 2232 HEALTH CARE COMMUNICATIONS

2 lec (2 Cr.) Study of methods of communication with clients, client support groups, health care professionals, and external agencies.

Credits

2

Distribution

HPRS

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

HPRS 2301 PATHOPHYSIOLOGY

3 lec (3 Cr.) Study of the pathology and general health management of disease and injuries across the lifespan. Topics include etiology, symptoms, and the physical and psychological reactions to diseases and injuries. Note: MCDA 1302 will not substitute for this course.

Credits

3

Course Fee

Internet course fee (if applicable): \$38

HPRS 2321 MEDICAL LAW & ETHICS FOR HEALTH PROFESSIONALS

3 lec (3 Cr.) Principles, procedures, and regulations governing the legal and ethical relationships among physicians, patients, and health care professionals. Includes current ethical issues related to the various health care professions and patient confidentiality.

Credits

3

Distribution

BUSI

Course Fee

Internet course fee (if applicable): \$38

MDCA 1064 FIELD EXPERIENCE - MEDICAL/CLINICAL ASST

Practical, general workplace training supported by an individualized learning plan developed by the employee, college, and student.

Credits

112

Course Fee

Internet course fee (if applicable): \$38

MDCA 1302 HUMAN DISEASE/PATHOPHYSIOLOGY

2 lec/2 lab (3 Cr.) A study of anatomy and physiology with emphasis on human pathophysiology including etiology, prognosis, medical treatment, signs, and symptoms of common diseases of all body systems. Note: HPRS 2301 will not substitute for this course.

Credits

3

Distribution

BUSI

Course Fee

Internet course fee (if applicable): \$38

POFI 1301 COMPUTER APPLICATIONS I

2 lec/3 lab (3 Cr.) Overview of computer applications (the Windows operating system, Microsoft Word, and Microsoft Excel) including current terminology and technology. Introduction to computer hardware, software, applications, and procedures.

Prerequisite or Corequisite: POFT 1127 or POFT 1329

Credits

3

Distribution

BUSI

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

POFI 1341 COMPUTER APP II

2 lec/3 lab (3 Cr.) Continued study of current computer terminology and technology. Advanced skill development in computer hardware, software, applications (Microsoft PowerPoint and Microsoft Access), and procedures. Prerequisite: POFI 1301.

Credits

3

Distribution

BUSI

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

POFI 2401 WORD PROCESSING

3 lec/3 lab (4 Cr.) Word processing software focusing on business applications. Prerequisite: POFT 1329, POFI 1301, or COSC 1301.

Credits

4

Distribution

BUSI

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

POFI 2431 DESKTOP PUBLISHING

3 lec/3 lab (4 Cr.) In-depth coverage of desktop publishing terminology, text editing, and use of design principles. Emphasis on layout techniques, graphics, multiple page displays, and business applications. Prerequisite: POFI 2401 or equivalent.

Credits

4

Distribution

BUSI

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

POFM 1300 MEDICAL CODING BASICS

2 lec/3 lab (3 Cr.) Presentation and application of basic coding rules, principles, guidelines, and conventions utilizing various coding systems. Prerequisite: HITT 1305, MDCA 1302, basic keyboarding and computer skills.

Credits

3

Distribution

BUSI

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

POFM 1302 MEDICAL SOFTWARE APPLICATIONS

2 lec/4 lab (3 Cr) Medical software applications for the management and operation of health care information systems.

Credits

3

Distribution

POFM

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

POFM 1317 MEDICAL ADMINISTRATIVE SUPPORT

2 lec/3 lab (3 Cr.) Instruction in medical office procedures including appointment scheduling, medical records creation and maintenance, telephone communications, coding, billing, collecting, and third-party reimbursement. Prerequisite: HITT 1305 or equivalent.

Credits

3

Distribution

BUSI

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

POFM 1427 MEDICAL INSURANCE

3 lec/3 lab (4 Cr.) Survey of medical insurance including the life cycle of various claim forms, terminology, patient relations, and legal ethical issues. Prerequisite: HITT 1305 or permission to enroll with department chair approval.

Credits

4

Distribution

POFM

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

POFT 1127 INTRO TO KEYBOARDING

1 lec/2 lab (1 Cr.) Skills development in keyboarding techniques. Emphasis on the development of acceptable speed and accuracy.

Credits

1

Distribution

BUSI

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

POFT 1301 BUSINESS ENGLISH

2 lec/3 lab (3 Cr.) Introduction to a practical application of basic language usage skills with emphasis on fundamentals of writing and editing for business.

Credits

3

Distribution

BUSI

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

POFT 1313 PROFESSIONAL WORKFORCE PREPARATION

3 lec (3 Cr.) Preparation for career success including ethics, interpersonal relations, professional attire, and advancement.

Credits

3

Distribution

BUSI

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

POFT 1325 BUSINESS MATH USING TECHNOLOGY

2 lec/3 lab (3 Cr.) Business math problem-solving skills using office technology.

Credits

3

Distribution

BUSI

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

POFT 1329 BEGINNING KEYBOARDING

2 lec/3 lab (3 Cr.) Skills development in keyboarding techniques. Emphasis on development of acceptable speed and accuracy levels and formatting basic documents.

Credits

3

Distribution

BUSI

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

POFT 2312 BUSINESS CORRESPONDENCE & COMMUNICATIONS

2 lec/3 lab (3 Cr.) Development of writing and presentation skills to help produce effective business communications.

Prerequisite: POFT 1301.

Credits

3

Distribution

BUSI

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

POFT 2431 ADMINISTRATIVE PROJECT SOLUTIONS

3 lec/3 lab (4 Cr.) Advanced concepts of project management and office procedures integrating software applications, critical thinking, and problem-solving skills.

Credits

4

Distribution

BUSI

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

CHEMISTRY

CHEM 1405 INTRODUCTORY CHEMISTRY I

3 lec/3 lab (4 Cr.) Survey course introducing chemistry. Topics may include inorganic, organic biochemistry, food/physiological chemistry, and environmental/consumer chemistry. Emphasis on measurement, atoms, molecules, chemical bonding, types of chemical reactions, states of matter, solutions, colloids, rates of chemical reaction, chemical equilibrium, acids and bases. Designed for allied health students and for students who are not science majors. Basic laboratory experiments supporting theoretical principles and introduction of the scientific method

Credits: 4

Distribution: CHEM

Course Fee: Internet course fee (if applicable): \$38, Lab fee: \$24

CHEM 1407 INTRODUCTORY CHEMISTRY II

3 lec/3 lab (4 Cr.) Survey course introducing chemistry. Topics may include inorganic/organic biochemistry, food/physiological chemistry, and environmental/consumer chemistry. Emphasis on nuclear chemistry, the study of alkanes, alkenes, alkynes, aromatic compounds, alcohols, phenols, ethers, alkyl halides, aldehydes, ketones, carboxylic acids, esters, amines, and amides. Designed for allied health students and for students who are not science majors. Basic laboratory experiments supporting theoretical principles, introduction of the scientific method, experimental design, data collection and analysis, and preparation of lab reports. Prerequisite: CHEM 1405 with grade of "C" or better. Offered Spring only.

Credits: 4

Distribution: CHEM

Course Fee: Internet course fee (if applicable): \$38, Lab fee: \$24

CHEM 1411 GENERAL CHEMISTRY I

3 lec/3 lab (4 Cr.) Fundamental principles of chemistry for majors in the sciences, health sciences, and engineering; topics include measurements, fundamental properties of matter, states of matter, chemical reactions, chemical stoichiometry, periodicity of elemental properties, atomic structure, chemical bonding, molecular structure, solutions, properties of gases, and an introduction to thermodynamics and descriptive chemistry. Basic laboratory experiments supporting theoretical principles presented in this course; introduction of the scientific methods, experimental design, data collection and analysis, and preparation of laboratory reports. Prerequisite: Math 1314-College Algebra or equivalent academic preparation. High school chemistry or CHEM 1405 -Introductory Chemistry I is strongly recommended.

Credits: 4

Distribution: CHEM

Course Fee: Internet course fee (if applicable): \$38, Lab fee: \$24

CHEM 1412 GENERAL CHEMISTRY II

3 lec/3 lab (4 Cr.) Chemical equilibrium; phase diagrams and spectrometry; acid-base concepts; thermodynamics; kinetics; electrochemistry; nuclear chemistry; an introduction to organic chemistry and descriptive inorganic chemistry. Basic laboratory experiments supporting theoretical principles presented in this course; introduction of the scientific method, experimental design, chemical instrumentation, data collection and analysis, and preparation of laboratory reports. Prerequisite: CHEM 1411.

Credits: 4

Distribution: CHEM

Course Fee: Internet course fee (if applicable): \$38, Lab fee: \$24

CHEM 2389 ACADEMIC COOPERATIVE IN CHEMISTRY

3 lec/3 lab (4 Cr.) An instructional program designed to integrate on-campus study with practical hands-on work experience in the physical sciences. In conjunction with class seminars, the individual students will set specific goals and objectives in the scientific study of inanimate objects, processes of matter and energy, and associated phenomena.

Credits: 4

Distribution: CHEM

Course Fee: Internet course fee (if applicable): \$38, Lab fee: \$24

CHEM 2423 ORGANIC CHEMISTRY I

3 lec/4 lab (4 Cr.) Fundamental principles of organic chemistry will be studied, including the structure, bonding, properties, and reactivity of organic molecules; and properties and behavior of organic compounds and their derivatives. Emphasis is placed on organic synthesis and mechanisms. Includes study of covalent and ionic bonding, nomenclature, stereochemistry structure, and reactivity, reaction mechanisms, functional groups, and synthesis of simple molecules. THIS COURSE IS INTENDED FOR STUDENTS IN SCIENCE OR PRE-PROFESSIONAL PROGRAMS. Laboratory activities will reinforce fundamental principles of organic chemistry, including the structure, bonding, properties, and reactivity of organic molecules; properties and behavior of organic compounds and their derivatives. Emphasis is placed on organic synthesis and mechanisms. Includes study of covalent and ionic bonding, nomenclature, stereochemistry, structure and reactivity, reaction mechanisms, functional groups, and synthesis of simple molecules. Methods for the purification and identification of organic compounds will be examined. Prerequisite: CHEM 1412 General Chemistry II with a grade of "C" or better. Offered Fall only.

Credits: 4

Distribution: CHEM

Course Fee: Internet course fee (if applicable): \$38, Lab fee: \$24

CHEM 2425 ORGANIC CHEMISTRY II

3 lec/4 lab (4 Cr.) Advanced principles of organic chemistry will be studied, including the structure, properties, and reactivity of aliphatic and aromatic organic molecules; and properties and behavior of organic compounds and their derivatives. Emphasis is placed on organic synthesis and mechanisms. Includes study of covalent and ionic bonding, nomenclature, stereochemistry, structure and reactivity, reaction mechanisms, functional groups, and synthesis of simple molecules. THIS COURSE IS INTENDED FOR STUDENTS IN SCIENCE OR PRE-PROFESSIONAL PROGRAMS. Laboratory activities reinforce advanced principles of organic chemistry including the structure, properties, and reactivity of aliphatic and aromatic organic molecules; and properties and behavior of organic compounds and their derivatives. Emphasis is placed on organic synthesis and mechanisms. Includes study of covalent and ionic bonding, nomenclature, stereochemistry, structure and reactivity, reaction mechanisms, functional groups, and synthesis of simple molecules. Prerequisite: CHEM 2423. Offered Spring only.

Credits: 4

Distribution: CHEM

Course Fee: Internet course fee (if applicable): \$38, Lab fee: \$24

CHILD DEVELOPMENT

CDEC 1164 PRACTICUM-CHILD DEVELOPMENT

160 external learning experience required (1 Cr.) Practical general workplace training supported by an individualized learning plan developed by the employer and student. Every student must complete and pass a criminal background check and be accepted into licensed child care program to participate in classroom observations and activities.

Credits

1

Distribution

CDEC

CDEC 1265 PRACTICUM-CHILD DEVELOPMENT

240 external learning experience required (2 Cr.) Practical general workplace training supported by an individualized learning plan developed by the employer and student. Every student must complete and pass a criminal background check and be accepted into licensed child care program to participate in classroom observations and activities.

Credits

2

Distribution

CDEC

Course Fee

Internet course fee (if applicable): \$38

CDEC 1303 FAMILIES, SCHOOLS, & COMMUNITY

3 lec/1 lab (3 Cr.) A study of the relationship between the child the family the community and early childhood educators including a study of parent education family and community lifestyles child abuse and current issues. 16 External learning hours total during the semester is required. Every student must complete and pass a criminal background check and be accepted into a licensed child care program to participate in classroom observations.

Credits

3

Distribution

CDEC

Course Fee

Internet course fee (if applicable): \$38

CDEC 1311 EDUCATING YOUNG CHILDREN

3 lec (3 Cr.) child. Includes developmentally appropriate practices and programs theoretical and historical perspectives ethical and professional responsibilities and current issues. 16 external learning hours total during the semester is required. Every student must complete and pass a criminal background check and be accepted into a licensed child care program to participate in classroom observations.

Credits

3

Distribution

CDEC

Course Fee

Internet course fee (if applicable): \$38

CDEC 1318 WELLNESS OF THE YOUNG CHILD

3 lec/1 lab (3 Cr.) A study of nutrition health safety and related activities including skill development in management of issues guidelines and practices in nutrition as well as community health hygiene safety and legal implications. Integration of these principles is applied to a variety of settings. 16 External learning hours total during the semester is required. Every student must complete and pass a criminal background check and be accepted into a licensed child care program to participate in classroom observations.

Credits

3

Distribution

CDEC

Course Fee

Internet course fee (if applicable): \$38

CDEC 1319 CHILD GUIDANCE

3 lec (3 Cr.) An exploration of guidance strategies for promoting prosocial behaviors with individuals and groups of children. Emphasis on positive guidance and techniques family involvement and cultural influences. *Prerequisites: CDEC 1311 CDEC 1354 or approval from instructor.

Credits

3

Distribution

CDEC

Course Fee

Internet course fee (if applicable): \$38

CDEC 1321 THE INFANT & TODDLER

3 lec (3 Cr.) A study of appropriate infant and toddler programs (birth to age 3) including an overview of development, quality routines, learning environments, materials and activities, and teaching/guidance techniques. *Prerequisites: CDEC 1311 CDEC 1354 or approval from instructor.

Credits

3

Distribution

CDEC

Course Fee

Internet course fee (if applicable): \$38

CDEC 1354 CHILD GROWTH & DEVELOPMENT

3 lec (3 Cr.) A study of the principles of child growth and development. Physical emotional social and cognitive factors impacting growth and development of children through adolescence.

Credits

3

Distribution

CDEC

Course Fee

Internet course fee (if applicable): \$38

CDEC 1356 EMERGENT LITERACY FOR EARLY CHILDHOOD

3 lec/3 lab (3 Cr.) An exploration of principles methods and materials for teaching young children language and literacy through a play-based integrated curriculum. Every student must complete and pass a background check and be accepted into a licensed child care program to participate in classroom observations required by various courses in the program and activities. 16 hours external learning hours required during the semester. Prerequisites: CDEC 1354 and CDEC 1413 or approval from instructor.

Credits

3

Distribution
CDEC

Course Fee

Internet course fee (if applicable): \$38

CDEC 1358 CREATIVE ARTS FOR EARLY CHILDHOOD

3 lec/3 lab (3 Cr.) An exploration of principles methods and materials for teaching young children music movement visual arts and dramatic play through process-oriented experiences to support divergent thinking. 16 external learning hours required during the semester. Every student must complete and pass a criminal background check and be accepted into a licensed child care program to participate in classroom observations and activities. Prerequisite: CDEC 1354 and CDEC 1413 or approval from instructor.

Credits

3

Distribution
CDEC

Course Fee

Internet course fee (if applicable): \$38

CDEC 1359 CHILDREN WITH SPECIAL NEEDS

3 lec/3 lab (3 Cr.) A survey of information regarding children with special needs including possible causes and characteristics of exceptionalities, intervention strategies, available resources, referral processes, the advocacy role, and legislative issues. 16 external learning hours required during the semester. Every student must complete and pass a criminal background check and be accepted into a licensed child care program to participate in classroom observations and activities.

Credits

3

Distribution
CDEC

Course Fee

Internet course fee (if applicable): \$38

CDEC 1413 CURRICULUM RESOURCES FOR EARLY CHILDHOOD

3 lec/3 lab (4 Cr.) Fundamentals of curriculum design and implementation in developmentally appropriate programs. For Mexia State Supported Living Center Employees Only.

Credits

4

Distribution
CDEC

Course Fee

Internet course fee (if applicable): \$38

CDEC 2336 ADMINISTRATION OF PROGRAMS FOR CHILDREN III

3 lec (3 Cr.) An advanced study of the skills and techniques in administering early care and education programs.

Credits

3

Distribution
CDEC

Course Fee

Internet course fee (if applicable): \$38

CDEC 2341 THE SCHOOL AGE CHILD

3 lec (3 Cr.) A study of appropriate age programs including an overview of development appropriate environments materials and activities and teaching/guidance techniques. Prerequisites: CDEC 1311 CDEC 1354 or approval from instructor. CDEC 2407 Math and Science for Early Childhood

Credits

CDEC 2407 MATH & SCIENCE FOR EARLY CHILDHOOD

3 lec/3 lab (4 Cr.) An exploration of principles, methods, and materials for teaching children math and science concepts and process skills through discovery and play. 16 external learning hours required during the semester. Every student must complete and pass a criminal background check and be accepted into a licensed child care program to participate in classroom observations and activities. *Prerequisites: CDEC 1354 and CDEC 1413 or approval from instructor.

Credits

4

Distribution
CDEC

Course Fee

Internet course fee (if applicable): \$38

CDEC 2426 ADMINISTRATION OF PROGRAMS FOR CHILDREN I

4 lec (4 Cr.) Application of management procedures for early care and education programs. Includes planning operating supervising and evaluating programs. Topics on philosophy types of programs policies fiscal management regulations staffing evaluation and communication.

Credits

4

Distribution
CDEC

Course Fee

Internet course fee (if applicable): \$38

CDEC 2428 ADMINISTRATION OF PROGRAMS FOR CHILDREN II

4 lec (4 Cr.) An in depth study of the skills and techniques in managing early care and education programs, including legal and ethical issues, personnel management, team building, leadership, conflict resolution, stress management, advocacy, professionalism, fiscal analysis, technical applications in programs and planning parent education/partnerships.

TECA 1303 FAMILIES, SCHOOL & COMMUNITY

3 lec/1 lab (3 Cr.) A study of the child, family, community, and schools, including parent education and involvement, family and community lifestyles, child abuse, and current family life issues. Course content must be aligned as applicable with State Board for Educator Certification Pedagogy and Professional Responsibilities standards and coincide with the National Association for the education of Young Children position statement related to developmentally appropriate practices for children from birth through age eight. Requires students to participate in field experiences with children from infancy through age 12 in a variety of settings with varied and diverse populations. The course includes a minimum of 16 hours of field experiences.

Credits

3

Distribution
TECA

Course Fee

Internet course fee (if applicable): \$38

TECA 1311 EDUCATING YOUNG CHILDREN

3 Lec/0 Lab (3 Cr.) An introduction to the education of the young child, including developmentally appropriate practices and programs, theoretical and historical perspectives, ethical and professional responsibilities, and current issues. Course content must be aligned as applicable with State Board for Educator Certification Pedagogy and Professional Responsibilities standards and coincide with the National Association for the Education of Young Children position statement related to developmentally appropriate practices for children from birth through age eight. Requires students to participate in field experiences with children from infancy through age 12 in a variety of settings with varied and diverse populations; and the course includes a minimum of 16 hours of field experiences.

Credits

3

Distribution

TECA

Course Fee

Internet course fee (if applicable): \$38

TECA 1318 WELLNESS OF THE YOUNG CHILD

3 lec/ 1 lab (3 Cr.) A study of the factors that impact the well-being of the young child including healthy behavior, food, nutrition, fitness, and safety practices. Focuses on local and national standards and legal implications of relevant policies and regulations. Course content must be aligned as applicable with State Board for Educator Certification Pedagogy and Professional Responsibilities standards and coincide with the National Association for the Education of Young Children position statement related to developmentally appropriate practices for children from birth to age eight. Requires students to participate in field experiences with children from infancy through age 12 in a variety of settings with varied and diverse populations. Course includes a minimum of 16 hours of field experiences.

Credits

3

Distribution

TECA

Course Fee

Internet course fee (if applicable): \$38

TECA 1354 CHILD GROWTH & DEVELOPMENT

3 lec/0 lab (3 Cr.) A study of the physical, emotional, social, language, and cognitive factors impacting growth and development of children through adolescence.

Credits

3

Distribution

TECA

Course Fee

Internet course fee (if applicable): \$38

COMPUTER SCIENCE

ARTC 1302 DIGITAL IMAGING

2 Lec/4 Lab (3Cr.) Digital imaging using raster image editing and/or image creation software: scanning, resolution, file formats, output devices, color systems, and image-acquisitions.

Credits

3

Distribution

ARTC

ARTC 1313 DIGITAL PUBLISHING

2 Lec/4 Lab (3 Cr.) The fundamentals of using digital layout as a primary publishing tool an the basic concepts and terminology associated with typography and page layout.

Credits

3

Distribution

ARTC

Course Fee

Lab Fee: \$24; Internet Course Fee (if applicable): \$38.

ARTC 1359 VISUAL DESIGN FOR NEW MEDIA

2 Lec/4 Lab (3 Cr.) Visual design elements as they relate to new media. Emphasizes aesthetics and visual problem solving such a typographic issues, color management, hierarchy of information, image optimization, and effective layout.

Credits

3

Distribution

ARTC

Course Fee

Lab Fee: \$24.00; Internet Fee (if applicable): \$38.00

BCIS 1305 BUSINESS COMPUTER APPLICATIONS

3 lec/1 lab (3 Cr.) Introduces and develops foundational skills in applying essential and emerging business productivity information technology tools. The focus of this course is on business productivity software applications, including word processing, spreadsheets, databases, presentation graphics, data analytics, and business-oriented utilization of the internet.

Course Fee

Lab fee \$24; Internet fee (if applicable) \$38

COSC 1301 INTRODUCTION TO COMPUTING

3 lec/1 lab (3 Cr.) Overview of computer systems-hardware, operating systems, and microcomputer application software, including the internet, word processing, spreadsheets, presentation graphics, and databases. Current issues such as the effect of computers on society, and the history and use of computers in business, educational, and other modern settings are also studied. This course is not intended to count toward a student's major field of study in business or computer science.

Credits

3

Distribution

COSC

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

COSC 1320 C PROGRAMMING

2 Lec/4 Lab (3 Cr.) Introduces the fundamental concepts of structured programming in the C language. Topics include data types, control structures, functions, structures, arrays, pointers, pointer arithmetic, unions, and files; the mechanics of running, testing, and debugging programs; introduction to programming; and introduction to the historical and social context of computing.

Credits

3

Distribution

COSC

Course Fee

Lab Fee: \$24; Internet Course Fee (if applicable): \$38

COSC 1420 C PROGRAMMING

3 Lec/3 Lab(4 cr) Introduces the fundamental concepts of structured programming in the C language. Topics include data types; control structures; functions, structures, arrays, pointers, pointer arithmetic, unions, and files; the mechanics of running, testing, and debugging programs; introduction to programming; and introduction to the historical and social context of computing.

Credits

4

Course Fee

Lab fee: \$24, Internet course fee (if applicable): \$38

COSC 1436 PROGRAMMING FUNDAMENTALS I

3 lec/3 lab (4 Cr.) Introduces the fundamental concepts of structured programming and provides a comprehensive introduction to programming for computer science an technology majors. Topics include software development methodology, data types, control structures, functions, arrays, and the mechanics of running, testing, and debugging. This Course assumes computer literacy

Credits

Distribution

COSC

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

COSC 1437 PROGRAMMING FUNDAMENTALS II

3Lec/3Lab (4 Cr.) This course focuses on the object-oriented programming paradigm, emphasizing the definition and use of classes along with fundamentals of object-oriented design. The course includes basic analysis of algorithms, searching and sorting techniques, and an introduction to software engineering processes. Students will apply techniques for testing and debugging software.

Prerequisite: COSC 1436 Programming Fundamentals I

Prerequisite

COSC 1436

Distribution

COSC

Course Fee

Internet course fee (if applicable) \$38; Lab fee \$24

COSC 2325 COMPUTER ORGANIZATION

2 Lec/4 Lab (3 Cr) The organization of computer systems is introduced using assembly language. Topics include basic concepts of computer architecture and organization, memory hierarchy, data types, computer arithmetic, control structures, interrupt handling, instruction sets, performance metrics, and the mechanics of testing and debugging computer systems. Embedded systems and device interfacing are introduced.

Pre-requisite: COSC 1436 - Programming Fundamentals I

Credits

3

Prerequisite

[COSC 1436](#)

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

COSC 2436 PROGRAMMING FUNDAMENTALS III

3 Lec/3 Lab (4 Cr) Further applications of programming techniques, introducing the fundamental concepts of data structures and algorithms. Topics include data structures (including stacks, queues, linked lists, hash table, trees and graphs), searching, sorting, recursion and algorithmic analysis. Programs will be implemented in an appropriate object oriented language.

Credits

4

Prerequisite

COSC 1437

Offered

Fall Only

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

IMED 1345 INTERACTIVE DIGITAL MEDIA I

2 Lec/4 Lab (3 Cr.) Exploration of the use of graphics and sound to create interactive digital media applications and/or animations using industry standard authoring software.

Credits

3

Distribution

IMED

Course Fee

Lab Fee: \$24; Internet Course Fee (if applicable): \$38

IMED 2359 INTERACTIVE WEB ELEMENTS

2 Lec/4 Lab (3 Cr.) Production of projects using current web development tools that may incorporate dynamic data, web graphics, animation, video and audio streaming.

Credits

3

Distribution

IMED

Course Fee

Lab Fee: \$24; Internet Course Fee (if applicable): \$38

INEW 1340 ASP.NET

2 Lec/4 Lab (3 Cr.) Server side web programming concepts to implement solutions for common web programming tasks. Includes Basic ASP.NET web controls, user management and authentication, state management, and development of database-driven web applications.

Pre-requisite: ITSE 2313

Credits

3

Prerequisite

ITSE 2313

Distribution

INEW

Course Fee

Lab Fee: \$24; Internet Course Fee (if applicable): \$38

ITNW 1309 FUNDAMENTALS OF CLOUD COMPUTING

2 Lec/4 Lab (3 Cr) Introduction to Cloud computing from a business and technical perspective, including Cloud concepts, services, architecture, system integration, connectivity, data center migration, administration, security, compliance and technical support. Coverage includes preparation for industry certifications. Topics may adapt to changes in industry practices.

Prerequisite

ITNW 1325

Distribution

ITNW

Offered

Spring

Course Fee

Internet course fee (if applicable) \$38; Lab fee \$24

ITNW 1313 COMPUTER VIRTUALIZATION

2 Lec/4 Lab (3 Cr.) Implement and support virtualization of client servers in a networked computing environment. This course explores installation, configuration, and management of computer virtualization workstation and servers.

Credits

3

Distribution

ITNW

Course Fee

Lab Fee: \$24; Internet Course Fee (if applicable) \$38

ITNW 1325 FUNDAMENTALS OF NETWORKING TECHNOLOGIES

2 lec/4 lab (3 Cr.) Instruction in networking technologies and their implementation. Topics include the OSI reference model, network protocols, transmission media, and networking hardware and software.

Prerequisite: ITSC 1305

Credits

3

Distribution
COSC

Course Fee
Internet course fee (if applicable): \$38, Lab fee: \$24

ITNW 1335 INFORMATION STORAGE & MANAGEMENT

2 Lec/4 Lab (3 Cr.) An introduction to data storage-related technologies. Topics include data storage for cloud, Big Data, mobile, social media, and software-defined data centers. Provides a strong understanding of storage technologies and prepares students for advanced concepts, technologies, and processes.

Prerequisite: ITNW 1325

Credits
3

Distribution
ITNW

Course Fee
Lab Fee: \$24; Internet Course Fee (if applicable) \$38

ITNW1336 CLOUD DEPLOYMENT AND INFRASTRUCTURE

2Lec/4Lab (3 Cr) Focus on Cloud infrastructure, deployment, security models, and key considerations in migrating to Cloud computing. Includes the technologies and processes required to build on premise and Cloud environments, including computation, storage, networking, virtualization, business continuity, security, and management.

Prerequisite
ITNW 1309

Distribution
ITNW

Offered
Fall

Course Fee
Internet course fee (if applicable) \$38; Lab fee \$24

ITNW 1354 IMPLEMENTING AND SUPPORTING SERVERS

2 Lec/4 Lab (3 Cr.) Implement, administer, and troubleshoot information systems that incorporate servers in a networked computing environment.

ITNW 1373 CLOUD COMPUTING SECURITY

2 Lec/4 Lab (3 Cr) Introduction to Cloud Security including tools which monitor data moving to and from the cloud and between cloud platforms, identification of fraudulent use of data in the Cloud and its financial and performance impact. Third party cloud security solutions including cloud security gateways, centralized cloud management, and native IaaS/PaaS platform security will be presented.

Prerequisite
ITNW 1309

Distribution
ITNW

Offered
Fall

Course Fee
Internet course fee (if applicable) \$38; Lab fee \$24

ITNW 2264 PRACTICUM IN COMPUTER SYSTEMS NETWORKING AND TELECOMMUNICATIONS

ITNW 2264 (2Cr) Practicum in Computer Systems Networking and Telecommunications Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. (224 contact hours) Capstone course must be taken in final semester.

Distribution
ITNW

Offered
Spring

ITNW 2327 ADVANCED CLOUD COMPUTING

2Lec/4Lab (3Cr) Focus on enterprise Cloud architecture, with advanced topics including multi Cloud platforms inclusive of computing, networking, storage, monitoring and database.

Prerequisite
ITNW 1336

Distribution
ITNW

Offered
Spring

Course Fee
Internet course fee (if applicable) \$38; Lab fee \$24

ITNW 2355 SERVER VIRTUALIZATION

2 Lec/ 4 Lab (3 Cr.) An in-depth study of the installation, configuration, management and troubleshooting of a virtualized server environment.

Pre-requisite: ITNW 1313

Credits
3

Distribution
ITNW

Course Fee
Lab Fee \$24; Internet Course Fee (if applicable):\$ 38

ITSC 1265 PRACTICUM - COMPUTER SCIENCE

(2 Cr.) Practical, general training and experiences in the workplace. The college and employer develop and document an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary.

Credits
2

Distribution
COSC

Course Fee
Lab fee: \$24

ITSC 1305 INTRO TO PC OPERATING SYSTEMS

2 lec/4 lab (3 Cr.) A study of personal computer operating systems. Topics include installation and configuration, file management, memory and storage management, control of peripheral devices, and use of utilities.

Credits
3

Distribution
COSC

Course Fee
Internet course fee (if applicable): \$38, Lab fee: \$24

ITSC 1307 UNIX OPERATING SYSTEM I

(3 Cr.) A study of the UNIX operating system including multi-user concepts, terminal emulation, use of system editor, basic UNIX commands, and writing script files. Includes introductory system management concepts.

Credits
3

Distribution
COSC

Offered
Spring Only

Course Fee
Internet course fee (if applicable): \$38

ITSC 1309 INTEGRATED SOFTWARE APPLICATIONS I

3 lec/1 lab (3 Cr.) Integration of applications from popular business productivity software suites. Instruction in embedding data, linking and combining documents using word processing, spreadsheets, databases, and/or presentation media software. Suggested prerequisite: keyboarding proficiency. Tech Prep articulated credit.

Credits
3

Distribution
COSC

Offered
Spring Only

Course Fee
Internet course fee (if applicable): \$38, Lab fee: \$24

ITSC 1315 PROJECT MANAGEMENT SOFTWARE

2 Lec/4 Lab (3 Cr.) Use of project management software for developing a project plan including timelines, milestones, scheduling, life cycle phases, management frameworks, skills, processes and tools.

Credits
3

Course Fee
Internet course fee (if applicable): \$38, Lab fee: \$24

ITSC 1316 LINUX INSTALLATION & CONFIGURATION

2 Lec/4 Lab (3 Cr.) Introduction to Linux operating system. Includes Linux installation, basic administration, utilities and commands, upgrading, networking, security, and application installation. Emphasizes hands-on setup, administration, and management of Linux.

Credits
3

Distribution
ITSC

Course Fee
Lab Fee: \$24; Internet Course Fee (if applicable): \$38

ITSC 1325 PERSONAL COMPUTER HARDWARE

2 lec/4 lab (3 Cr.) A study of current personal computer hardware including personal computer assembly and upgrading, setup and configuration, and troubleshooting

Credits
3

Distribution
COSC

Course Fee
Internet course fee (if applicable): \$38, Lab fee: \$24

ITSC 1409 INTEGRATED SOFTWARE APPLICATIONS I

3 lec/3 lab (4 Cr.) Integration of applications from popular business productivity software suites. Instruction in embedding data, linking and combining documents using word processing, spreadsheets, databases, and/or presentation media software. Suggested prerequisite: keyboarding proficiency. Tech Prep articulated credit.

Credits
4

Distribution
COSC

Offered

Spring Only

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

ITSC 2164 PRACTICUM-COMPUTER & INFORMATION SCIENCE

14 external learning experience (1 Cr) Practical general training and experiences in the workplace. The college and employer develop and document an individualized plan for the student. The plan relates workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary.

Credits

1

Distribution

ITSC

Offered

Spring Only

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

ITSC 2339 PERSONAL COMPUTER HELP DESK SUPPORT

2 lec/4 lab (3 Cr) Diagnosis and solution of user hardware and software related problems includes on-the-job projects in either a help desk lab or in short-term assignments for local business.

Credits

3

Distribution

COSC

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

ITSE 1301 WEB DESIGN TOOLS

2 Lec/4 Lab (3 Cr.) Designing and publishing Web documents according to World Wide Web Consortium (W3C) standards. Emphasis on optimization of graphics and images and exploration of tools available for creating and editing Web documents.

Credits

3

Distribution

ITSE

Course Fee

Lab Fee \$24; Internet Course Fee (if applicable): \$38

ITSE 1302 COMPUTER PROGRAMMING

2 Lec/4 Lab (3 Cr.) Introduction to computer programming including design, development, testing, implementation, and documentation.

Credits

3

Distribution

ITSE

Course Fee

Lab Fee: \$24; Internet Course Fee (if applicable): \$38

ITSE 1306 PHP PROGRAMMING LANGUAGE

2 Lec/4 Lab (3 Cr.) Introduction to PHP including the design of web-based applications, arrays, string, regular expressions, file input/output, e-mail and database interfaces, stream and network programming, debugging, and security.

Pre-requisite: ITSE 2313

Credits

3

Distribution
ITSE

Course Fee
Lab Fee: \$24; Internet Course Fee (if applicable): \$38

ITSE 1307 INTRO TO C++ PROGRAMING

2 lec/4 lab (3 Cr.) Introduction to computer programming using C++. Emphasis on the fundamentals of structured design with development, testing, implementation, and documentation. Includes language syntax, data file structures, input/output devices, and files.

Credits
3

Distribution
ITSE

Course Fee
Internet course fee (if applicable): \$38, Lab fee: \$24

ITSE 1311 BEGINNING WEB PROGRAMMING

2 lec/4 lab (3 Cr.) Skill development in web page programming, including mark-up and scripting languages.

Credits
3

Distribution
COSC

Offered
Fall Only

Course Fee
Internet course fee (if applicable): \$38, Lab fee: \$24

ITSE 1329 PROGRAMMING LOGIC & DESIGN

3 lec (3 Cr.) A disciplined approach to problem solving with structured techniques and representation of algorithms using appropriate design tools. Discussion of methods for testing evaluation and documentation.

Credits
3

Distribution
COSC

Offered
Fall Only

Course Fee
Internet course fee (if applicable): \$38, Lab fee: \$24

ITSE 1330 INTRODUCTION TO C# PROGRAMMING

2 Lec/4 Lab (3 cr) A study of C# syntax including data types, control structures, functions, syntax and semantics of the language, classes, class relationships, and exception handling.

Credits
3

Distribution
COSC

Offered
Fall only

Course Fee
Internet course fee (if applicable): \$38, Lab fee: \$24

ITSE 1333 MOBILE APPLICATIONS DEVELOPMENT

2 Lec/4 Lab (3Cr) An overview of different mobile platforms and their development environments. Outcomes: design, write and test small interactive programs for mobile platforms.

Credits

3

Corequisite

[ITSE 2302](#)

Course Fee

Lab fee: \$24, Internet course fee (if applicable): \$38

ITSE 1345 INTRODUCTION TO ORACLE SQL

(3 Cr.) An introduction to the design and creation of relational databases using Oracle. Topics include storing, retrieving, updating, and displaying data using Structured Query Language (SQL).

Prerequisite: COSC 1315 and ITSC 1405

Credits

3

Distribution

COSC

Offered

Fall Only

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

ITSE 1359 INTRODUCTION TO SCRIPTING LANGUAGES

2 Lec/4 Lab (3 Cr) Introduction to scripting languages including basic data types, control structures, regular expressions, input/output, and textual analysis. Design programming solutions using scripting languages, write scripts; and test and debug scripts.

Credits

3

Corequisite

[ITSE 2302](#)

Offered

Fall Only

Course Fee

Lab fee: \$24, Internet course fee (if applicable): \$38

ITSE 1430 INTRODUCTION TO C# PROGRAMMING

3 Lec/3 Lab (4 cr) A study of C# syntax including data types, control structures, functions, syntax and semantics of the language, classes, class relationships, and exception handling.

Prerequisite: COSC 1315

Credits

4

Distribution

COSC

Offered

Fall only

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

ITSE 2302 INTERMEDIATE WEB PROGRAMMING

2 Lec/4 Lab (3 cr) Techniques for web development. Includes server-side and client-side scripting.

Prerequisite: ITSE 2313

Credits

3

Distribution

COSC

Offered

Spring Only

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

ITSE 2313 WEB AUTHORIZING

2 lec/4 lab (3 Cr.) Instruction in designing and developing web pages that incorporate text, graphics, and other supporting elements using current technologies and authoring tools.

Credits

3

Distribution

COSC

Offered

Spring Only

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

ITSW 1304 INTRO TO SPREADSHEETS

2 lec/4 lab (3 Cr.) Instruction in the concepts, procedures, and application of electronic spreadsheets.

Credits

3

Distribution

COSC

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

ITSW 1307 INTRO TO DATABASE

2 lec/4 lab (3 Cr.) Introduction to database theory and the practical applications of a database.

Credits

3

Distribution

COSC

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

ITSW 1310 INTRO TO PRESENTATION GRAPHICS SOFTWARE

2 lec/2 lab (3 Cr.) Instruction in the utilization of presentation software to produce multimedia presentations. Graphics, text, sound, animation, and/or video may be used in presentation development.

Co requisite: COSC 1301

Credits

3

Distribution

COSC

Offered

Spring Only

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

ITSY 1342 INFORMATION TECHNOLOGY SECURITY

2 Lec/4 Lab (3 Cr.) Instruction in security for network hardware, software, and data including physical security, backup procedures, relevant tools, encryption, and protection from viruses.

Credits

3

Distribution

ITSY

Course Fee

Internet Course Fee (if applicable): \$38

ITSY 2301 FIREWALLS & NETWORKS SECURITY

2 Lec/4 Lab (3 Cr.) Identify elements of firewall design, types of security threats and responses to security attacks. Use best practices to design, implement, and monitor a network security plan. Examine security incident postmortem reporting and ongoing network security activities.

Prerequisite: ITSY 1342

Credits

3

Distribution

ITSY

Course Fee

Lab Fee: \$24; Internet Course Fee (if applicable): \$38

ITSY 2330 INTRUSION DETECTION

2Lec/4Lab (3 Cr.) Computer information systems security monitoring, intrusion detection, and crisis management. Includes alarm management, signature configuration, sensor configuration, and troubleshooting components. Emphasizes identifying, resolving, and documenting network crises and activating the response team

Prerequisite

ITSY 2301

Course Fee

Lab fee \$24; Internet course fee (if applicable) \$38

ITSY 2339 PERSONAL COMPUTER HELP DESK SUPPORT

2 Lec, 4 Lab (3 Cr) Diagnosis and solution of user hardware and software related problems includes on-the-job projects in either a help desk lab or in short term assignments for local business.

Distribution

ITSC Computer

Course Fee

Internet course fees (if applicable) \$38

ITSY 2341 SECURITY MANAGEMENT PRACTICES

2 Lec, 4Lab (3 Cr.) In-depth coverage of security management practices, including asset evaluation and risk management; cyber law and ethics issues; policies and procedures; business recovery and business continuity planning; network security design; and developing and maintaining a security plan.

Prerequisite

ITSY 2301

Course Fee

Lab fee \$24; Internet course fee (if applicable) \$38

ITSY 2342 INCIDENTAL RESPONSE AND REPORTING

2 Lec, 4 Lab (3 Cr)) In-depth study of system forensics including methodologies used for analysis of computer security breaches. Collect document and evaluate evidence to perform postmortem analysis of a security breach.

Prerequisite

ITSY 2301

Distribution

ITSY Computer

Course Fee

Lab fee \$24; Internet course fee (if applicable) \$38

ITSY 2343 COMPUTER SYSTEMS FORENSICS

2Lec/4Lab (3Cr.) In-depth study of system forensics including methodologies used for analysis of computer security breaches. Collect document and evaluate evidence to perform postmortem analysis of a security breach.

Prerequisite: ITSY 2301

Credits

3

Distribution

ITSY

Course Fee

Lab fee: \$24; Internet course fee (if applicable) \$38

COSMETOLOGY

CSME 1401 ORIENTATION TO COSMETOLOGY

2 lec/6 lab (4 Cr.) An overview of the skills and knowledge necessary for the field of cosmetology. 128 contact hours required.

Credits

4

Distribution

CSME

Course Fee

Lab fee: \$24; Internet fee (if applicable) \$38

CSME 1410 INTRO TO HAIRCUTTING & RELATED THEORY

2 lec/6 lab (4 Cr.) Introduction to the theory and practice of hair cutting. Topics include terminology, implements, sectioning and finishing techniques. 128 contact hours required.

Credits

4

Distribution

CSME

Course Fee

Lab fee: \$24; Internet course fee (if applicable) \$38

CSME 1434 COSMETOLOGY INSTRUCTOR I

2 lec/6 lab (4 Cr.) This course covers the fundamentals of instructing cosmetology students. Classroom/clinic management, design, teaching methodologies, and instruction on lesson plan implementation.

Credits

4

Distribution

CSME

Course Fee

Lab fee: \$24; Internet fee (if applicable) \$38

CSME 1435 ORIENTATION TO THE INSTRUCTION OF COSMETOLOGY

2 lec/6 lab (4 Cr.) An overview of the skills and knowledge necessary for the instruction of cosmetology students.

Credits

4

Distribution

CSME

Course Fee

Lab fee: \$24

CSME 1474 PRINCIPLES OF NAIL AND SKINCARE TECHNOLOGY

2 lec / 7 lab (4 cr) Presentation of the theory and practice of nail and skincare technology. Topics include terminology, application, and workplace competencies related to nail and skincare services. 144 contact hours required.

Credits

4

Distribution

CSME

Course Fee

Lab fee \$24; Internet course fee (if applicable) \$38

CSME 1505 FUNDAMENTALS OF COSMETOLOGY

2 lec/6 lab (5 Cr.) A course in the basic fundamentals of cosmetology. Topics include service preparation, manicuring, facials, chemical services, shampooing, hair cutting, wet styling, comb-out styling, and salon management. 144 contact hours required.

Credits

5

Distribution

CSME

Course Fee

Lab fee: \$24; Internet course fee (if applicable) \$38

CSME 2265 PRACTICUM-COSMETOLOGY

0 lec/0 lab 320 Ext. (2 Cr.) Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.

Credits

2

Distribution

CSME

Course Fee

Lab fee: \$24

CSME 2401 PRINCIPLES - HAIR COLORING & THEORY

2 lec/7 lab (4 Cr.) Presentation of the theory and practice of hair color and chemistry. Topics include terminology, application, and workplace competencies related to hair color and chemistry. 144 contact hours required.

Credits

4

Distribution

CSME

Course Fee

Lab fee: \$24

CSME 2414 COSMETOLOGY INSTRUCTOR II

2 lec/6 lab (4 Cr.) A continuation of the fundamentals of instructing cosmetology.

Credits

4

Distribution

CSME

Course Fee

Lab fee: \$24

CSME 2439 ADVANCED HAIR DESIGN

2 lec 6 lab (4 Cr.) Advanced concepts in the theory and practice of hair design. 128 contact hours required.

Credits

4

Distribution

CSME

Course Fee

Lab fee: \$24

CSME 2441 PREPARATION FOR STATE LICENSE

2 lec/6 lab (4 cr) Practice for the state licensing examination. 128 contact hours required.

Distribution

CSME

Course Fee

Lab fee \$24; Internet course fee (if applicable) \$38

CSME 2444 COSMETOLOGY INSTRUCTOR IV

2 lec/6 lab (4 Cr.) Advanced concepts of instruction in a cosmetology program. Topics include demonstration, development, and implementation of advanced evaluation and assessment techniques.

Credits

4

Distribution

CSME

Course Fee

Lab fee: \$24

CSME 2445 INSTRUCTIONAL THEORY & CLINIC OPERATION

2 lec/6 lab (4 Cr.) An overview of the objectives required by the Texas Department of Licensing and Regulation Instructor Examination.

Credits

4

Distribution

CSME

Course Fee

Lab fee: \$24

CSME 2449 COSMETOLOGY INSTRUCTOR III

2 lec/6 lab (4 Cr.) Presentation of lesson plan assignments and evaluation techniques.

Credits

4

Distribution

CSME

Course Fee

Lab fee: \$24

CSME 2473 ADVANCED COSMETOLOGY THEORY AND APPLICATION

2 lec/7 lab (4 cr) Mastery of advanced cosmetology applications including hair, skin and nails, professional cosmetology services services and workplace competencies. 144 contact hours required.

Credits

4

Distribution

CSME

Course Fee

Lab fee \$24; Internet course fee (if applicable) \$38

CRIMINAL JUSTICE**CJCR 1166 PRACTICUM - CORRECTIONS**

160 ext. hours (1 Cr.) Practicum or field experience consisting of 160 hours of on-the-job training. This is an external learning experience conducted at a TJJD site. The OJT training is supervised by a TJJD employee at the location where the training occurs.

Credits

1

Distribution
CRIJ

CJCR 1358 RIGHTS OF PRISONERS

3 lec (3 Cr.) Legal rights of convicted offenders incarcerated in state and federal penal institutions. Emphasizes constitutional principles, case law, and federal and state statutes concerning prisoner rights.

CJCR 1366 PRACTICUM - CORRECTIONS

(3 Cr.) 336 hours external learning experience. Practicum or field experience consisting of 160 hours of on-the-job training. This is an external learning experience conducted at a TJJD site. The OJT training is supervised by a TJJD employee at the location where the training occurs.

Credits

3

Distribution
CRIJ

CJCR 1374 TJJD PRESERVICE

3 lec (3 Cr.) A three-credit-hour course taught over a six day period, eight hours per day. Pre-service training is offered for TJJD employees. TJJD employees/students are exposed to a wide variety of subjects including Juvenile Rights, Juvenile Health, Youth Movement, Preventing Sexual Misconduct, Cultural Awareness, Suicide Prevention, and Use of Force Policies.

Credits

3

Distribution
CRIJ

Offered
Summer Only

CJCR 1434 TYC PRE-SERVICE

Prepares students for employment in juvenile justice facilities operated by the Texas Youth Commission (TYC). Topics include TYC mission and strategic plan, intercultural awareness, physical restraint, adolescent development, youth rights, staff legal liabilities, and verbal crisis intervention. Other topics include interpersonal skills, juvenile health, AIDS awareness, suicide prevention, self-defense, and Americans with Disabilities Act (ADA)

CJSA 1310 INTRODUCTION TO CRIMINAL JUSTICE

3 lec (3 Cr.) History and philosophy of criminal justice and ethical consideration; crime defined and its nature and impact overview of criminal justice system prosecution and defense trial process and corrections.

Credits

3

CJSA 1312 CRIME IN AMERICA

3 lec (3 Cr.) American crime problems in historical perspective; social and public policy factors affecting crime; impact and crime trends; social characteristics of specific crimes; prevention of crime.

Credits

3

CJSA 1313 COURT SYSTEMS AND PRACTICES

3 lec (3 Cr.) The judiciary in the criminal justice system; structure of the American court system; prosecution; right to counsel; pre-trial release; grand juries; adjudication process; types and rules of evidence; sentencing.

Credits

3

CJSA 1317 JUVENILE JUSTICE SYSTEM

3 Lec/0 Lab (3 CR) A study of the juvenile justice process to include specialized juvenile law, role of the juvenile law, role of the juvenile courts, role of the police agencies, role of correctional agencies, and theories concerning delinquency.

Credits

3

CJSA 1322 INTRO - CRIMINAL JUSTICE (3)

3 lec (3 Cr.) History and philosophy of criminal justice and ethical considerations; crime defined; its nature and impact; overview of criminal justice system; law enforcement; court system; prosecution and defense; trial process; corrections.

Credits

3

CJSA 1327 FUNDAMENTALS OF CRIMINAL LAW

3 lec (3 Cr.) A study of the nature of criminal law philosophical and historical development major definitions and concepts classification of crime elements of crimes and penalties using Texas statutes as illustrations criminal responsibility.

Credits

3

Distribution

CRIJ

Offered

Spring Only

CJSA 1342 CRIMINAL INVESTIGATION

3 Lec (3 Cr.) Investigative theory; collection and preservation of evidence; sources of information; interview and interrogation; uses of forensic sciences; case and trial preparation.

Credits

3

CJSA 2364 PRACTICUM CRIMINAL JUSTICE

21 External learning experience (3 Cr.) Practical general training and experiences in the workplace. The college with the employer develop and document an individualized plan for the student. The plan relates the workplace training and experiences to the student's general and technical course of study. The guided external experiences may be paid or unpaid. This course may be repeated if topics and learning outcomes vary

DEVELOPMENTAL STUDIES

IRW 305 INTEGRATION OF CRITICAL READING AND ACADEMIC WRITING SKILLS II

3 lec/1 lab (3NDCr)* This second-level course is a combined lecture/lab, performance-based course designed to develop students' critical reading and academic writing skills. The focus of the course will be on applying critical reading skills for organizing, analyzing, and retaining material and developing written work appropriate to the audience, purpose, situation, and length of the assignment. The course integrates preparation in basic academic reading skills with basic skills in writing a variety of academic essays. This is a course with a required lab. The course fulfills TSI requirements for reading and/or writing. Integration of critical reading and academic writing skills. Successful completion of this course if taught at the upper (exit) level fulfills TSI requirements for reading and/or writing. Note: For institutions offering one or more levels, this course shall be used for upper (exit) level and may be used for lower level(s). Prerequisite: IRW 0302 or equivalent score on the reading or writing section of the TSI Assessment Test.

ENGINEERING

ENGR 2301 ENGINEERING MECHANICS-STATICS

3 lec (3 Cr.) This is a three credit hour course. Topics include basic theory of engineering mechanics, using calculus, involving the description of forces, moments, and couples acting on stationary engineering structures; equilibrium in two and three dimensions; free-body diagrams; friction; centroids; centers of gravity; and moments of inertia.

Pre-requisites: PHYS 2425 University Physics I

Concurrent enrollment in or previous completion of MATH 2414 Calculus II

Credits

3

Distribution

ENGR

Offered

Fall Only

ENGR 2302 ENGINEERING MECHANICS-DYNAMICS

3 lec (3 Cr.) This is a three credit hour course. Topics include Basic theory of engineering mechanics, using calculus, involving the motion of particles, rigid bodies, and systems of particles; Newton's Laws; work and energy relationships; principles of impulse and momentum; application of kinetics and kinematics to the solution of engineering problems.

Pre-requisites: ENGR 2301 Engineering Mechanics – Statics

Credits

3

Distribution

ENGR

Offered

Spring Only

ENGR 2305 ELECTRICAL CIRCUITS I

3 lec (3 Cr.) This course is a study of the principles of electrical circuits and systems. Basic circuit elements (resistance, inductance, mutual inductance, capacitance, independent and dependent controlled voltage, and current sources); topology of electrical networks; Kirchhoff's laws; node and mesh analysis; DC circuit analysis; operational amplifiers; transient and sinusoidal steady-state analysis; AC circuit analysis; first- and second-order circuits; Bode plots; and use of computer simulation software to solve circuit problems.

Pre-requisites: PHYS 2425 University Physics I; MATH 2414 Calculus II

Pre-requisite or Co-requisite: MATH 2320 Differential Equations

Credits

3

Distribution

ENGR

Offered

Spring Only

ENGLISH

ENGL 1301 COMPOSITION I

3 lec/1 lab (3 Cr.) Intensive study of and practice in writing processes, from invention and researching to drafting, revising, and editing, both individually and collaboratively. Emphasis on effective rhetorical choices, including audience, purpose, arrangement, and style. Focus on writing the academic essay as a vehicle for learning, communicating, and critical analysis.

Students in English 1301 are required to complete one hour per week of ancillary writing, intense study and practice in the basic mechanics of research, and/or supervised writing workshops/exercises. Students must have access to a computer, either on campus or in a personal setting, to complete writing and/or laboratory assignments.

Credits

Internet course fee (if applicable): \$38, Lab fee: \$22

FIRE PROTECTION TECHNOLOGY

FIRS 1191 ORIENTATION

1 lec/0 lab (1 Cr.) Introductory course which covers Fire Academy Policies and Procedures. Students complete the National Fallen Firefighter's Foundation's Everyone Goes Home course. Students are shown how to contact campus PD and watch a video on Title IX curriculum

Credits

1

Distribution

FIRS

Course Fee

Internet course fee (if applicable): \$38

FIRS 1301 FIREFIGHTER CERTIFICATION I

2 lec/2 lab (3 Cr.) Firefighter safety and development. Curriculum includes Texas Commission on fire protection rules and regulations, firefighter safety, fire science, personal protective equipment, self-contained breathing apparatus, and fire reports and records.

Credits

3

Distribution

FIRS

Course Fee

Background check: \$5, Drug testing fee: \$35, Insurance: \$13, Internet course fee (if applicable): \$38, Lab fee: \$24, State testing fee: \$85

FIRS 1313 FIREFIGHTER CERTIFICATION III

2 lec/4 lab (3 Cr.) This course will include a study of fire streams and pump operations as they relate to fundamental development of basic firefighter skills.

Credits

3

Distribution

FIRS

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

FIRS 1319 FIREFIGHTER CERTIFICATION IV

2 lec/3 lab (3 Cr.) Equipment, tactics, and procedures used in forcible entry, ventilation, salvage, and overhaul. This course will cover preparation for certification as a basic firefighter.

Credits

3

Distribution

FIRS

Course Fee

Lab fee: \$24

FIRS 1323 FIREFIGHTER CERTIFICATION V

2 lec/4 lab (3 Cr.) Ropes and knots rescue procedures and techniques and hazardous materials. This course will cover preparation for certification as a basic fire fighter.

Credits

3

Distribution

FIRS

Offered

Spring Only

Course Fee

Lab fee: \$24

FIRS 1329 FIREFIGHTER CERTIFICATION VI

2 lec/3 lab (3 Cr.) Fire inspection techniques and practices. Course content will emphasize fire-cause determination. Curriculum includes fire protection systems, wild land fire, and pre-incident planning. This course will cover preparation for certification as a basic firefighter.

Credits

3

Distribution

FIRS

Offered

Spring Only

Course Fee

Lab fee: \$24

FIRS 1407 FIREFIGHTER CERTIFICATION II

2 lec/4 lab (4 Cr.) Basic principles and skill development in handling fire service hose and ladders. Curriculum includes the distribution system of water supply, basic building construction, and emergency service communication, procedures, and equipment.

Credits

4

Distribution

FIRS

Course Fee

Internet course fee (if applicable): \$38, Lab fee: \$24

FIRS 1433 FIREFIGHTER CERTIFICATION VII

2 lec/5 lab (4 Cr.) Simulated emergency operations and hands-on live fire training exercises, incident management procedures, and combined operations using proper extinguishing methods. Emphasis on safety.

Credits

4

Distribution

FIRS

Offered

Spring Only

Course Fee

Lab fee: \$24

FIRT 1301 FUNDAMENTALS OF FIRE PROTECTION

3 lec (3 Cr.) College Success Skills to fire service, career opportunities, related fields. End-of-Course Outcomes: Describe a modern fire protection agency; outline the organizational and staffing requirements for fire protection; and identify public and private protection agencies.

Credits

3

Distribution

FIRT

Offered

Summer Only

Course Fee

Internet course fee (if applicable): \$38

FIRT 1303 FIRE & ARSON INVESTIGATION I

3 lec (3 Cr.) Basic fire and arson investigation practices. Emphasis on fire behavior principles related to fire cause and origin determination. End-of-Course Outcomes: Identify the cause and point of origin and the cause of the fire; list possible motives of fire setters; and describe the elements of investigation practices.

Credits

3

Distribution

FIRT

Offered

Spring Only

Course Fee

Internet course fee (if applicable): \$38

FIRT 1307 FIRE PREVENTION CODES & INSPECTION

3 lec (3 Cr.) Local building and fire prevention codes. Fire prevention inspections, practices, and procedures. End-of- Course Outcomes: Apply provisions of local building and fire prevention codes to fire prevention inspections; and describe fire inspection practices and procedures including hazard recognition and correction.

Credits

3

Distribution

FIRT

Offered

Summer Only

Course Fee

Internet course fee (if applicable): \$38

FIRT 1309 FIRE ADMINISTRATION I

3 lec (3 Cr.) Introduction to the organization and management of a fire department and the relationship of government agencies to fire service. Emphasis on fire service leadership from the perspective of the company officer. End-of- Course Outcomes: Explain the intra-organizational cooperation needed for a fire department to function properly; describe fundamental management and organizational principles; and demonstrate leadership and management skills at the company-grade level.

Credits

3

Distribution

FIRT

Offered

Spring Only

Course Fee

Internet course fee (if applicable): \$38

FIRT 1315 HAZARDOUS MATERIALS I

3 lec (3 Cr.) The chemical characteristics and behavior of various materials. Storage, transportation, handling hazardous emergency situations, and the most effective methods of hazard mitigation. End-of-Course Outcomes: Identify hazardous materials in various shipping and storage containers; explain chemical characteristics and how chemicals react under certain conditions; and describe the most effective methods of hazard mitigation.

Credits

3

Distribution

FIRT

Offered

Fall Only

Course Fee

Internet course fee (if applicable): \$38

FIRT 1329 BUILDING CODES & CONSTRUCTION

3 lec (3 Cr.) Examination of building codes and requirements, construction types, and building materials. Includes walls, floorings, foundations, and various roof types and the associated dangers of each. End-of-Course Outcomes: Identify model building codes; and compare construction types related to fire behavior.

Credits

3

Distribution

FIRT

Offered

Fall Only

Course Fee

Internet course fee (if applicable): \$38

FIRT 1338 FIRE PROTECTION SYSTEMS

3 lec/0 lab (3 Cr.) Design and operations of fire detection and alarm systems, hear and smoke control systems, special protection and sprinkler systems, water supply for fire protection, and portable fire extinguishers. This course meets Fire and Emergency Services Higher Education (FESHE) Model Curriculum core requirements.

Credits

3

Distribution

FIRT

Offered

Fall Only

Course Fee

Internet course fee (if applicable): \$38

FIRT 1349 FIRE ADMINISTRATION II

3 lec (3 Cr.) In-depth study of fire service management as pertaining to budgetary requirements, administration, organization of divisions within the fire service, and relationships between the fire service and outside agencies. End-of- Course Outcomes: Explain the relationships with outside organizations and their impact on fire service operations; develop an organizational structure demonstrating interagency cooperation; and describe management principles and techniques for effective organizational performance.

Credits

3

Distribution

FIRT

Offered

Summer Only

Course Fee

Internet course fee (if applicable): \$38

FIRT 1353 LEGAL ASPECTS OF FIRE PROTECTION

3 lec (3 Cr.) Study of the rights duties liability concerns and responsibilities of public fire protection agencies while performing assigned duties. End-of-Course Outcomes: Summarize basic criminal and civil law; discuss relevant tort law; and describe state and federal legal systems.

Credits

3

Distribution

FIRT

Offered

Summer Only

Course Fee

Internet course fee (if applicable): \$38

FIRT 1433 FIRE CHEMISTRY I

3 lec/2 lab (4 Cr.) This course will examine the chemical nature and properties of compounds as related to the fire service. Issues to be discussed will be fundamental laws of chemistry, states of matter, gas laws, chemical bonding and thermodynamics.

Credits

4

Distribution

FIRT

Course Fee

Internet course fee (if applicable): \$38

FIRT 1445 FIRE HAZARDOUS MATERIALS II

4 lec (4 Cr.) Mitigation practices and techniques to help effectively control hazardous material spills and leaks. End-of- Course Outcomes: Demonstrate proper methods of mitigating a hazardous material incident; and describe the components of a hazardous incident management system including scene control protective clothing and equipment spill and leak control and decontamination.

Credits

4

Distribution

FIRT

Offered

Spring Only

Course Fee

Internet course fee (if applicable): \$38

FIRT 2305 FIRE INSTRUCTOR I

3 lec/1 lab (3 Cr.) Preparation of fire and emergency services personnel to deliver instruction from a prepared lesson plan. Includes the use of instructional aids and evaluation instruments to meet the curriculum requirements of the Texas Commission on Fire Protection (TCFP) for Fire Instructor I certification. THIS COURSE MAY BE OFFERED ONLY BY INSTITUTIONS CERTIFIED AS A TRAINING FACILITY BY THE TEXAS COMMISSION ON FIRE PROTECTION.

Credits

3

Distribution

FIRT

Course Fee

Internet course fee (if applicable): \$38

FIRT 2309 FIRE FIGHTING STRATEGIES & TACTICS I

3 lec (3 Cr.) Analysis of the nature of fire problems and selection of initial strategies and tactics including an in-depth study of efficient and effective use of manpower and equipment to mitigate the emergency. End-of-Course Outcomes: Identify potential scenarios in various fire situations; implement strategies and tactics; and describe components of an incident management system.

Credits

3

Distribution

FIRT

Course Fee

Internet course fee (if applicable): \$38

FIRT 2351 COMPANY FIRE OFFICER

3 lec (3 Cr.) A capstone course covering fire ground operations and supervisory practices. Includes performance evaluation of incident commander, safety officer, public information officer, and shift supervisor duties. End-of-Course Outcomes:

Communicate verbally and in writing the procedures needed for effective departmental operation; evaluate inquiries and concerns from the community for the purposes of public education and public relations; and integrate safety plans, policies, and procedures to help ensure compliance with National FIRE PROTECTION ASSOCIATION (NFPA) STANDARD 1500.

FRENCH

FREN 1411 BEGINNING FRENCH I

3 lec/2 lab (4 Cr.) Fundamental skills in listening comprehension, speaking, reading, and writing. Includes basic vocabulary, grammatical structures, and culture.

Credits

4

Distribution

FLAN

FREN 1412 BEGINNING FRENCH II

3 lec/2 lab (4 Cr.) Fundamental skills in listening comprehension, speaking, reading, and writing. Includes basic vocabulary, grammatical structures, and culture. A continuation of FREN 1411. Prerequisite: FREN 1411 or instructor's approval

Credits

4

Distribution

FLAN

GEOLOGY

GEOL 1401 EARTH SCIENCE OF NON-SCIENCE MAJORS I

3 lec/3 lab (4 Cr.) Introduction to the study of the materials and processes that have modified and shaped the surface and interior of Earth over time. These processes are described by theories based on experimental data and geologic data gathered from field observations.

Credits

4

Distribution

GEOL

Course Fee

Internet fee (if applicable): \$38, Lab fee: \$22

GEOL 1402 EARTH SCIENCE OF NON-SCIENCE MAJORS II

3 lec/3 lab (4 Cr.) Extension of the study of geology, astronomy, meteorology and oceanography, focusing on natural resources, hazards and climate variability. This laboratory-based course accompanies GEOL 1302, Earth Sciences II. Activities will focus on methods used to collect and analyze data related to natural resources, hazards and climate variability. Prerequisites: GEOL 1401 Earth Science I, or GEOL 1303 or 1403 Physical Geology

Credits

4

Distribution

GEOL

Course Fee

Internet fee (if applicable): \$38, Lab fee: \$22

GEOL 1403 PHYSICAL GEOLOGY

3 lec/3 lab (4 Cr.) Introduction to the study of the materials and processes that have modified and shaped the surface and interior of Earth over time. These processes are described by theories based on experimental data and geologic data gathered from field observations. Laboratory activities will cover methods used to collect and analyze earth science data.

Credits

INDUSTRIAL TECHNOLOGY

ELMT 1266 PRACTICUM - ELECTROMECHANICAL TECHNOLOGY

16 external hrs (2 Cr.) Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.

Credits

2

Distribution

ELPT

Course Fee

Lab Fee: \$21

ELMT 1301 PROGRAMMABLE LOGIC CONTROLLERS

2 lec/2 lab (3 Cr.) An introduction to programmable logic controllers as used in industrial environments including basic concepts, programming, applications, troubleshooting of ladder logic, and interfacing of equipment.

Credits

3

Distribution

IMT

Course Fee

Lab Fee: \$21

ELMT 2337 ELECTRONIC TROUBLESHOOTING/SERVICE/REPAIR

3 lec/2 lab (3 Cr.) In-depth coverage of electronic systems, maintenance, troubleshooting, and repair. Topics include symptom identification, proper repair procedures, repair checkout, and preventative maintenance. Emphasis on safety and proper use of test equipment. May be offered as a capstone course.

Credits

3

Distribution

IMT

Course Fee

Lab Fee: \$21

ELMT 2339 ADVANCED PROGRAMMABLE LOGIC CONTROLLERS

2 lec/2 lab (3Cr.) An advanced applications of programmable logic controllers as used in industrial environments including concepts of programming, industrial applications, troubleshooting ladder logic, and interfacing to equipment.

Credits

3

Distribution

ELPT

Course Fee

Lab Fee: \$21

ELPT 1311 BASIC ELECTRICAL THEORY

2 lec/2 lab (3 Cr.) An overview of the theory and practice of electrical circuits including calculations as applied to alternating and direct current.

Credits

3

Distribution

IMT

Course Fee

Lab Fee: \$21

ELPT 1325 NATIONAL ELECTRIC CODE I

3 lec (3 Cr.) An introductory study of the National Electric Code (NEC) for those employed in fields requiring knowledge of the Code. Emphasis on writing design, protection, methods, and materials; equipment for general use; and basic calculations.

Credits

3

Distribution

ELPT

Course Fee

Lab Fee: \$21

ELPT 1341 MOTOR CONTROL

2 lec/2 lab (3 Cr.) Study of the operating principles of solid-state controls along with their practical applications. Topics include barking, jogging, plugging, and safety interlocks.

Credits

3

Distribution

IMT

Course Fee

Lab Fee: \$21

ELPT 1357 INDUSTRIAL WIRING

2 lec / 2 lab (3 Cr) Wiring methods used for industrial installations. Includes motor circuits, raceway and bus way installations, proper g rounding techniques, and associated safety procedures.

Course Fee

Internet fee (if applicable) \$38

ELPT 2325 NATIONAL ELECTRICAL CODE II

3lec/0lab (3Cr.) In-depth coverage of the National Electrical Code (NEC) for those employed in fields requiring knowledge of the Code. Emphasis on writing protection and methods, special conditions, and advanced calculations.

Credits

3

Distribution

ELPT

Course Fee

Lab Fee: \$21

ELMT 2339 ADVANCED PROGRAMMABLE LOGIC CONTROLLERS

2 lec/2 lab (3Cr.) An advanced applications of programmable logic controllers as used in industrial environments including concepts of programming, industrial applications, troubleshooting ladder logic, and interfacing to equipment.

Credits

3

Distribution

ELPT

INMT 2345 INDUSTRIAL TROUBLESHOOTING

2 lec/2 lab (3 Cr.) An advanced study of the techniques used in troubleshooting various types of industrial equipment to include mechanical, electrical, hydraulic, and pneumatic systems and their control devices. Emphasis will be placed on the use of schematics and diagrams in conjunction with proper troubleshooting procedures.

Credits

3

Distribution

PTRT

Course Fee

Lab Fee: \$21

INTC 1305 INTRO TO INSTRUMENTATION

2 lec/2 lab (3 Cr.) Professional requirements of the instrumentation technician including an introduction to computer and calculator applications involved in basic electronic circuit analysis.

MSSG 1109 HEALTH & HYGIENE

1 lec/1 lab (1 Cr.) This course is the study of safety and sanitation practices including universal precautions. The importance of proper body mechanics, maintaining a healthy lifestyle, maintaining the massage environment, and the advantage of therapeutic relationships is also included. Meets the minimum 20 contact hour requirement for licensure. Courses taken in level sequence order or department chair approval.

Credits

1

Distribution

MSSG

Course Fee

Lab fee: \$24

MSSG 1207 BUSINESS PRACTICES & PROFESSIONAL ETHICS

2 lec/1 lab (2 Cr.) This course is a study of physical and financial office practices and marketing. Includes ethical practices for massage therapists as established by law or regulatory agency. Meets the minimum 45 contact hours requirement of licensure. Courses taken in level sequence order or department chair approval.

Credits

2

Distribution

MSSG

Course Fee

Lab fee: \$24

MSSG 1411 MASSAGE THERAPY FUNDAMENTALS I

2 lec/4 lab (4 Cr.) This course is an introduction to the theory and the application of skills necessary to perform Swedish massage to meet the minimum 96 contact hour requirement for licensure. Reading level 4 and courses taken in level sequence order or department chair approval.

Credits

4

Distribution

MSSG

Course Fee

Lab fee: \$24

MSSG 1413 ANATOMY & PHYSIOLOGY FOR MASSAGE THERAPY

3 lec/2 lab (4 Cr.) This course offers an in-depth coverage of the structure and function of the human body. Includes cell structure and function, tissues, body organization, and the integumentary, skeletal, muscular, and nervous, and endocrine systems. Emphasizes homeostasis/wellness care. Meets the minimum 75 contact hour requirement for Anatomy and Physiology for licensure. Reading level 4 and courses taken in level sequence order or department chair approval.

Credits

4

Distribution

MSSG

Course Fee

Lab fee: \$24

MSSG 2130 ADVANCED MASSAGE THERAPY TECHNIQUES

1 lec/1 lab (1 Cr.) Advanced concepts of Massage. Emphasizes specialized techniques and assessment of client needs to identify a specific plan of care. Courses taken in level sequence order or department chair approval.

Credits

1

Distribution

MSSG

Course Fee

Lab fee: \$24

MSSG 2186 INTERNSHIP-MASSAGE THERAPY

6 external hours (1 Cr.) A work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. A learning plan is developed by the college and the employer.

Credits

1

Distribution

MSSG

Course Fee

Lab fee: \$24

MSSG 2311 MASSAGE THERAPY FUNDAMENTALS II

1 lec/5 lab (3 Cr.) This course is a continuation of Massage Therapy Fundamentals I. Emphasizes specialized techniques and assessment of client needs to identify a specific plan of care. Completes the requirements for Massage Techniques for licensure. Courses taken in level sequence order or department chair approval.

Credits

3

Distribution

MSSG

Course Fee

Lab fee: \$24

MSSG 2314 PATHOLOGY-MASSAGE THERAPY

3 lec (3 Cr.) This course covers general discussion of pathologies as they relate to massage therapy. Includes universal precautions and their management in professional practice. Also covers etiology, signs, symptoms, and the physiological and psychological reactions to disease and injury. Meets the minimum 40 contact hour requirement for licensure. Courses taken in level sequence order or department chair approval.

Credits

3

Distribution

MSSG

Course Fee

Lab fee: \$24

MSSG 2413 KINESIOLOGY-MASSAGE THERAPY

4 lec (4 Cr.) This course focuses on applied study of human kinesiology. Muscle movements and dysfunctions will be discussed and palpated. Includes theory and practice of functional muscle testing. Meets the minimum 50 contact hour requirement for licensure. Reading level 4 and courses take in level sequence order or department chair approval.

MATHEMATICS**MATH 1314 COLLEGE ALGEBRA**

3 lec (3 Cr.) Topics include and in-depth study and applications of polynomial rational radical exponential and logarithmic functions and systems of equations using matrices. Additional topics such as sequences series probability and conics may be included. Prerequisite: MTH 0306, meeting college algebra standard on the TSI exam or equivalent exam, or concurrent enrollment in the appropriate co-requisite developmental course.

Credits

3

Distribution

MATH

Course Fee

Internet course fee (if applicable): \$38

MATH 1316 PLANE TRIGONOMETRY

3 lec (3 Cr.) Topics Include an in-depth study and applications of trigonometry including definitions identities inverse functions solutions of equations graphing and solving triangles. Additional topics such as vectors polar coordinates and parametric equations may be included. Prerequisite: MATH 1314 or a satisfactory score on the TSI exam or equivalent exam.

Credits

3

Distribution

MATH

Course Fee

Internet course fee (if applicable): \$38

MATH 1324 MATHEMATICS FOR BUSINESS AND SOCIAL SCIENCES

3 lec (3 Cr.) The application of common algebraic functions including polynomial, exponential, logarithmic, and rational, to problems in business, economics, and the social sciences are addressed. The applications include mathematics of finance, including simple and compound interest and annuities; systems of linear equations; matrices; linear programming; and probability, including expected value. Prerequisite: MTH 0306, meeting college algebra standard on the TSI exam or equivalent exam, or concurrent enrollment in the appropriate co-requisite developmental course.

Credits

3

Distribution

MATH

MATH 1325 CALCULUS FOR BUSINESS AND SOCIAL SCIENCE

3 lec (3 Cr.) This course is the basic study of limits and continuity differentiation optimization and graphing and integration of elementary functions with emphasis on applications in business economics and social sciences. This course is not a substitute for MATH 2413 Calculus I. Prerequisite: MATH 1314 - College Algebra or MATH 1324 - Mathematics for Business and Social Sciences

Credits

3

Distribution

MATH

Course Fee

Internet course fee (if applicable): \$38

MATH 1332 CONTEMPORARY MATHEMATICS (QUANTITATIVE REASONING)

3 lec (3 Cr.) Intended for Non Stem (Science, Technology, Engineering and Mathematics) Majors. Topics include introductory treatments of sets and logic, financial mathematics, probability and statistics with appropriate applications. Number sense, proportional reasoning, estimation, technology, and communication should be embedded throughout the course. Prerequisite: MTH 0305, or satisfactory score on the TSI exam or equivalent exam, or concurrent enrollment in the appropriate co-requisite developmental course. Students planning on transferring to senior institutions should check the transferability of this course.

Credits

3

Distribution
MATH

Course Fee

Internet course fee (if applicable): \$38

MATH 1342 ELEMENTARY STATISTICAL METHODS

3 lec (3 Cr.) Collection analysis presentation and interpretation of data and probability. Analysis includes descriptive statistics correlation and regression confidence intervals and hypothesis testing. Use of appropriate technology is recommended.

Prerequisite: MTH 0305, or satisfactory score on the TSI exam or equivalent exam, or concurrent enrollment in the appropriate co-requisite developmental course.

Credits

3

Distribution
MATH

Course Fee

Internet course fee (if applicable): \$38

MATH 1350 MATHEMATICS FOR TEACHERS I

3 lec (3 Cr.) This course is intended to build or reinforce a foundation in fundamental mathematics concepts and skills. It includes the conceptual development of the following: sets, functions, numeration systems, number theory, and properties of the various number systems with an emphasis on problem solving and critical thinking. Prerequisite: MATH 1314 College Algebra or the equivalent.

Credits

3

Distribution
MATH

Course Fee

Internet course fee (if applicable): \$38

MATH 1351 MATHEMATICS FOR TEACHERS II

3 lec (3 Cr.) This course is intended to build or reinforce a foundation in fundamental mathematics concepts and skills. It includes the concepts of geometry, measurement, probability, and statistics with an emphasis on problem solving and critical thinking. Prerequisite: MATH 1350 and College Algebra or the equivalent.

Credits

3

Distribution
MATH

Course Fee

Internet course fee (if applicable): \$38

MATH 2313 CALCULUS I

3 lec (3 Cr.) Topics include limits and continuity; the Fundamental Theorem of Calculus; definition of the derivative of a function and techniques of differentiation; applications of the derivative to maximizing or minimizing a function; the chain rule, mean value theorem, and rate of change problems; curve sketching; definite and indefinite integration of algebraic, trigonometric, and transcendental functions, with an application to calculation of areas. Prerequisite: MATH 2412-Pre-Calculus Math or equivalent preparation.

Credits

3

MATH 2315 CALCULUS III

3 lec (3 Cr.) Advanced topics in calculus including vectors and vector-valued functions, partial differentiation, Lagrange multipliers, multiple integrals, and Jacobian's application of the line integral, including Green's Theorem, the Divergence Theorem, and Stokes' Theorem. Prerequisite: MATH 2414-Calculus II.

Credits

3

Distribution
MATH

Course Fee
Internet course fee (if applicable): \$38

MATH 2318 LINEAR ALGEBRA

3 lec (3 Cr.) Introduces and provides models for application of the concepts of vector algebra. Topics finite dimensional vector spaces and their geometric significance; representing and solving systems of linear equations using multiple methods including Gaussian elimination and matrix Inversion; matrices; determinants; linear transformations; quadratic forms; eigenvalues and eigenvector; and applications in science and engineering. Prerequisite: MATH 2414-Calculus II.

Credits

Health professions fee: \$40, Lab fee: \$24

MLAB 1360 CLINICAL I

18 lab (3 Cr.) A health-related work based learning experience that enables the student to apply specialized occupational theory skills and concepts. Direct supervision is provided by the clinical professionals. Students rotate through hematology, coagulation, urinalysis, serology, and phlebotomy. Prerequisite: permission of instructor.

Credits
3

Distribution
MLAB

Offered
Summer Only

Course Fee
Clinical Travel Fee: \$15, Health Professions Fee: \$60

MLAB 1415 HEMATOLOGY

3 lec/3 lab (4 Cr.) The study of blood cells in normal and abnormal conditions. Instruction in the theory and practical application of hematology procedures including quality control quality assurance safety manual and/or automated methods as well as blood cell maturation sequences and normal and abnormal morphology with associated diseases. Prerequisite: permission of instructor.

Credits
4

Distribution
MLAB

Offered
Spring Only

Course Fee
Health professions fee: \$80, Lab fee: \$24

MLAB 2238 ADVANCED TOPICS

2 lec (2 Cr.) This course examines the integration of all areas of the clinical laboratory and correlates laboratory testing data with diagnostic applications and pathophysiology using critical thinking skills. A review of the MLT curriculum is conducted to

prepare students for the certification exam. A passing grade is required on the exit exam to complete the course. This course is taken during the last semester of the program. Prerequisite: permission of instructor.

Credits

2

Distribution

MLAB

Course Fee

Health professions fee: \$40

MLAB 2360 CLINICAL II

18 lab (3 Cr.) A health-related work-based learning experience that enables the student to apply specialized occupational theory skills and concepts. Direct supervision is provided by the clinical professionals. Students rotate through microbiology, clinical, chemistry, parasitology, and immunohematology. Prerequisite: permission of instructor.

Credits

3

Distribution

MLAB

MLAB 2401 CLINICAL CHEMISTRY

3 lec/4 lab (4 Cr.) An introduction to the principles procedures physiological basis and significance of testing performed in Clinical Chemistry. Includes quality control reference values and safety. Prerequisite: permission of the instructor.

Credits

4

Distribution

MLAB

Offered

Spring Only

Course Fee

Health professions fee: \$80, Lab fee: \$24

MLAB 2431 IMMUNOHEMATOLOGY

3 lec/4 lab (4 Cr.) A study of blood antigens and antibodies. Presents quality control, basic laboratory technique and safety. Includes the principles, procedures and clinical significance of test results in genetics, blood group systems, pre-transfusion testing, adverse effects of transfusions, donor selection and components, and hemolytic disease of the newborn.

Credits

4

Distribution

MLAB

Offered

Fall Only

Course Fee

Health professions fee: \$80, Lab fee: \$24

MLAB 2434 CLINICAL MICROBIOLOGY

3 lec/4 lab (4 Cr.) This course includes a detailed study of bacteria found in humans as pathogens or normal flora. Emphasis is placed on the laboratory identification of bacteria specimen collection and determination of antimicrobial susceptibility. Prerequisite: permission of instructor.

Credits

4

Distribution

MLAB

Offered

Fall Only

Course Fee

Health professions fee: \$80, Insurance: \$13

PLAB 1223 PHLEBOTOMY

1 lec/2 lab (Cr. 2) Skill development in the performance of a variety of blood collection methods using proper techniques and standard precautions. Includes vacuum collection devices syringes capillary skin puncture butterfly needles and blood culture and specimen collection on adults children and infants. Emphasis on infection prevention, patient identification, specimen labeling, quality assurance, specimen handling, processing, accessioning, professionalism, ethics, and medical terminology. Prerequisite: permission of instructor.

OTHA 1405 PRINCIPLES OF OCCUPATIONAL THERAPY

3 lec/4 lab (4 Cr.) Introduction to occupational therapy including the historical development and philosophy. Emphasis on the roles of the occupational therapy assistant. Topics include occupation in daily life; education and functions of the OT practitioner; frames of reference and occupational therapy models; occupational therapy personnel educational roles and functions; current health care management environment including OT practice areas; moral legal and ethical issues; communication in OT including medical terminology and service documentation. Prerequisite: Admission into the OTA program.

Credits

4

Distribution

OTHA

Offered

Summer Only

Course Fee

Health professions fee: \$80, Lab fee: \$24

OTHA 1415 THERAPEUTIC USE OF OCCUPATIONS OR ACTIVITIES I

3 lec/4 lab (4 Cr.) Various occupations or activities used as therapeutic interventions in occupational therapy. Emphasis on awareness of activity demands, contexts, adapting grading, and safe implementation of occupations or activities for the pediatric population. Prerequisites: OTHA 1305.

Credits

4

Distribution

OTHA

Offered

Fall Only

Course Fee

Health professions fee: \$80, Lab fee: \$24, Kit Fee: \$27

OTHA 2235 HEALTH CARE MANAGEMENT IN OCCUPATIONAL THERAPY

1 lec/3 lab (2 Cr.) Role of the occupational therapy assistant in health care delivery. Topics include documentation and reimbursement; credentialing; occupational therapy standards and ethics; health care team role delineation; and management of resources including environment personnel and budget.

Prerequisites: OTHA 1341; OTHA 2209; OTHA 2304; OTHA 1319; OTHA 1161.

Credits

2

Distribution

OTHA

Offered

Fall Only

Course Fee

Health professions fee: \$40, Internet fee (if applicable): \$38, Lab fee: \$24

OTHA 2302 THERAPEUTIC USE OF OCCUPATIONS OR ACTIVITIES II

2 lec/4 lab (3 Cr.) Advanced techniques and applications used in traditional and non-traditional practice settings. Prerequisites: OTHA 1341; OTHA 2209; OTHA 2304; OTHA 1319; OTHA 1161.

Credits

3

Distribution

OTHA

Offered

Fall Only

Course Fee

Drug screen fee: \$35, Health professions fee: \$60, Lab fee: \$24

OTHA 2304 NEUROLOGY IN OCCUPATIONAL THERAPY

2 lec/4 lab (3 Cr.) Study of neuroanatomy and neurophysiology as it relates to neurological conditions commonly treated in occupational therapy. Prerequisites: OTHA 1309; OTHA 1415.

Credits

3

Distribution

OTHA

Offered

Spring Only

Course Fee

Health professions fee: \$60, Lab fee: \$24

OTHA 2366 PRACTICUM IN OTA

21 external hours (3 Cr.) Practical general workplace training supported by an individualized learning plan developed by the employer college and student. Prerequisite: Successful completion of all required courses and approval of OTA program director.

Credits

3

Distribution

OTHA

Offered

Spring Only

Course Fee

Clinical travel fee: \$15, Health professions fee: \$60

OTHA 2367 PRACTICUM IN OTA

21 external hours (3 Cr.) Practical general workplace training supported by an individualized learning plan developed by the employer college and student. Prerequisite: Successful completion of all required courses and approval of OTA program director.

PETROLEUM TECHNOLOGY

PTRT 1191 SPEC. TOPICS

1 lec (1 Cr.) Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. Required College Success Skills course for students enrolling in the AAS or Certificate in Petroleum Technology Program.

Credits

1

Distribution

PTRT

PTRT 1301 OVERVIEW OF PETROLEUM INDUSTRY

3 lec (3 Cr.) An overview of the entire petroleum industry. Purposes and proper procedures in a variety of different petroleum technologies: exploration, drilling, production, transportation, marketing, and refining.

Credits

3

Distribution

PTRT

PTRT 1307 RECOVERY AND PRODUCTION METHODS

2 lec/2 lab (3 Cr.) An introduction to the two different methods associated with petroleum production: natural flow and artificial lift. The student will also develop skills and competency in lease-layout and specific recovery methods, such as water flooding, chemical flooding, thermal processes and CO2 injections.

Credits

3

Distribution

PTRT

PTRT 1309 CORROSION BASICS

3 lec (3 Cr.) Principles of corrosion such as basic electrochemistry processes. Addresses the deterioration of materials, devices, or pieces of oil field (or other) machinery/equipment. Emphasis on terminology associated with metallic and nonmetallic corrosion.

Credits

3

Distribution
PTRT

PTRT 1312 PETROLEUM REGULATIONS

3 lec (3 Cr.) Regulatory requirements and structures associated with the petroleum industry.

Credits
3

Distribution
PTRT

PTRT 1313 INDUSTRIAL SAFETY

2 lec/2 lab (3 Cr.) An overview for petroleum and manufacturing workers of state/federal regulations and guidelines, which require industrial safety training. Topics include the 29 C.F.R. 1910, 1926 standards, such as confined space entry, emergency action, lock out/tag out, and other work-related subjects.

Credits
3

Distribution
PTRT

PTRT 1317 NATURAL GAS PROCESSING

2 lec/2 lab (3 Cr.) An overview of natural gas processing operations. Fundamentals of gas processing, the nature of heat and how it implements the process, gas plant processing equipment, and procedures from raw material to the refined product.

Credits
3

Distribution
PTRT

PTRT 1321 OIL FIELD HYDRAULICS

2 lec/2 lab (3 Cr.) Presents hydraulics applicable to drilling, completion and production. Includes calculating and evaluating the characteristics of the flowing and static fluids in various tubular and annular systems.

Credits
3

Distribution
PTRT

PTRT 1324 PETROLEUM INSTRUMENTATION

2 lec/2 lab (3 Cr.) A course in accuracy, quality, and validation of gas and liquid measurement techniques for field and plant operating personnel. General principles of correct techniques of measurement and proper procedures to correct errors will be emphasized. Pre-requisite: PTRT 2359

Distribution
PTRT

PTRT 1391 NATURAL GAS PROCESSING II

2 lec/2 lab (3 Cr.) Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.

Credits
3

Prerequisite
[PTRT 1301](#), [PTRT 1317](#)

Distribution
PTRT

PTRT 2280 COOPERATIVE EDUCATION

1 lec/10 external (2 Cr.) Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.

Credits
2

Distribution
PTRT

PTRT 2323 NATURAL GAS PRODUCTION

2 lec/2 lab (3 Cr.) An overview of the aspects of natural gas production including gas well testing, field handling of gas, well casing head gas, separation, metering, and dehydration equipment, and gas compression/transportation systems.

Credits
3

Distribution
PTRT

PTRT 2332 ARTIFICIAL LIFT

2 lec/2 lab (3 Cr.) Practical aspects of artificial lift in conventional production systems. Designed for students who have completed production methods PTRT 1307.

Credits
3

Prerequisite
[PTRT 1301](#) Overview of Petroleum

Distribution
PTRT

PTRT 2359 PETROLEUM COMPUTER APPLICATIONS

2 lec/2 lab (3 Cr.) Computer applications used in the petroleum industry. Includes the automation of open and closed loop systems.

Credits
3

Distribution
PTRT

RBTC 1309 PNEUMATICS

2 lec/2 lab (3 Cr.) A study of principles of pneumatics including formulas, functions, and circuits with hands-on experience in these industrial automated systems.

Credits
3

Distribution
PTRT

PHILOSOPHY

PHIL 1301 INTRODUCTION TO PHILOSOPHY

3 lec (3 Cr.) A study of major issues in philosophy and/or the work of major philosophical figures in philosophy. Topics in philosophy may include theories of reality, theories of knowledge, theories of value, and their practical applications.

Credits
3

Distribution
PHIL

Course Fee
Internet course fee (if applicable): \$38

PHIL 2306 INTRODUCTION TO ETHICS

3 lec (3 Cr.) The systematic evaluation of classical and/or contemporary ethical theories concerning the good life human conduct in society morals and standards of value

Credits
3

Distribution
PHIL

Course Fee

Internet course fee (if applicable): \$38

PHYSICAL THERAPIST ASSISTANT (PTA)

PTHA 1260 PTA CLINICAL I

(8 External) (2 Cr.) This course is a health-related work-based learning experience that enables the student to apply specialized physical therapy theory, skills, and concepts in various settings. Direct supervision is provided by the clinical professional. The clinical experience is designed to reinforce topics and experiences that occurred during lectures and labs. Prerequisites: PTHA 1409, PTHA 1413, PTHA 1321, PTHA 2409, PTHA 1431, PTHA 2205, PTHA 2201, Co-requisites: PTHA 2431, PTHA 2435.

Credits

2

Distribution

PTHA

Offered

Spring Only

Course Fee

Clinical travel fee: \$15, Health professions fee: \$40, Typhon fee: \$80

PTHA 1321 PATHOPHYSIOLOGY FOR PTA

3 lec/0 lab (3Cr.) Study of the pathophysiology of diseases/conditions encountered in physical therapy. Emphasis on the etiology pathogenesis signs/symptoms and treatments of selected diseases/conditions; identification of the impact of the pathologies in physical therapy. Prerequisite: Anatomy and Physiology I and II or equivalent; admission to program. Co-requisites: PTHA 1409 PTHA 1413.

Credits

3

Distribution

PTHA

Offered

Spring Only

Course Fee

Health professions fee: \$60, OTA kit: \$27

PTHA 1325 COMMUNICATION IN HEALTHCARE

3 lec (3 Cr) Communication theories and principles for optimal delivery of healthcare.

Prerequisite

[ENGL 1301](#), [BIOL 2401](#), [BIOL 2402](#), [MATH 1342](#)

Corequisite

PHYSICS

PHYS 1401 COLLEGE PHYSICS I

3 lec/3 lab (4 Cr.) This is a 4 semester hour course which is an algebra/trigonometry-level approach toward physics for students preparing for medical, dental, or other science-related fields. Topics include fundamental principles of physics, using algebra and trigonometry; the principles and applications of classical mechanics and thermodynamics, including harmonic motion, mechanical waves and sound, physical systems, Newton's Laws of Motion, and gravitation and other fundamental forces; with emphasis on problem solving. Laboratory activities will reinforce fundamental principles of physics, using algebra and trigonometry; the principles and applications of classical mechanics and thermodynamics, including harmonic motion, mechanical waves and sound, physical systems, Newton's Laws of Motion, and gravitation and other fundamental forces; emphasis will be on problem solving.

Pre-requisite: MATH 1314 – College Algebra and MATH 1316 – Plane Trigonometry or MATH 2312/2412 Pre-Calculus

Credits

WELDING

WLDG 1191 SPECIAL TOPICS - WELDING

1 lec/0 lab (1 Cr.) Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course was designed to be repeated multiple times to improve student proficiency.

Credits

1

Distribution

WLDG

Course Fee

Lab fee: \$24

WLDG 1313 INTRO TO BLUEPRINT READING FOR WELDERS

2 lec/2 lab (3 Cr.) A study of industrial blueprints. Emphasis placed on terminology, symbols, graphic description, and welding processes. Includes systems of measurement and industry standards. Also includes interpretation of plans and drawings used by industry to facilitate field application and production.

Credits

3

Distribution

WLDG

Course Fee

Lab fee: \$24

WLDG 1327 WELDING CODES

2 lec/2 lab (3 Cr.) An in-depth study of welding codes and their development in accordance with structural standards welding processes destructive and nondestructive test methods.

Credits

3

Distribution

WLDG

Course Fee
Lab fee: \$24

WLDG 1417 INTRO TO LAYOUT & FABRICATION

3 lec / 2 lab (4 Cr.) A fundamental course in layout and fabrication related to the welding industry. Major emphasis on structural shapes and use in construction.

Credits
4

Distribution
WLDG

WLDG 1423 WELDING SAFETY, TOOLS, & EQUIPMENT

4 lec (4 Cr.) An introduction to welding equipment and safety practices, including OSHA standards for industry.

Credits
4

Distribution
WLDG

WLDG 1428 INTRO TO SHIELDED METAL ARC WELDING

2 lec/ 4 lab (4 Cr.) An introduction to shielded metal arc welding process. Emphasis placed on power sources, electrode selection, oxyfuel cutting, and various joint designs. Instruction provided in SMAW fillet welds in various positions.

Credits
4

Distribution
WLDG

WLDG 1430 INTRO TO GAS METAL ARC WELDING (GMAW)

2 lec /4 lab (4 Cr.) Principles of gas metal arc welding, setup and use of Gas Metal Arc Welding (GMAW) equipment, and safe use of tools/equipment. Instruction in various joint designs.

Credits
4

Distribution
WLDG
Course Fee
Lab fee: \$24

WLDG 1434 INTRO. TO GAS TUNGSTEN ARC WELD

2 lec/6 lab (4 Cr.) Principles of Gas Tungsten Arc Welding (GTAW) set up GTAW equipment. Instruction in various positions and joint designs.

Credits
4

Distribution
WLDG
Course Fee
Lab fee: \$24

WLDG 1435 INTRO TO PIPE WELDING

2 lec/4 lab (4 Cr.) An introduction to welding of pipe using the shielded metal arc welding process (SMAW), including electrode selection, equipment setup, and safe shop practices. Emphasis on weld positions 1G and 2G using various electrodes.

Credits
4

Distribution
WLDG
Course Fee
Lab fee: \$24

WLDG 1457 INTERMEDIATE SHIELDED METAL ARC WELDING (SMAW)

2 lec/4 lab (4 Cr.) A study of the production of various fillets and groove welds. Preparation of specimens for testing in all test positions.

Credits
4

Distribution
WLDG

Course Fee

Lab fee: \$24

WLDG 2288 INTERNSHIP-WELDING TECH WELDER

8 External Hrs./128 Contact Hrs. (2 Cr.) A work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer.

Credits

2

WLDG

WLDG 2406 INTER PIPE WELDING

2 lec/4 lab (4 Cr.) Instruction using layout tools and blueprint reading with demonstration and guided practices with some of the following welding processes: oxy-fuel gas cutting and welding shield metal arc welding (SMAW) gas metal arc welding (GMAW) flux-cored arc welding (FCAW) gas tungsten arc welding (GTAW) or any other approved welding process.

Credits

4

Distribution

WLDG

Course Fee

Lab fee: \$24

WLDG 2413 INTER WELDING USING MULTIPLE PROCESSES

2 lec/4 lab (4 Cr.) Instruction using layout tools and blueprint reading with demonstration and guided practices with some of the following welding processes: oxy-fuel gas cutting and welding, shield metal arc welding (SMAW), gas metal arc welding (GMAW), flux-cored arc welding (FCAW), gas tungsten arc welding (GTAW), or any other approved welding process.

Credits

4

Distribution

WLDG

Course Fee

Lab fee: \$24

WLDG 2447 ADVANCED GAS METAL ARC WELDING

2 lec/4 lab (4 Cr.) Advanced topics in Gas Metal Arc Welding (GMAW). Includes welding in various positions and directions.

Credits

4

Distribution

WLDG

Course Fee

Lab fee: \$24

WLDG 2451 ADVANCED GAS TUNGSTEN ARC WELDING (GTAW)

3 lec/3 lab (4 Cr.) Advanced topics in GTAW welding, including welding in various positions and directions.

Credits

4

PROGRAMS OF STUDY

UNDERGRADUATE DEGREE PLANS

The following degree plans are suggested academic plans for students to follow and complete, term-by-term, and make it easier to understand how to graduate with their declared major. All students should speak with an advisor about their academic programs to assist them with a successful plan for degree completion.

PROGRAM	CIP CODE
Accounting - AAS	CIP: 52.0300.00
Accounting Assistant/Paraprofessional Certificate	CIP: 52.0301.00
Accounting Clerk Certificate (for Dual Credit students)	CIP: 52.0302.00
Administrative Professional I Certificate	CIP: 52.0401.00
Administrative Professional II Certificate	CIP: 52.0401.00
Advanced Paramedic - AAS	CIP: 51.0904.00
Ag Mechanization Technology - AAS	CIP: 01.0201.00
Art – AA	CIP: 50.0701.00
Automation Certificate	CIP: 15.0903.00
Basic Firefighter Certificate	CIP: 43.0203.00
Basic Peace Officer Certificate (Police Academy	CIP: 43.0107.00
Biology - AS	CIP: 26.0101.00
Business - AS	CIP: 52.0201.00
Business Administration - AAS	CIP: 52.0201.00

Business Information Technology - AAS	CIP: 52.0407.00
Chemistry – AS	CIP: 40.0501.00
Child Development - AAS	CIP: 19.0706.00
Child Development Certificate	CIP: 19.0706.00
Computer Information Technology – AS (Business Emphasis Transfer Program)	CIP: 11.0701.00
Computer Information Technology – AS (Engineering and Scientific Emphasis)	CIP: 11.0701.00
Computer Information Technology - AAS (Cloud Computing)	CIP: 11.0201.00
Computer Information Technology AAS (Cybersecurity)	CIP: 11.0201.00
Computer Information Technology – AAS (Programmer / Software Developer)	CIP: 11.0301.00
Computer Information Technology – AAS (Network Systems)	CIP: 11.0301.00
Computer Information Technology - Cybersecurity Level I Certificate	CIP: 11.0201.00
Computer Information Technology - Network Systems Certificate	CIP: 11.0301.00
Computer Information Technology Cloud Virtualization Certificate	CIP: 11.0201.00
Computer Information Technology Software Development Certificate	CIP: 11.0201.00
Computer Information Technology Web Design Certificate	CIP: 11.0202.00
Computer Information Technology Web Developer Certificate	CIP: 11.1001.00
Cosmetology - AAS	CIP: 12.0401.00
Cosmetology Certificate	CIP: 12.0401.00
Cosmetology Certificate-Dual Credit High School Program	CIP: 12.0401.00
Cosmetology Instructor Certificate (less than 1 year experience)	CIP: 12.0413.00
Cosmetology Instructor Certificate (with 1 year of experience)	CIP: 12.0413.00
Criminal Justice - AA	CIP: 43.0103.00
Criminal Justice - AAS	CIP: 43.0107.00
Criminal Justice Corrections Certificate	CIP: 43.0107.00
Customer Relationship Management Certificate	CIP: 52.0201.00
Diesel Engine Maintenance Certificate I	CIP: 01.0201.00
Diesel Engine Maintenance Certificate II	CIP: 01.0201.00
Education – AAT (8-12)	CIP: 13.1205.00
Education – AAT (EC-6, 4-8, EC-12)	CIP: 13.1206.00
Emergency Medical Technician Basic Certificate	CIP: 51.0904.00
English - AA	CIP: 23.0101.00
Enhanced (Agriculture) Technical Skills Certificate	CIP: 01.0201.00

Entrepreneurship Certificate Level I	CIP: 52.0201.00
Environment Science - AS	CIP: 03.0104.00
Fire Officer - AAS	CIP: 43.0201.00
Fire Officer – Certificate	CIP: 43.0202.00
Fire Science Protection Technology - AAS	CIP: 43.0201.00
General Studies - AA	CIP: 24.0101.00
General Studies – AS	CIP: 24.0102.00
Health Science - AS	CIP: 51.0001.00
Hospitality Management Administration - AAS	CIP: 52.0201.00
Hospitality Management Level I Certificate	CIP: 52.0201.00
Hospitality Management Level II Certificate	CIP: 52.0201.00
Industrial Maintenance Technology Certificate	CIP: 47.0302.00
Kinesiology - AS	CIP: 31.0501.00
Licensed Vocational Nursing Certificate	CIP: 51.3901.00
LVN to RN Bridge Option- AAS	CIP: 51.3801.00
Massage Therapy Certificate	CIP: 51.3501.00
Mathematics – AS	CIP: 27.0101.00
Medical Front Office Professional	CIP: 51.1004.00
Medical Laboratory Technology- AAS	CIP: 51.1004.00
Mental Health - AAS	CIP: 51.1502.00
Music - AA	CIP: 50.0901.00
Occupational Therapy Assistant - AAS	CIP: 51.0803.00
Oil and Gas Technology Certificate	CIP: 15.0903.00
Paralegal Studies - AAS	CIP: 22.0302.00
Paralegal Studies Certificate	CIP: 22.0302.00
Paralegal Studies with Criminal Justice Emphasis - AAS	CIP: 22.0302.00
Paramedic Certificate	CIP: 51.0904.00
Petroleum Technology - AAS	CIP: 15.0903.00
Physical Therapist Assistant - AAS	CIP: 51.0806.00
Physics - AS	CIP: 40.0801.00
Pre-Bachelor of Science in Nursing - AS	CIP: 51.3801.00
Pre-Engineering - AS	CIP: 14.0101.00
Production Welder Certificate Dual Credit	CIP: 48.0508.00
Psychology - AS	CIP: 42.0101.00
Registered Nurse Associate Degree Nursing - AAS	CIP: 51.3801.00
Sociology - AS	CIP: 45.1101.00
Speech - AA	CIP: 09.0100.00

Supervisor's Certificate Level I	CIP: 52.0201.00
Supervisor's Certificate Level II	CIP: 52.0201.00
Theatre - AA	CIP: 50.0901.00
Welding Technology - AAS	CIP: 48.0508.00
Welding Technology – Certificate	CIP: 48.0508.00
